A portion of each Appointments Panel meeting will be closed to the public. The reason for the closures is that matters covered by 5 U.S.C. 552b(c)(2) and (6) will be discussed. Any such discussions will involve discussions that relate solely to internal personnel rules and practices of the sponsor agencies and the disclosure of information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy. Such discussions will be segregated into separate discussions so that a portion of each meeting will be open to the public.

Pursuant to section 10(d) of the Federal Advisory Committee Act

(FACA), portions of advisory committee meetings may be closed to the public where the head of the agency to which the advisory committee reports determines that such portion of such meeting may be closed to the public in accordance with subsection (c) of section 552b of title 5, United States Code. The determination shall be in writing and shall contain the reasons for the determination. A determination has been made in writing by the U.S. Government Accountability Office, the U.S. Department of the Treasury, and the Office of Management and Budget, as required by section 10(d) of the Federal Advisory Committee Act, 5 U.S.C. App., that such portions of the meetings may be closed to the public in accordance with subsection (c) of section 552b of title 5, United States Code.

Any interested person may attend the meetings as an observer. Board discussion and reviews are open to the public except for those portions that are closed. GAO Building security requires advance notice of your attendance. If you wish to attend a FASAB meeting, please pre-register on our website at <https://www.fasab.gov/pre-registration/> no later than 12 p.m. the Monday before the meeting to be observed.

Stations interested in terminating operations and sharing another station's channel must submit FCC Form 2100 Schedule C in

order to have the channel sharing arrangement approved. If the sharing station is proposing to make changes to its facility to accommodate the channel sharing, it must also file FCC Form 2100 Schedule C.

47 CFR 74.793(d) require that certain digital low power and TV translator stations submit information as to vertical radiation patterns as part of their applications (FCC Form 2100, Schedule C) for new or modified construction permits.

Applicants are also subject to the third-party disclosure requirement of 47 CFR 73.3580. This section requires local public notice in a newspaper of general circulation of the filing of all applications for new or major changes in facilities. 47 CFR 74.787 permits full power television stations to obtain a digital-to-digital replacement translator to replace service areas lost as a result of the incentive auction and repacking processes.
