SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Overseas Citizen Population Survey; OMB Control Number 0704-0539.

Needs and Uses: The primary objective of the Overseas Citizen Population Survey (OCPS), conducted on behalf of FVAP, is to refine FVAP's methodology for estimating the number of overseas U.S. civilians who are eligible to vote and who have registered and participated in the past. These estimates are then used to address the question of whether the registration and voting propensity of the overseas civilian population differs from that of comparable domestic or military populations. Subsequent to each Presidential election year, FVAP must report to Congress voter registration and participation rates for Uniformed Services voters and overseas citizens. Previous attempts to collect information on the overseas citizen population to identify and measure its voter registration and participation rates in Federal elections suffered from significant bias; this effort is focused on refining a well-established method to

report voter registration and participation rates from a more well-defined subgroup of overseas civilians. Conducting this research will help FVAP meet its federal and congressional mandates in terms of reporting annually on its activities and overall voter registration and participation rates after each Presidential election. The data obtained through this study is also intended to provide insights into existing barriers to UOCAVA voting and recommendations for addressing these challenges. In 2018, data from the 2016 survey was used to identify the barriers that overseas citizens face in requesting, casting and returning their ballots—and, along with the 2018 data, which is just becoming available, will help shape FVAP's outreach to these voters in 2020 and beyond. The 2020 version of the OCPS will test awareness and efficacy of these efforts. The survey also identified that overseas voters are more likely to avail themselves of electronic options when requesting their ballots (compared to active duty military, who rely more often on postal mail). These results guided changes to the 2020 survey, which further probes this difference. Finally, the 2018 survey allows for a midterm-to-midterm comparison of the overseas voting experience from 2014 to 2018—and the 2020 version will permit a similar comparison to the 2016 presidential election.

To obtain the necessary information, the OCPS will use data collected from a sample of registered overseas civilian voters in conjunction with previous country level estimates developed by FVAP research and establish a research method to assist FVAP in reporting voter registration and participation rates for the 2020 election.

DEPARTMENT OF ENERGY

Notice of The Stakeholder Meeting To Receive Input on the U.S. Department of Energy (DOE) Energy Storage Grand Challenge (ESGC) Initiative

AGENCY: Office of Electricity, Department of Energy.

ACTION: Amendment to notice of stakeholder meetings.

SUMMARY: This notice advises interested persons that the DOE Research and Technology Investment Committee (RTIC) Energy Storage Subcommittee will hold stakeholder meetings for the ESGC via a virtual platform.

DATES: The modified dates for these meetings are as follows:

- May 1st, 2020 from 11:30 a.m. to 1:30 p.m. Eastern Daylight Time.

- Any subsequent ESGC events will be announced at a later time via the events page found in the section below.

ADDRESSES: These meetings will be held virtually via the WebEx platform. If you are interested in attending any of these meetings, please register at www.energy.gov/energy-storage-grand-challenge/events.

FOR FURTHER INFORMATION CONTACT:

Vinod Siberry, U.S. Department of Energy, Office of Electricity, 1000 Independence Avenue SW, Washington, DC 20585-0121. Telephone: (202) 586-1207. For email please use rticstorage@hq.doe.gov and in the subject line include "Further Information". In the body of the email please include your name, organization, and contact information, in addition to your question or inquiry.

SUPPLEMENTARY INFORMATION: The notice of this meeting was first published in the **Federal Register** of February 19, 2020 in FR 2020-03231 on pages 9464-9465. This Amendment is to inform the public that the meeting will be held electronically only.

Good Cause for Late Notice: This Amendment to Notice of public meeting is being published less than 15 days before the first meeting date of May 1, 2020. There is good cause for this late notice. Specifically, travel restrictions affecting members of the RTIC Energy Storage Subcommittee related to the ongoing increase in COVID-19 cases have led the RTIC to conclude that, out of an abundance of caution, an electronic meeting is appropriate.

The meeting is being moved to a wholly electronic format in light of travel restrictions affecting members of the RTIC Energy Storage Subcommittee and related to the ongoing increase in coronavirus (COVID-19) cases.

Signing Authority

This document of the Department of Energy was signed on April 23, 2020, by Bruce J. Walker, Assistant Secretary, Office of Electricity, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign and submit the document in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the **Federal Register**.

Oncor Electric Delivery Company LLC; Notice of Filing

Take notice that on April 9, 2020, the Oncor Electric Delivery Company LLC submitted its tariff filing: Oncor TFO Tariff Rate Changes Effective March 26, 2020 to be effective 3/26/2020.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the eLibrary link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact the Federal Energy Regulatory Commission at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the eFiling link at <http://www.ferc.gov>. Persons unable to file electronically may mail similar pleadings to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426. Hand delivered submissions in docketed proceedings should be delivered to Health and Human Services, 12225 Wilkins Avenue, Rockville, Maryland 20852.

Comment Date: 5:00 p.m. Eastern Time on April 30, 2020.

Dated: April 23, 2020.

[Project No. 14616-001]

Oregon State University; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for a license to construct and operate a wave energy test facility for the PacWave South Hydrokinetic Project (project) and has prepared an Environmental Assessment (EA). Project facilities would be located on the Outer Continental Shelf (OCS) in the Pacific Ocean, in state territorial waters off the coast of Newport, Oregon, and on state and private lands. The project would occupy 2.65 square miles (1,695 acres) on the OCS, administered through a lease by the Bureau of Ocean Energy

Management within the U.S. Department of the Interior.

In the EA, Commission staff analyzes the potential environmental effects of the project and concludes that issuing a license for the project, with appropriate environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The Commission provides all interested persons an opportunity to view and/or print the EA via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the eLibrary link. Enter the docket number, excluding the last three digits in the docket number field, to access the document. At this time, the Commission has suspended access to Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at (866) 208-3676, or for TTY, (202) 502-8659. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Any comments should be filed within 45 days from the date of this notice.

The Commission strongly encourages electronic filing. Please file comments using the Commission's eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>.
