BILLING CODE 8120-08-P

OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

[Docket Number USTR-2022-0013]

Request for Comments on Significant Foreign Trade Barriers for the 2023 National Trade Estimate Report

AGENCY: Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: The Office of the United States Trade Representative (USTR), through the Trade Policy Staff Committee (TPSC), publishes the National Trade Estimate Report on Foreign Trade Barriers (NTE Report) each year. USTR invites comments to assist it and the TPSC in identifying significant foreign barriers to, or distortions of, U.S. exports of goods and services, U.S. foreign direct investment, and U.S. electronic commerce for inclusion in the NTE Report. USTR also will consider responses to this notice as part of the annual review of the operation and effectiveness of all U.S. trade agreements regarding telecommunications products and services that are in force with respect to the United States.

DATES: The deadline for submission of comments is Friday, October 28, 2022, at 11:59 p.m. ET.

ADDRESSES: USTR strongly prefers electronic submissions made through the Federal eRulemaking Portal: <http://www.regulations.gov> (*Regulations.gov*). The instructions for submitting comments are in section IV below. The docket number is USTR-2022-0013. For alternatives to online submissions, please contact Spencer Smith at Spencer.L.Smith2@ustr.eop.gov or (202) 395-2974 in advance of the deadline.

FOR FURTHER INFORMATION CONTACT: Spencer Smith at Spencer.L.Smith2@ustr.eop.gov or (202) 395-2974.

SUPPLEMENTARY INFORMATION:

I. Background

Section 181 of the Trade Act of 1974, as amended (19 U.S.C. 2241), requires USTR annually to publish the NTE Report, which sets out an inventory of significant foreign barriers to, or distortions of, U.S. exports of goods and services, including agricultural commodities and U.S. intellectual property; foreign direct investment by U.S. persons, especially if such investment has implications for trade in goods or services; and U.S. electronic commerce. The inventory facilitates U.S. negotiations aimed at reducing or eliminating these barriers and is a valuable tool in enforcing U.S. trade

laws and agreements and strengthening the rules-based trading system. You can find the 2022 NTE Report on USTR's website at <https://ustr.gov/about-us/policy-offices/press-office/reports-and-publications/2022>. To ensure compliance with the statutory mandate for the NTE Report and the Administration's commitment to focus on significant foreign trade barriers, USTR will take into account comments in response to this notice when deciding which significant barriers to include in the NTE Report.

II. Topics on Which the TPSC Seeks Information

To assist USTR in preparing the NTE Report, commenters should submit information related to one or more of the following categories of foreign trade barriers:

1. *Import policies.* Examples include tariffs and other import charges, quantitative restrictions, import licensing, pre-shipment inspection, customs barriers and shortcomings in trade facilitation or in valuation practices, and other market access barriers.

2. *Technical barriers to trade.* Examples include unnecessarily trade restrictive or discriminatory standards, conformity assessment procedures, labeling, or technical regulations, including unnecessary or discriminatory technical regulations or standards for telecommunications products.

3. *Sanitary and phytosanitary measures.* Examples include measures relating to food safety, or animal and plant life or health that are unnecessarily trade restrictive, discriminatory, or not based on scientific evidence.

4. *Government procurement restrictions.* Examples include closed bidding and bidding processes that lack transparency.

5. *Intellectual property protection.* Examples include inadequate patent, copyright, and trademark regimes, trade secret theft, and inadequate enforcement of intellectual property rights.

6. *Services.* Examples include prohibitions or restrictions on foreign participation in the market, discriminatory licensing requirements or standards, local-presence requirements, and unreasonable restrictions on what services may be offered.

7. *Digital trade and electronic commerce.* Examples include barriers to cross-border data flows, including data localization requirements, discriminatory practices affecting trade in digital products, restrictions on the supply of internet-enabled services, and

other restrictive technology requirements.

8. *Investment.* Examples include limitations on foreign equity participation and on access to foreign government-funded research and development programs, local content requirements, technology transfer requirements and export performance requirements, and restrictions on repatriation of earnings, capital, fees, and royalties.

9. *Subsidies, especially export subsidies and local content subsidies.* Examples of export subsidies include subsidies contingent upon export performance, and agricultural export subsidies that displace U.S. exports in third country markets. Examples of local content subsidies include subsidies contingent on the purchase or use of domestic rather than imported goods.

10. *Competition.* Examples include government-tolerated anticompetitive conduct of state-owned or private firms that restricts the sale or purchase of U.S. goods or services in the foreign country's markets or abuse of competition laws to inhibit trade, and fairness and due process concerns by companies involved in competition investigatory and enforcement proceedings in the country.

11. *State-owned enterprises (SOEs).* Examples include actions by SOEs and by governments with respect to SOEs involved in the manufacture or production of non-agricultural goods or in the supply of services that constitute significant barriers to, or distortions of, U.S. exports of goods and services, U.S. investments, or U.S. electronic commerce, which may negatively affect U.S. firms and workers, such as subsidies and non-commercial advantages provided to and from SOEs; practices with respect to SOEs that discriminate against U.S. goods or services; or actions by SOEs that are inconsistent with commercial considerations in the purchase and sale of goods and services.

12. *Labor.* Examples include concerns with failures by a government to protect internationally recognized worker rights or to eliminate discrimination in respect of employment or occupation, in cases where these failures influence trade flows or investment decisions in ways that constitute significant barriers to, or distortions of, U.S. exports of goods and services, U.S. investment, or U.S. electronic commerce, which may negatively affect U.S. firms and workers. Internationally recognized worker rights include the right of association; the right to organize and bargain collectively; a prohibition on the use of any form of forced or compulsory labor; a minimum

age for the employment of children, and a prohibition on the worst forms of child labor; and acceptable conditions of work with respect to minimum wages, hours of work, and occupational safety and health.

13. *Environment.* Examples include concerns with a government's levels of environmental protection, unsustainable stewardship of natural resources, and harmful environmental practices that constitute significant barriers to, or distortions of, U.S. exports of goods and services, U.S. investment, or U.S. electronic commerce, which may negatively affect U.S. firms or workers.

14. *Other barriers.* Examples include significant barriers or distortions that are not covered in any other category above or that encompass more than one category, such as bribery and corruption, or that affect a single sector.

Please provide, if available, the titles of relevant laws or measures and a description of the concerns with which the laws or measures relate to the significant foreign barriers or distortions identified. Commenters should place particular emphasis on any practices that may violate U.S. trade agreements. USTR also is interested in receiving new or updated information pertinent to the barriers covered in the 2022 NTE Report as well as information on new barriers. If USTR does not include in the 2023 NTE Report information that it receives pursuant to this notice, it will maintain the information for potential use in future discussions or negotiations with trading partners.

Commenters should submit information related to one or more of the following export markets to be covered in the report: Algeria, Angola, the Arab League, Argentina, Australia, Bahrain, Bangladesh, Bolivia, Brazil, Brunei, Cambodia, Canada, Chile, China, Colombia, Costa Rica, Cote d'Ivoire, Dominican Republic, Ecuador, Egypt, El Salvador, Ethiopia, the European Union, Ghana, Guatemala, Honduras, Hong Kong, India, Indonesia, Israel, Japan, Jordan, Kenya, Korea, Kuwait, Laos, Malaysia, Mexico, Morocco, New Zealand, Nicaragua, Nigeria, Norway, Oman, Pakistan, Panama, Paraguay, Peru, the Philippines, Qatar, Russia, Saudi Arabia, Singapore, South Africa, Switzerland, Taiwan, Thailand, Tunisia, Turkey, Ukraine, United Arab Emirates, United Kingdom, Uruguay, and Vietnam. Commenters may submit information related to significant barriers or distortions in export markets other than those listed in this paragraph.

In addition, section 1377 of the Omnibus Trade and Competitiveness Act of 1988 (19 U.S.C. 3106) (Section

1377) requires USTR annually to review the operation and effectiveness of U.S. telecommunications trade agreements that are in force with respect to the United States. The purpose of the review is to determine whether any foreign government that is a party to one of those agreements is failing to comply with that government's obligations or is otherwise denying, within the context of a relevant agreement, "mutually advantageous market opportunities" to U.S. telecommunication products or services suppliers. USTR will consider responses to this notice in the review called for in Section 1377 and highlight both ongoing and emerging barriers to U.S. telecommunication services and goods exports in the 2023 NTE Report.

III. Estimate of Increase in Exports

To the extent possible, each comment should include an estimate of the potential increase in U.S. exports of goods or services, foreign direct investment, or electronic commerce that would result from removing any significant foreign trade barrier the comment identifies, as well as a description of the methodology the commenter used to derive the estimate. Commenters should express estimates within the following value ranges: less than \$25 million; \$25 million to \$100 million; \$100 million to \$500 million; and over \$500 million.

IV. Requirements for Submissions

Comments must be in English and must identify on the first page of the submission 'Comments Regarding Foreign Trade Barriers to U.S. Exports for 2023 Reporting—[Name of country or countries discussed]'. Commenters providing information on foreign trade barriers in more than one country should, whenever possible, provide a separate attachment for each country as part of the same submission. USTR strongly encourages commenters to provide only one submission.

The submission deadline is Friday, October 28, 2022 at 11:59 p.m. ET. USTR strongly encourages commenters to make online submissions, using [Regulations.gov](https://www.regulations.gov). To submit comments via [Regulations.gov](https://www.regulations.gov), enter docket number USTR-2022-0013 on the home page and click 'search.' The site will provide a search-results page listing all documents associated with this docket. Find a reference to this notice and click on the link entitled 'comment.' For further information on using [Regulations.gov](https://www.regulations.gov), please consult the resources provided on the website by clicking on 'How to Use [Regulations.gov](https://www.regulations.gov)' on the bottom of the home page.

Regulations.gov allows users to submit comments by filling in a 'type comment' field, or by attaching a document using an 'upload file' field. USTR prefers that you provide comments in an attached document. If you attach a document, please identify the name of the country to which the submission pertains in the 'type comment' field, e.g., see attached comments with respect to (name of country). USTR prefers submissions in Microsoft Word (.doc) or Adobe Acrobat (.pdf). If you use an application other than those two, please indicate the name of the application in the 'type comment' field.

Filers submitting comments that do not contain business confidential information (BCI) should name their file using the name of the person or entity submitting the comment, and the name of the country or countries discussed. For any comments submitted electronically that contain BCI, the file name of the business confidential version should begin with the characters 'BCI.' Clearly mark any page containing BCI with 'BUSINESS CONFIDENTIAL' on the top of that page. Filers of submissions containing BCI also must submit a public version of their comments that USTR will place in the docket for public inspection. The file name of the public version should begin with the character 'P.' Follow the 'BCI' and 'P' with the name of the person or entity submitting the comments.

USTR will post comments in the docket for public inspection, except properly designated BCI. You can view comments on *Regulations.gov* by entering docket number USTR-2022-0013 in the search field on the home page. General information concerning USTR is available at <https://www.ustr.gov>.

Aviation Rulemaking Advisory Committee (ARAC); Renewal

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Notice of renewal of the Aviation Rulemaking Advisory Committee charter.

SUMMARY: The FAA announces the charter renewal of the Aviation Rulemaking Advisory Committee (ARAC), a Federal advisory committee that works with industry and the public to improve the development of the FAA's regulations. This charter renewal will take effect on September 14, 2022, and will expire after 2 years unless otherwise renewed.

FOR FURTHER INFORMATION CONTACT: Lakisha Pearson, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591, telephone (202) 267-4191; fax (202) 267-5075; email 9-awa-arac@faa.gov.

SUPPLEMENTARY INFORMATION: Pursuant to section 14(a)(2)(A) of the Federal Advisory Committee Act (Pub. L. 92-463), the FAA is giving notice of the charter renewal for the ARAC. The ARAC was established to provide advice and recommendations to FAA on regulatory matters. The ARAC is composed of representatives from member organizations and associations that represent the various aviation industry segments. The diversity of the Committee ensures the requisite range of views and expertise necessary to discharge its responsibilities. See the ARAC website for details on pending tasks at https://www.faa.gov/regulations_policies/rulemaking/committees/documents/.

Issued in Washington, DC, on September 12, 2022.
