Barium Carbonate From the People's Republic of China: Final Results of the Expedited Third Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) finds that revocation of the antidumping duty order on barium carbonate from the People's Republic of China (China) would be likely to lead to continuation or recurrence of dumping at the levels indicated in the "Final Results of Sunset Review" section of this notice.

DATES: Applicable May 5, 2020.

FOR FURTHER INFORMATION CONTACT: Eliza Siordia, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-3878.

SUPPLEMENTARY INFORMATION:

Background

On October 1, 2003, Commerce published the *Order* on barium carbonate from China.¹ On January 2, 2019, Commerce published the notice of

initiation of the five-year sunset review of the *Order*, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² On January 13, 2020, Commerce received a notice of intent to participate in this review from Chemical Products Corporation (CPC) within the deadline specified in 19 CFR 351.218(d)(1)(i).³ CPC claimed interested party status under section 771(9)(C) of the Act as a manufacturer of a domestic like product in the United States. On January 29, 2020, CPC provided a complete substantive response for this review within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i).⁴ We received no substantive responses from any other interested parties, nor was a hearing requested. On February 25, 2020, Commerce notified the U.S. International Trade Commission (ITC) that it did not receive an adequate substantive response from respondent interested parties.⁵ As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted an expedited (120-day) sunset review of this *Order*.

Scope of the Order

The product covered by this order is barium carbonate, regardless of form or grade. The product covered by this order is currently classifiable under subheading 2836.60.0000 of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of this proceeding is dispositive.

Analysis of Comments Received

All issues raised in this review, including the likelihood of continuation or recurrence of dumping in the event of revocation and the magnitude of the margins likely to prevail if the order were revoked, are addressed in the accompanying Issues and Decision Memorandum. A list of topics discussed in the Issues and Decision Memorandum is included as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System

Final Results of Sunset Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the antidumping duty order on barium carbonate from China would likely lead to continuation or recurrence of dumping at the following weighted-average percentage margins:

Exporter	Weighted-average margin (%)
Qingdao Red Star Chemical Import & Export Co., Ltd	34.44
China-Wide Entity	81.30
