2. Identifying the records in the system as unclassified.
3. Updating the system location to reflect the system's current location.
4. Updating the system managers to reflect the system's current owner.
5. Expanding the purpose of the system to include processing payment(s) of relocation claims for FCA employees.
6. Expanding and clarifying the categories of records to ensure they are consistent with the purposes for which the records are collected.
7. Expanding and clarifying the categories of individuals to ensure they are consistent with the purposes for which the records are collected.
8. Expanding and clarifying how records may be stored and retrieved.
9. Revising the retention and disposal section to reflect the relevant records schedule.
