Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities.

Number of Respondents: 20 respondents; 50,020 responses.

Estimated Time per Response: 1 hour per requirement.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Needs and Uses: On September 19, 2008, the Commission adopted a Second Report and Order, FCC 08-208, which added a new section 80.231, which requires that manufacturers of Class B Automatic Identification Systems (AIS) transmitters for the Marine Radio Service include with each transmitting device a statement explaining how to enter static information accurately and a warning statement that entering inaccurate information is prohibited. The Commission is seeking to extend this collection in order to obtain the full three-year clearance from OMB. Specifically, the information collection requires that manufacturers of AIS transmitters label each transmitting device with the following statement: WARNING: It is a violation of the rules of the Federal Communications Commission to input an MMSI that has not been properly assigned to the end user, or to otherwise input any inaccurate data in this device. Additionally, prior to submitting a certification application (FCC Form 731, OMB Control Number 3060-0057) for a Class B AIS device, the following information must be submitted in duplicate to the Commandant (CG-521), U.S. Coast Guard, 2100 2nd Street SW, Washington, DC 20593-0001: (1) The name of the manufacturer or grantee and the model number of the AIS device; and (2) copies of the test report and test

data obtained from the test facility showing that the device complies with the environmental and operational requirements identified in IEC 62287-1. After reviewing the information described in the certification application, the U.S. Coast Guard will issue a letter stating whether the AIS device satisfies all of the requirements specified in IEC 62287-1. A certification application for an AIS device submitted to the Commission must contain a copy of the U.S. Coast Guard letter stating that the device satisfies all of the requirements specified in IEC-62287-1, a copy of the technical test data and the instruction manual(s).

These reporting and third-party disclosure requirements aid the Commission monitoring advance marine vessel tracking and navigation information transmitted from Class B AIS devices to ensure that they are accurate and reliable, while promoting marine safety.

Needs and Uses: FCC Form 2100, Schedule C is used by licensees/permittees/applicants when applying for authority to construct or make changes in a Low Power Television, TV Translator or DTV Transition.

On May 12, 2020, the Commission adopted Amendment of Section 73.3580 of the Commission's Rules Regarding Public Notice of the Filing of Applications; Modernization of Media Regulation Initiative; Revision of the Public Notice Requirements of Section 73.3580, Second Report and Order, MB Docket Nos. 17–254, 17–105, & 05–6, FCC 20–65 (rel. May 13, 2020). The Commission adopted new, streamlined procedures for stations to provide public notice of the filing of certain applications. Stations, including stations filing for new construction permits or major modifications to facilities, that were previously required to post public notice in a local newspaper, must now post notice online, either on the station website or a website affiliated with the station, its licensee, or its parent entity, or else must post notice on a publicly accessible, locally targeted website, for 30 continuous days following acceptance of the application for filing.

This submission is being made to OMB for approval of the modified third-party disclosure requirements for this Information Collection, as adopted in the 2020 Public Notice Second Report and Order. The changes pertaining to this Information Collection and to 47 CFR 73.3580 adopted in the 2020 Public Notice Second Report and Order do not

necessitate changes to the Form 2100, Schedule C, nor do they affect the substance, burden hours, or costs of completing the forms. The rule changes do, however, reduce burdens and costs associated with filing the application.

OMB Control Number: 3060–0075.

Respondents: Business or other for-profit entities; Not for profit institutions; Local or Tribal Government.

Number of Respondents and Responses: 1,700 respondents; 3,900 responses.

Estimated Time per Response: 0.075–1.25 hours.

Frequency of Response: Third party disclosure requirement and on occasion reporting requirement.

Total Annual Burden: 3,013 hours.

Total Annual Cost: \$3,943,979.

Obligation To Respond: Required to obtain or retain benefits. The statutory authority for this collection of information is contained in Sections 154(i) and 310 of the Communications Act of 1934, as amended.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Privacy Act Impact Assessment: No impact(s).

Needs and Uses: Filing of the FCC Form 345 is required when applying for authority for assignment of license or permit, or for consent to transfer of control of a corporate licensee or permittee for an FM or TV translator station, or low power TV station.

This collection also includes the third-party disclosure requirement of 47 CFR Section 73.3580 (OMB approval was received for Section 73.3580 under OMB Control Number 3060–0031). Section 73.3580, as amended in the Commission's 2020 Public Notice Second Report and Order, discussed below, requires local public notice of the filing of all applications to assign or transfer control of a broadcast station authorization, including those of an FM or TV translator or booster station or LPTV station. Notice is given by an applicant posting notice of the application filing on its station website, its licensee website, its parent entity website, or on a publicly accessible, locally targeted website, for 30 consecutive days beginning within five business days of acceptance of the application for filing. The online notice must link to a copy of the application

as filed in the Commission's LMS licensing database. Applicants for assignment or transfer of control of a low-power television (LPTV) station that locally originates programming must also make a total of six on-air announcements giving notice that their applications have been accepted for filing.

On May 12, 2020, the Commission adopted Amendment of Section 73.3580 of the Commission's Rules Regarding Public Notice of the Filing of Applications; Modernization of Media Regulation Initiative; Revision of the Public Notice Requirements of Section 73.3580, Second Report and Order, MB Docket Nos. 17–254, 17–105, & 05–6, FCC 20–65 (rel. Stations that are required to make on-air announcements of the filing of certain applications, including an applicant for assignment or transfer of control of an LPTV station that locally originates programming, must continue to do so, but the announcements are shorter and direct viewers and listeners to the application as filed and displayed in either the station's Online Public Inspection File or another Commission database. A total of six on-air announcements are required, at least one per week and no more than one per day or two per week, to be broadcast between 7:00 a.m. and 11:00 p.m. local time, Monday through Friday, beginning after the application is accepted for filing.
