DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP20–32–000]

Notice of Request Under Blanket Authorization; Gulf South Pipeline Company, LP

Take notice that on December 20,
 2019, Gulf South Pipeline Company, LP
 (Gulf South), 9 Greenway Plaza, Suite
 2800, Houston, Texas 77046, filed a
 prior notice application pursuant to
 sections 157.205(b), 157.208(c), 157.210,
 and 157.216 of the Federal Energy
 Regulatory Commission's (Commission)
 regulations under the Natural Gas Act
 (NGA), and Gulf South's blanket
 certificate issued in Docket No. CP82–
 430–000. Gulf South requests
 authorization to improve the efficiency
 and reliability of its McComb
 Compressor Station located on Gulf
 South's Index 130 mainline in Walthall
 County, Mississippi, all as more fully
 set forth in the application, which is
 open to the public for inspection. The
 filing may also be viewed on the web at
<http://www.ferc.gov> using the
 “eLibrary” link. Enter the docket
 number excluding the last three digits in
 the docket number field to access the
 document. For assistance, contact FERC
 at FERCOnlineSupport@ferc.gov or call
 toll-free, (866) 208–3676 or TTY, (202)
 502–8659.

Specifically, Gulf South proposes to
 (1) retire in-place one of the seven
 existing reciprocating compressor units
 (Unit 3) at the station, as it has suffered
 mechanical damage; (2) install one new
 Solar Taurus 70–T10802S Centrifugal
 Compressor (T70) package, including its
 required ancillary, auxiliary equipment
 and yard and station piping; and (3)
 place three of the six remaining
 reciprocating compressor units on
 standby.

Gulf South states, that only three
 existing reciprocating gas compressors
 are operated with the T70 during the
 station's full load capacity, all located in
 Walthall County, Mississippi. The
 proposed modifications will result in an
 increase of certificated capacity of
 48,000 dekatherms per day (Dth/d) from
 Harrisville receipts on Index 130 to
 deliveries on Gulf South's existing 24-
 inch Index 133 system. One primary
 improved point would be Gulf South's

Transco Walthall Interconnect in south Mississippi.

Any questions regarding this application should be directed to Juan Eligio Jr. Supervisor, Regulatory Affairs, Gulf South Pipeline, LP, 9 Greenway Plaza, Suite 2800, Houston, Texas 77046 or phone (713) 479-3480, or by email at Juan.Eligio@bwpipelines.com.

If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the allowed time for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding, or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission.
