The EPA is temporarily suspending its Docket Center and Reading Room for public visitors to reduce the risk of transmitting COVID-19. Written comments submitted by mail are temporarily suspended and no hand deliveries will be accepted. Our Docket Center staff will continue to provide remote customer service via email, phone, and webform. We encourage the public to submit comments via <https://www.regulations.gov>. For further information and updates on the EPA Docket Center services, please visit us online at <https://www.epa.gov/dockets>.

The EPA continues to carefully and continuously monitor information from the Centers for Disease Control and Prevention (CDC), local area health departments, and our Federal partners so that we can respond rapidly as conditions change regarding COVID-19.

II. Executive Summary

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at <https://www.regulations.gov>. The telephone number for the Docket Center is 202-566-1744. For additional information about the EPA's public docket, visit <https://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, the EPA is soliciting comments and information to enable it to: (i) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (ii) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (iii) enhance the quality, utility, and clarity of the information to be collected; and (iv) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated

electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses. The EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, the EPA will issue another **Federal Register** notice to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: This ICR calculates the burden and costs associated with reporting and recordkeeping requirements of the Effluent Limitations Guidelines (ELG) Dental Category. For purposes of this estimate, the EPA assumed all existing dentists affected by the original rulemaking would have complied with the One-Time Compliance Reporting by the time of this ICR renewal. This estimate includes the effort for One-Time Compliance Reporting for new dental offices which open during the ICR period and those which transfer ownership and conduct annual recordkeeping. This estimate is based on average total compensation labor rates from the Bureau of Labor Statistics for the dental office personnel involved in collecting and reporting the information required. This estimate also includes the effort for control authorities to review the information submitted by dentists that certify they meet the requirements of the final rule. The EPA estimates that there would be no start-up or capital costs associated with the information described above. Burden is defined at 5 CFR 1320(b). This ICR is a revision of the "Information Collection Request for Effluent Limitation Guidelines for the Dental Category (Renewal)" (EPA ICR No. 2514.03, OMB Control No. 2040-0287) that estimated the burden and costs associated with reporting and record-keeping activities associated with the Final ELG and Standards for the Dental Category. Respondent reports may contain confidential business information. If a respondent does consider this information to be of a confidential nature, the respondent may request that such information be treated as confidential. All confidential data will be handled in accordance with 40 CFR 122.7, 40 CFR part 2, and the EPA's Security Manual part III, chapter 9, dated August 9, 1976.

Form numbers: None.

Respondents/affected entities: Dentists, Control Authorities.

Respondent's obligation to respond: Mandatory. Sections 403 and 441 of the CWA.

Estimated number of respondents: 124,378 annual average (122,741 permittees and 1,637 States/Tribes/Territories).

Frequency of response: One time.

Total estimated burden: 392,646 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$11,065,942 (per year), includes \$6,655 in non-labor costs (*i.e.*, postage and file storage).

Changes in estimates: The labor hours decreased since the last OMB approved ICR. However, the number of respondents and the labor rates increased; therefore, the overall burden increased. The EPA presumed a one percent growth rate in dental offices and that the EPA is presuming only new dental offices and dental offices transferring ownership will be doing the One-Time Compliance Reporting. However, the EPA revised labor rates to 2018 dollars and included total compensation rather than just wages.

ENVIRONMENTAL PROTECTION AGENCY

[FRL_9998-24-OMS]

Cross-Media Electronic Reporting: Authorized Program Revision Approval, State of South Carolina

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the Environmental Protection Agency's (EPA) approval of the State of South Carolina's request to revise/modify certain of its EPA-authorized programs to allow electronic reporting.

DATES: EPA approves the authorized program revisions/modifications as of April 30, 2020.

FOR FURTHER INFORMATION CONTACT: Shirley M. Miller, U.S. Environmental Protection Agency, Office of Environmental Information, Mail Stop 2824T, 1200 Pennsylvania Avenue NW, Washington, DC 20460, (202) 566-2908, miller.shirley@epa.gov.

SUPPLEMENTARY INFORMATION: On October 13, 2005, the final Cross-Media Electronic Reporting Rule (CROMERR) was published in the **Federal Register** (70 FR 59848) and codified as part 3 of title 40 of the CFR. CROMERR establishes electronic reporting as an acceptable regulatory alternative to

paper reporting and establishes requirements to assure that electronic documents are as legally dependable as their paper counterparts. Subpart D of CROMERR requires that state, tribal or local government agencies that receive, or wish to begin receiving, electronic reports under their EPA-authorized programs must apply to EPA for a revision or modification of those programs and obtain EPA approval. Subpart D provides standards for such approvals based on consideration of the electronic document receiving systems that the state, tribe, or local government will use to implement the electronic reporting. Additionally, § 3.1000(b) through (e) of 40 CFR part 3, subpart D provides special procedures for program revisions and modifications to allow electronic reporting, to be used at the option of the state, tribe or local government in place of procedures available under existing program-specific authorization regulations. An application submitted under the subpart D procedures must show that the state, tribe or local government has sufficient legal authority to implement the electronic reporting components of the programs covered by the application and will use electronic document receiving systems that meet the applicable subpart D requirements.

On April 15, 2019, the South Carolina Department of Health and Environmental Control (SCDHEC) submitted an application titled South Carolina e-Permitting for revisions/modifications to its EPA-approved programs under title 40 CFR to allow new electronic reporting. EPA reviewed SCDHEC's request to revise/modify its EPA-authorized programs and, based on this review, EPA determined that the application met the standards for approval of authorized program revisions/modifications set out in 40 CFR part 3, subpart D. In accordance with 40 CFR 3.1000(d), this notice of EPA's decision to approve South Carolina's request to revise/modify its following EPA-authorized programs to allow electronic reporting under 40 CFR parts 60, 61, 63, 64, 70, 122, 125, 233, 240, 241, 243, 246, 247, 254, 255, 256, 257, 260, 261, 262, 263, 264, 265, 266, 268, 270, 272, 273, 279, 280, and 403 is being published in the **Federal Register**:

Part 63: National Emission Standards for Hazardous Air Pollutants for Source Categories (NESHAP MACT/Clean Air Act Title III) Reporting under CFR 61, 63 & 65 Part 70: State Operating Permit Programs (Clean Air Act Title V) Part 123: EPA-Administered Permit Programs: The National Pollutant Discharge

Elimination System (NPDES) Part 233: "404" State Program Regulations (Ocean Dumping) Reporting under CFR 233 Part 239: Requirements for State Permit Program Determination of Adequacy (RCRA Subtitle C) Part 271: Requirements for Authorization of State Hazardous Waste Programs (RCRA Subtitle C) Part 281: Technical Standards and Corrective Action Requirements for Owners and Operators of Underground Storage Tanks (UST) Part 403: General Pretreatment Regulations for Existing and New Sources of Pollution

SCDHEC was notified of EPA's determination to approve its application with respect to the authorized programs listed above.

Dated: April 24, 2020.

Abstract:

The Privacy Rule is designed to ensure that customers and consumers, subject to certain exceptions, will have access to the privacy policies of the covered financial institutions with which they conduct business—namely, motor vehicle dealers that do not routinely extend credit to consumers directly without assigning the credit to unaffiliated third parties (hereafter, "motor vehicle dealers"). As mandated by the Gramm-Leach-Bliley Act ("GLBA"), 15 U.S.C. 6801–6809, the Rule requires motor vehicle dealers to disclose to consumers: (1) Initial notice of the financial institution's privacy policy when establishing a customer relationship with a consumer and/or before sharing a consumer's nonpublic personal information with certain nonaffiliated third parties; (2) notice of the consumer's right to opt out of information sharing with such parties; (3) annual notice of the institution's privacy policy to any continuing customer;¹ and (4) notice of changes in

¹ On December 4, 2015, Congress amended the GLBA as part of the Fixing America's Surface Transportation Act ("FAST Act"). This amendment, titled Eliminate Privacy Notice Confusion (FAST Act, Public Law 114094, section 75001) added new GLBA section 503(f). This subsection provides an exception under which financial institutions that meet certain conditions are not required to provide annual privacy notices to customers. Section 503(f) requires that to qualify for this exception, a financial institution must not share nonpublic personal information about customers except as described in certain statutory exceptions, under which sharing does not trigger a customer's
