AGENCY: Centers for Medicare & Medicaid Services, HHS.

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by August 31, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Extension without change of a currently approved collection; *Title of Information Collection:* Establishment of Exchanges and Qualified Health Plans; Exchange Standards for Employers; *Use:* Section 1321(a) requires HHS to issue regulations setting standards for meeting the requirements under Title I of the Affordable Care Act including the offering of Qualified Health Plans (QHPs) through the Exchanges. On March 27, 2012, HHS published the rule CMS–9989–F: Establishment of Exchanges and Qualified Health Plans;

Exchange Standards for Employers. The Exchange rule contains provisions that mandate reporting and data collections necessary to ensure that health insurance issuers are meeting the requirements of the Affordable Care Act. These information collection requirements are set forth in 45 CFR part 156.

Information collected by the Exchanges or Medicaid and CHIP agencies will be used to determine eligibility for coverage through the Exchange and insurance affordability programs (*i.e.*, Medicaid, CHIP, and advance payment of the premium tax credits); evaluate how CMS can best communicate eligibility and enrollment updates to issuers; and assist consumers in enrolling in a QHP if eligible.

Applicants include anyone who may be eligible for coverage through any of these programs. **Form Number:** CMS–10592 (OMB control number: 0938–1341); **Frequency:** Annually, Monthly, Occasionally; **Affected Public:** Private Sector: Business or other for-profits; **Number of Respondents:** 250; **Total Annual Responses:** 250; **Total Annual Hours:** 131,750. For policy questions regarding this collection contact Anne Pesto at 443–844–9966.

2. *Type of Information Collection Request:* Revision of a currently approved collection; *Title of Information Collection:* Medicare Quality of Care Complaint Form; *Use:* Since 1986, Quality Improvement Organizations (QIO) have been responsible for conducting appropriate reviews of written complaints submitted by beneficiaries about the quality of care they have received. In order to receive these written complaints, each QIO has developed its own unique form on which beneficiaries can submit their complaints. CMS has initiated several efforts aimed at increasing the standardization of all QIO activities, and the development of a single, standardized Medicare Quality of Care Complaint Form beneficiaries can use to submit complaints is a key step towards attaining this increased standardization. The Medicare Quality of Care Complaint Form has been revised to improve its content, in order to provide clarity and support to beneficiaries. Section two of the form was updated to replace the Health Insurance Claim Number (HICN) with the current Medicare Beneficiary Identifier (MBI), a randomly generated number that replaced the SSN-based HICN. The information page of the form was revised to provide clear instruction as to how to complete the form and the implication of not providing certain requested information. **Form Number:** CMS–10287 (OMB control number:

0938–1102); *Frequency*: Occasionally; *Affected Public*: Individuals and Households; *Number of Respondents*: 4,350; *Total Annual Responses*: 4,350; *Total Annual Hours*: 725. (For policy questions regarding this collection contact Peter Ajuonuma at 410–786–3580.)

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501–3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. “Collection of information” is defined in the PRA and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. The PRA requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, ACL is publishing a notice of the proposed collection of information set forth in this document. With respect to the following collection of information, ACL invites comments on our burden estimates or any other aspect of this collection of information, including:

- (1) Whether the proposed collection of information is necessary for the proper performance of ACL’s functions, including whether the information will have practical utility;
- (2) the accuracy of ACL’s estimate of the burden of the proposed collection of information, including the validity of

the methodology and assumptions used to determine burden estimates; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques when appropriate, and other forms of information technology.

Congress requires this data collection for program monitoring for the State Health Insurance Assistance Program (SHIP) under the Bipartisan Budget Act of 2018, SEC. 50207 (b). This data collection allows the Administration for Community Living (ACL) and the Center for Innovation and Partnership (CIP) to communicate with Congress and the public on the SHIP network of agencies. This is a new data collection requiring State SHIP grantees to provide the amount of federal funds provided annually to each sub-contractor and sub-grantee that are delivering SHIP services. The data collected will be will be electronically posted on the ACL website to educate the network on who the SHIP state sub-recipients are and how much money they are receiving.

SHIP grantees are located in each of the 50 states, the District of Columbia, Puerto Rico, Guam and the U.S. Virgin Islands. The respondents for this data collection are grantees who meet with Medicare beneficiaries and older adults’ in-group settings and in one-on-one sessions to educate them on Medicare.

The proposed data collection tools may be found on the ACL website for review at <https://www.acl.gov/about-acl/public-input>.
