Title of Information Collection:

Mandatory Contractual Stay Requirements for Qualified Financial Contracts.

OMB Control No.: 1557–0339.

Frequency of Response: On occasion.

Affected Public: A national bank or Federal savings association (FSA)

(including any subsidiary of either) that is a subsidiary of a global systemically important bank holding company that has been designated pursuant to 12 CFR 252.82 of the Federal Reserve Board's Regulation YY; a national bank or FSA (including any subsidiary of either) that is a subsidiary of a global systemically important foreign banking organization designated pursuant to 12 CFR 252.87 of the Federal Reserve Board's Regulation YY; a Federal branch or agency (including any U.S. subsidiary of a Federal branch or agency) of a global systemically important foreign banking organization designated pursuant to 12 CFR 252.87 of the Federal Reserve Board's Regulation YY; and any national bank or FSA that is not under a bank holding company and that has more than \$700 billion in total assets as reported on its most recent Call Report.

Abstract: Under 12 CFR part 47, a covered bank is required to ensure that a covered qualified financial contract (QFC) (1) contains a contractual stay-and-transfer provision analogous to the statutory stay-and-transfer provision imposed under Title II of the Dodd-Frank Act and in the Federal Deposit Insurance Act and (2) limits the exercise of default rights based on the insolvency of an affiliate of the covered bank. A covered bank is defined in 12 CFR 47.3(b) as:

- A national bank or Federal savings association that has more than \$700 billion in total assets as reported on the national bank's or Federal savings association's most recent Consolidated Reports of Condition and Income (Call Report);
- A national bank or Federal savings association that is a subsidiary of a global systemically important bank holding company that has been designated pursuant to § 252.82 of this title (Federal Reserve Board Regulation YY) (12 CFR 252.82);
- A national bank or Federal savings association that is a subsidiary of a global systemically important foreign banking organization that has been designated pursuant to § 252.87 of this title (Federal Reserve Board Regulation YY) (12 CFR 252.87); or
- A Federal branch or agency, as defined in subpart B of this chapter (governing Federal branches and agencies), of a global systemically important foreign banking organization that has been designated pursuant to § 252.87 of this title (Federal Reserve Board Regulation YY) (12 CFR 252.87).

The requirements are intended to enhance the resilience and the safety and soundness of Federally chartered and licensed financial institutions by addressing concerns relating to the

exercise of default rights of certain financial contracts that could interfere with the orderly resolution of certain systemically important financial firms.

Covered banks may comply either by amending the contractual provisions of their QFCs consistent with the requirements of §§ 47.4 and 47.5 within a specified period of time or by adhering to the International Swaps and Derivatives Association 2015 Universal Resolution Stay Protocol or U.S. Protocol (ISDA Protocols). Alternatively, 12 CFR 47.6(b)(1) provides that a covered bank may request that the OCC approve as compliant with the requirements of §§ 47.4 and 47.5 provisions of one or more forms of covered QFCs, or amendments to one or more forms of covered QFCs, with enhanced creditor protection conditions.

In order for the OCC to evaluate a covered bank's request, 12 CFR 47.6(b)(3) requires that the request include (1) an analysis of the proposal that addresses a range of factors laid out in § 47.6(d) that are intended to facilitate the OCC's consideration of whether the proposal would be consistent with the restrictions and the main objectives of the rule; (2) a written legal opinion verifying that the covered bank's proposed provisions or amendments would be valid and enforceable under applicable laws of the relevant jurisdictions, including in the case of proposed amendments, the validity and enforceability of the proposal to amend the covered QFCs; and (3) any additional information relevant to the OCC's approval that the OCC requests. Based on the information collected, the OCC will then determine whether the covered bank's proposed alternative creditor protection conditions comply with the requirements of the rule and achieve its policy goals.

Estimated Burden:

Number of Respondents: 50.

Estimated Burden per Respondent: 140 hours.

Total Estimated Annual Burden: 7,000 hours.

Comments: Comments submitted in response to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record. Comments are invited on:

(a) Whether the collection of information is necessary for the proper performance of the OCC's functions, including whether the information has practical utility;

(b) The accuracy of the OCC's burden estimates, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Theodore J. Dowd,

Deputy Chief Counsel, Office of the Comptroller of the Currency.
