

III. TSCA SACC

A. What is the purpose of the TSCA SACC?

The TSCA SACC was established by EPA in 2016 and operates in accordance with the Federal Advisory Committee Act (FACA), 5 U.S.C. Appendix 2 *et seq.* The TSCA SACC provides expert independent scientific advice and consultation to the EPA on the scientific and technical aspects of risk assessments, methodologies, and pollution prevention measures and approaches for chemicals regulated under TSCA.

The TSCA SACC is comprised of experts in: Toxicology; human health and environmental risk assessment; exposure assessment; and related sciences (e.g., synthetic biology, pharmacology, biotechnology, nanotechnology, biochemistry, biostatistics, physiologically based pharmacokinetic modelling (PBPK) modeling, computational toxicology, epidemiology, environmental fate, and environmental engineering and sustainability). When needed, the committee will be assisted in their reviews by ad hoc participants with specific expertise in the topics under consideration.

B. How can I access the TSCA SACC documents?

EPA's background documents, related supporting materials, and draft charge questions to the TSCA SACC are available on the TSCA SACC website and in the docket established for the specific chemical substance. In addition, EPA will provide additional background documents (e.g., TSCA SACC members participating in this meeting and the meeting agenda) as the materials become available. You may obtain electronic copies of these documents, and certain other related documents that might be available, in the docket at <http://www.regulations.gov> and the TSCA SACC website at <http://www.epa.gov/tsca-peer-review>.

After the public meeting, the TSCA SACC will prepare meeting minutes summarizing its recommendations to the EPA. The meeting minutes will be posted on the TSCA SACC website and in the relevant docket.

C. What do I need to know about the TSCA SACC public meetings?

The focus of the public meetings is to peer review EPA's draft risk evaluation. After the peer review process, EPA will consider peer reviewer comments and recommendations and public comments, in finalizing the risk evaluation. The draft risk evaluation

contains: Discussion of chemistry and physical-chemical properties; characterization of conditions of use; environmental fate and transport assessment; human health exposures; environmental hazard assessment; risk characterization; risk determination; and a detailed description of the systematic review process developed by the Office of Pollution Prevention and Toxics to search, screen, and evaluate scientific literature for use in the risk evaluation process.

D. How do I participate in the public meetings?

You may participate in the public meetings by following the instructions in this unit. To ensure proper receipt by EPA, it is imperative that you identify the corresponding docket ID number in the subject line on the first page of your request.

1. *Preparatory virtual meeting.* The preparatory virtual meeting will be conducted via webcast and telephone. You may participate in the preparatory virtual meeting by registering to join the webcast. You may also submit written or oral comments.

EQUAL EMPLOYMENT OPPORTUNITY COMMISSION

Agency Information Collection Activities; Extension Without Change: Demographic Information on Applicants for Federal Employment

AGENCY: Equal Employment Opportunity Commission.

ACTION: Notice of information collection.

SUMMARY: In accordance with the Paperwork Reduction Act, the Equal Employment Opportunity Commission (EEOC or Commission) announces that it is submitting to the Office of Management and Budget (OMB) a request for a three-year extension without change of the Demographic

Information on Federal Job Applicants, OMB No. 3046–0046.

DATES: Written comments on this notice must be submitted on or before June 3, 2020.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Navarro Pulley, Federal Sector Programs, Office of Federal Operations, 131 M Street NE, Washington, DC 20507, (202) 663–4514 (voice) or 1–800–669–6820 (TTY). (These are not toll-free numbers.).

SUPPLEMENTARY INFORMATION: The EEOC’s Demographic Information on Federal Job Applicants form (OMB No. 3046–0046) is intended for use by federal agencies in gathering data on the race, ethnicity, sex, and disability status of job applicants. This form is used by the EEOC and other agencies to gauge progress and trends over time with respect to equal employment opportunity goals.

Pursuant to the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, and OMB regulation 5 CFR 1320.8(d)(1), the Commission sought public comment on extending its form without change through a 60-day notice published October 20, 2016. Comments were invited on whether this collection would continue to enable it to:

(1) Evaluate whether the proposed data collection tool will have practical utility by enabling a federal agency to determine whether recruitment activities are effectively reaching all segments of the relevant labor pool in compliance with the laws enforced by the Commission and whether the agency’s selection procedures allow all applicants to compete on a level playing field regardless of race, national origin, sex or disability status;

(2) Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on applicants for federal employees who choose to respond, including through the use of appropriate automated, electronic, mechanical, or other technological

collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

One anonymous comment in support of this information collection was received.

Overview of This Information Collection

Collection Title: Demographic Information on Federal Job Applicants.
OMB Control No.: 3046–0046.

Description of Affected Public: Individuals submitting applications for federal employment.

Number of Annual Responses: 5,042.
Estimated Time per Response: 3 minutes.

Total Annual Burden Hours: 252.¹
Annual Federal Cost: None.

Abstract: Under section 717 of Title VII and 501 of the Rehabilitation Act, the Commission is charged with reviewing and approving federal agencies plans to affirmatively address potential discrimination before it occurs. Pursuant to such oversight responsibilities, the Commission has established systems to monitor compliance with Title VII and the Rehabilitation Act by requiring federal agencies to evaluate their employment practices through the collection and analysis of data on the race, national origin, sex and disability status of applicants for both permanent and temporary employment.

Several federal agencies (or components of such agencies) have previously obtained separate OMB approval for the use of forms collecting data on the race, national origin, sex, and disability status of applicants. In order to avoid unnecessary duplication of effort and a proliferation of forms, the EEOC seeks an extension of the approval of a common form to be used by all federal agencies.

Response by applicants is optional. The information obtained will be used by federal agencies only for evaluating whether an agency’s recruitment activities are effectively reaching all segments of the relevant labor pool and whether the agency’s selection procedures allow all applicants to compete on a level playing field regardless of race, national origin, sex, or disability status. The voluntary responses are treated in a highly confidential manner and play no part in the job selection process. The information is not provided to any panel rating the applications, to selecting officials, to anyone who can affect the

¹ This total is calculated as follows: 5,042 annual responses × 3 minutes per response = 15,126 minutes. 15,126/60 = 252 hours.

application, or to the public. Rather, the information is used in summary form to determine trends over many selections within a given occupational or organization area. No information from the form is entered into an official personnel file.

Burden Statement: The EEOC continues to estimate that an applicant is able to complete the form in approximately 3 minutes. Applicants have continued to predominantly use online application systems, which require only pointing and clicking on the selected responses to respond to the six questions regarding basic demographic information. For at least the last decade, EEOC has not received any comments questioning the estimated 3-minute completion time. Based on recent experience, we expect that 5,042 applicants will choose to complete the form for vacancies at EEOC annually.

Thus, we estimate the average annual burden to be: 252 hours. Over the course of the requested three-year approval period (2020–2023) EEOC estimates the applicant burden at 756 hours.

Once OMB approves the use of this common form, federal agencies may request OMB approval to use this common form without having to publish notices and request public comments for 60 and 30 days. Each agency must account for the burden associated with their use of the common form.

For the Commission.

Janet L. Dhillon,
Chair.
