

Proposed Rules

Federal Register

Vol. 84, No. 243

Wednesday, December 18, 2019

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2019–0328; Airspace Docket No. 18–ANM–5]

RIN 2120–AA66

Proposed Amendment of Class E Airspace; Rifle, CO

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend the Class E airspace area, designated as a surface area, at the Rifle Garfield County Airport, Rifle, CO. The proposal would increase the circular radius of the area in the west and northwest of the airport. Also, this action proposes to amend the Class E airspace by adding a Class E airspace area, designated as an extension to a Class D or Class E surface area, to the east of the airport. Additionally, this action proposes to amend the Class E airspace extending upward from 700 feet above the surface by removing extensions to the airspace's radius and increasing the radius of the airspace around most of the airport and reducing it to the north and northeast of the airport. Lastly, this action proposes several administrative updates to the airspace legal descriptions for the airport. These changes are necessary to accommodate airspace redesign for the safety and management of Instrument Flight Rules (IFR) operations at the airport.

DATES: Comments must be received on or before February 3, 2020.

ADDRESSES: Send comments on this proposal to the U.S. Department of Transportation, Docket Operations, 1200 New Jersey Avenue SE, West Building Ground Floor, Room W12–140, Washington, DC 20590; telephone: 1–800–647–5527, or (202) 366–9826. You

must identify FAA Docket No. FAA–2019–0328; Airspace Docket No. 18–ANM–5, at the beginning of your comments. You may also submit comments through the internet at <https://www.regulations.gov>.

FAA Order 7400.11D, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at https://www.faa.gov/air_traffic/publications/. For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW, Washington, DC 20591; telephone: (202) 267–8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11D at NARA, email fedreg.legal@nara.gov or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FOR FURTHER INFORMATION CONTACT:

Matthew Van Der Wal, Federal Aviation Administration, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198; telephone (206) 231–3695.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle

VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would amend Class E airspace at Rifle Garfield County Airport, Rifle, CO, to ensure the safety and management of Instrument Flight Rules (IFR) operations at the airport.

Comments Invited

Interested parties are invited to participate in this proposed rulemaking by submitting such written data, views, or arguments, as they may desire. Comments that provide the factual basis

supporting the views and suggestions presented are particularly helpful in developing reasoned regulatory decisions on the proposal. Comments are specifically invited on the overall regulatory, aeronautical, economic, environmental, and energy-related aspects of the proposal. Communications should identify both docket numbers and be submitted in triplicate to the address listed above. Persons wishing the FAA to acknowledge receipt of their comments on this notice must submit with those comments a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. FAA–2019–0328; Airspace Docket No. 18–ANM–5". The postcard will be date/time stamped and returned to the commenter.

All communications received before the specified closing date for comments will be considered before taking action on the proposed rule. The proposal contained in this notice may be changed in light of the comments received. A report summarizing each substantive public contact with FAA personnel concerned with this rulemaking will be filed in the docket.

Availability of NPRMs

An electronic copy of this document may be downloaded through the internet at <https://www.regulations.gov>. Recently published rulemaking documents can also be accessed through the FAA's web page at https://www.faa.gov/air_traffic/publications/airspace_amendments/.

You may review the public docket containing the proposal, any comments received, and any final disposition in person in the Dockets Office (see the **ADDRESSES** section for the address and phone number) between 9:00 a.m. and 5:00 p.m., Monday through Friday, except federal holidays. An informal docket may also be examined during normal business hours at the Northwest Mountain Regional Office of the Federal Aviation Administration, Air Traffic Organization, Western Service Center, Operations Support Group, 2200 S 216th Street, Des Moines, WA 98198.

Availability and Summary of Documents for Incorporation by Reference

This document proposes to amend FAA Order 7400.11D, Airspace Designations and Reporting Points,

dated August 8, 2019, and effective September 15, 2019. FAA Order 7400.11D is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11D lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) Part 71 by amending Class E airspace at the Rifle Garfield County Airport, Rifle, CO. The action proposes to amend the Class E airspace designated as a surface area by increasing the circular radius in the west and northwest of the airport to contain IFR arrivals descending below 1,000 above the surface. That airspace extending upward from the surface within a 4.1-mile radius of the airport beginning at the 339° bearing from the airport clockwise to the 243° bearing from the airport, thence within a 5.2-mile radius of the airport from the 243° bearing from the airport clockwise to the 339° bearing from the Rifle Garfield County Airport.

Also, this action proposes to add amend the Class E airspace by adding a Class E airspace area, designated an extension to Class D and Class E2 surface areas. That airspace extending upward from the surface within 1 mile north and 2.5 miles south of the 078° bearing from the airport extending from the 4.1-mile radius to 8.5 miles east of the Rifle Garfield County Airport.

Additionally, this action proposes to amend the Class E airspace extending upward from 700 feet above the surface by removing extensions from the airspace's radius and increasing the radius of the airspace around the most of the airport and reducing it to the north and northwest of the airport. That airspace extending upward from 700 feet above the surface within a 5.5-mile radius of the airport beginning at the 336° bearing from the airport clockwise to the 065° bearing from the airport, thence an 11-mile radius beginning at the 065° bearing from the airport clockwise to the 336° bearing from the Rifle Garfield County Airport.

Lastly, the action proposes administrative updates to the airspace's legal description. The geographic coordinates need to be updated to (lat. 39°31'36" N, long. 107°43'41" W) to match the FAA's aeronautical database. The airport name needs to be updated to "Rifle Garfield County Airport, Rifle, CO", to match the FAA's aeronautical database. The Class E2 airspace should be full time; the following two sentences do not accurately represent the time of

use for the Class E2 airspace and need to be removed: "This Class E airspace area is effective during specific dates and times established in advance by a Notice to Airmen. The effective date and time will thereafter be continuously published in the Airport/Facility Directory."

Class E airspace designations are published in paragraphs 6002, 6004 and 6005 of FAA Order 7400.11D, dated August 8, 2019, and effective September 15, 2019, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order. FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

The Proposed Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration proposes to amend 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11D, Airspace Designations and Reporting Points, dated August 8, 2019, and effective September 15, 2019, is amended as follows:

Paragraph 6002 Class E Airspace Areas Designated as a Surface Area.

* * * * *

ANM CO E2 Rifle, CO [Amended]

Rifle Garfield County Airport, Rifle, CO
(Lat. 39°31'36" N, long. 107°43'41" W)

That airspace extending upward from the surface within a 4.1-mile radius of airport beginning at the 339° bearing from the airport clockwise to the 243° bearing from the airport, thence a 5.2-mile radius from the 243° bearing from the airport to the 339° bearing from the Rifle Garfield County Airport.

Paragraph 6004 Class E Airspace Areas Designated as an Extension to a Class D or Class E Surface Area.

* * * * *

ANM CO E4 Rifle, CO [New]

Rifle Garfield County Airport, Rifle, CO
(Lat. 39°31'36" N, long. 107°43'41" W)

That airspace extending upward from the surface within 1 mile north and 2.5 miles south of the 078° bearing from the airport extending from the 4.1-mile radius to 8.5 miles east of the Rifle Garfield County Airport.

Paragraph 6005 Class E Airspace Areas Extending Upward From 700 Feet or More Above the Surface of the Earth.

* * * * *

ANM CO E5 Rifle, CO [Amended]

Rifle Garfield County Airport, Rifle, CO
(Lat. 39°31'36" N, long. 107°43'41" W)

That airspace extending upward from 700 feet above the surface within a 5.5-mile radius of the airport from the 336° bearing from the airport clockwise to the 065° bearing from the airport thence an 11-mile radius beginning at the 065° bearing from the airport clockwise to the 336° bearing from the Rifle Garfield County Airport.

Issued in Seattle, Washington, on December 11, 2019.

Tom Clark,

Group Manager, Operations Support Group, Western Service Center.
