

organizations, industry experts, and knowledgeable members of the public (including potentially exposed or susceptible subpopulations). As such, there are no typical respondent NAICS codes and the respondents will vary depending on the conditions of use of each chemical under consideration.

Respondent's obligation to respond: Voluntary.

Estimated total number of potential respondents: 714.

Frequency of response: On occasion.

Estimated total burden: 237 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Estimated total costs: \$18,296 (per year), which includes no annualized capital investment or maintenance and operational costs.

Changes in the estimates: This is a request for a new approval from OMB.

Courtney Kerwin,

Director, Regulatory Support Division.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; TSCA Existing Chemical Risk Evaluation and Management—Generic ICR for Surveys

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency (EPA) has submitted an information collection request (ICR), TSCA Existing Chemical Risk Evaluation and Management—Generic ICR for Surveys (EPA ICR Number 2585.01, OMB Control Number 2070-NEW) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act. This is a request for approval of a new collection. Public comments were previously requested via the **Federal Register** on July 5, 2019 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Comments must be received on or before July 6, 2020.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OPPT-2018-0612 to EPA online using www.regulations.gov. The EPA Docket Center and Reading Room was closed to public visitors on March 31, 2020 to reduce the risk of transmitting COVID-19. There is a temporary suspension of mail delivery to EPA, and no hand deliveries are currently accepted. For further information on EPA Docket Center services and the current status, please visit <https://www.epa.gov/dockets>.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI), or other information whose disclosure is restricted by statute.

Submit written comments and recommendations to OMB for the proposed information collection within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: *For technical information contact:* Albert Monroe, Economic and Policy Analysis Branch, Chemistry, Economics, and Sustainable Strategies Division (MC7406M), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (202) 564-7116; email address: monroe.albert@epa.gov. *For general information contact:* The TSCA-Hotline, ABVI-Goodwill, 422 South Clinton Ave., Rochester, NY 14620; telephone number: (202) 554-1404; email address: TSCA-Hotline@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov. Out of an abundance of caution for members of the public and our staff, the EPA Docket Center and Reading Room was closed to public visitors on March 31, 2020, to reduce the risk of transmitting COVID-19. Our Docket Center staff will continue to provide remote customer service via email, phone, and webform. For further information on EPA Docket Center services and the current status,

please visit <https://www.epa.gov/dockets>.

Abstract: The purpose of this ICR is to help provide data for EPA's risk evaluations and risk management of existing chemicals under TSCA section 6 more efficiently and effectively. Under TSCA, EPA must gather information with sufficient detail about chemicals, including hazards, conditions of use, exposures, potentially exposed and susceptible subpopulations, health and environmental effects, benefits, reasonably ascertainable economic consequences, alternatives, and other information in a timely fashion to meet TSCA's statutory timeframes. Therefore, EPA is requesting approval for a generic ICR to conduct surveys of respondents described below related to information collection for TSCA chemical risk evaluation and management. Surveys are defined as the collection of information from a common group through interviews or the application of questionnaires to a representative sample of that group.

EPA would not collect information of a sensitive or private nature. However, respondents may claim information submitted as part of a survey as confidential. EPA generally treats this information as obtained under TSCA, such that confidentiality claims are subject to the provisions of TSCA section 14.

Respondents/Affected Entities: Entities potentially affected by this ICR include chemical manufacturers (as long as the information requested does not duplicate information already in possession of the federal government), chemical users (including government agencies), processors, recyclers, chemical waste handlers, consumers of chemical-containing products, employees who may be exposed to the chemical evaluated, state and local regulators, non-governmental organizations, industry experts, and knowledgeable members of the public (including potentially exposed or susceptible subpopulations). As such, there are no typical respondent NAICS codes and the respondents will vary depending on the conditions of use of each chemical under consideration.

Respondent's obligation to respond: Voluntary.

Estimated total number of potential respondents: 600.

Frequency of response: On occasion.

Estimated total burden: 400 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Estimated total costs: \$31,008 (per year), which includes no annualized capital investment or maintenance and operational costs.

Changes in the estimates: This is a request for a new approval from OMB.

Courtney Kerwin,

Director, Regulatory Support Division.

Notice of Recent Specifications Review and Request for Information on WaterSense Program; Extension of Comment Period

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; request for information; extension of comment period.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is extending the comment period for the document issued in the **Federal Register** on April 10, 2020, entitled “Notice of Recent Specifications Review and Request for Information on WaterSense Program.” In response to stakeholder requests, the EPA is extending the comment period an additional 45 days from June 9, 2020 to July 24, 2020. Please note changes for public visitors to the EPA Docket Center and Reading Room in the Public Participation section of this document.

DATES: The comment period for the document that published on April 10, 2020, at 85 FR 20268 is extended. Comments must be received on or before July 24, 2020.

ADDRESSES: You may send comments, identified by Docket ID No. EPA-HQ-OW-2020-0026, by the following method:

- *Federal eRulemaking Portal:* <https://www.regulations.gov/>. Follow the online instructions for submitting comments.

Instructions: All submissions received must include the Docket ID No. EPA-HQ-OW-2020-0026. Comments received may be posted without change to <https://www.regulations.gov/>, including any personal information provided. For detailed instructions on sending comments, see the Public Participation under the **SUPPLEMENTARY INFORMATION** section of this document.

Out of an abundance of caution for members of the public and our staff, the EPA Docket Center and Reading Room was closed to public visitors on March 31, 2020, to reduce the risk of transmitting COVID-19. Our Docket Center staff will continue to provide remote customer service via email,

phone, and webform. We encourage the public to submit comments via <https://www.regulations.gov/> or email, as there is a temporary suspension of mail delivery to EPA, and no hand deliveries are currently accepted. For further information on EPA Docket Center services and the current status, please visit us online at <https://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT: For additional information, please contact Stephanie Tanner, Office of Water (mail code 4204M), Environmental Protection Agency, 1200 Pennsylvania Avenue NW, Washington, DC 20460; telephone number: 202-564-2660; or email: Tanner.Stephanie@epa.gov (preferred). Also see the following website for additional information on this topic: <https://www.epa.gov/watersense/product-specification-review>.

SUPPLEMENTARY INFORMATION:

I. Public Participation

Submit your comments, identified by Docket ID No. EPA-HQ-OW-2020-0026 via the <https://www.regulations.gov/>. Follow the online instructions for submitting comments. Once submitted, comments cannot be edited or withdrawn. The EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not consider comments or comment contents located outside of the primary submission (*i.e.*, on the web, cloud, or other file sharing system). For additional submission methods, the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit <https://www.epa.gov/dockets/commenting-epa-dockets>.

The EPA is temporarily suspending its Docket Center and Reading Room for public visitors to reduce the risk of transmitting COVID-19. Written comments submitted by mail are temporarily suspended and no hand deliveries will be accepted. Our Docket Center staff will continue to provide remote customer service via email, phone, and webform. We encourage the public to submit comments via <https://www.regulations.gov/>. For further information and updates on EPA Docket

Center services, please visit us online at <https://www.epa.gov/dockets>.

The EPA continues to carefully and continuously monitor information from the Centers for Disease Control and Prevention (CDC), local area health departments, and our Federal partners so that we can respond rapidly as conditions change regarding COVID-19.

II. General Information

On April 10, 2020, the EPA published in the **Federal Register** (85 FR 20268) a request for public comment on any data, surveys, or studies to help assess consumer satisfaction with WaterSense labeled products, which could inform future product specification development. The EPA is also seeking input on how to design a study or studies to inform future reviews that incorporate customer satisfaction considerations. The results of these studies could inform future Agency action when developing criteria for labeling products in the WaterSense program. The EPA is also requesting input on whether it should include consumer satisfaction criteria into the WaterSense program guidelines and, if included, what criteria should be considered and how.

The EPA also announced on April 10th the completion of the review of WaterSense product performance criteria as required under the America's Water Infrastructure Act (AWIA) of 2018. The AWIA required the EPA to consider for review and revision, if necessary, specifications which were released prior to 2012. The EPA announced that it has completed its review and made the decision not to revise any specifications.

Dated: May 27, 2020.

Andrew D. Sawyers,

Director, Office of Wastewater Management.
