Synopsis

1. In this Order, the Wireless Telecommunications Bureau (Bureau) makes a ministerial change to Commission rule section 1.907 regarding the Wireless Radio Services to conform the definition of “Covered Geographic Licenses” to the Commission’s intentions in recent rulemaking actions.

2. In the July 2019 *2.5 GHz R&O*, the Commission amended the definition of “Covered Geographic Licenses” in section 1.907 to add “Educational Broadband Service (part 27, subpart M).” The Commission, however, deferred the effective date of the rule changes stemming from the *2.5 GHz R&O* for six months from the date of **Federal Register** publication, and the rules became effective on April 27, 2020. In the February 2020 *3.7 GHz*

R&O, the Commission amended the definition of “Covered Geographic Licenses” in section 1.907 to add “3.7 GHz Service (part 27, subpart O),” but inadvertently omitted “Educational Broadband Service (part 27, subpart M)” from the definition. Although the *3.7 GHz R&O*, as corrected by the Second Erratum, was published in the **Federal Register** on April 23, 2020, before the addition of Educational Broadband Service to section 1.907 became effective on April 27, 2020, the rule amendments stemming from the *3.7 GHz R&O* became effective on June 22, 2020 after that addition, thereby inadvertently deleting it. As a result, “Educational Broadband Service (part 27, subpart M)” is no longer listed in the “Covered Geographic Licenses” definition.

3. The Administrative Procedure Act allows an agency to forgo notice and comment “when the agency for good cause finds . . . that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest.” Here, we find good cause on the grounds that the notice and comment procedure is unnecessary. The Commission added the term “Educational Broadband Service (part 27, subpart M)” to the definition of “Covered Geographic Licenses” pursuant to a full notice and comment process. The subsequent omission of that term was inadvertent. The reinsertion of “Educational Broadband Service (part 27, subpart M)” into the definition of “Covered Geographic Licenses” in section 1.907 is therefore a routine correction to address an administrative oversight.

4. Similarly, an agency may make a rule effective immediately upon publication in the **Federal Register**, rather than providing for a 30-day waiting period, if the agency finds “good cause.” In determining whether good cause exists for an amended rule to take effect fewer than 30 days after **Federal Register** publication, an agency must “balance the necessity for immediate implementation against principles of fundamental fairness which require that all affected persons be afforded a reasonable amount of time to prepare for the effective date of its ruling.” The immediate implementation of the amended definition is necessary to avoid needlessly prolonging an obvious inaccuracy in the rule and delaying the return of the rule language to its clearly intended meaning. The immediate effective date also would not impose any burdens on affected persons. No additional time is necessary for affected persons to prepare for the effectiveness of the amended rule

because it merely reinstates a term that had been published in its adopted form by the Commission six months before its effective date (*i.e.*, from October 25, 2019, to April 27, 2020)—providing the public with a significantly longer preparatory period than the typically required minimum of 30 days—and which had been an effective part of the rule for almost two months thereafter, up until about a week ago, when its inadvertent deletion occurred (*i.e.*, from April 27 until June 22). In addition, the amended rule does not require affected parties to take, or refrain from taking, any particular action. Thus, we find good cause to make the amended rule effective upon **Federal Register** publication.

5. Accordingly, is it *ordered* that, pursuant to sections 1, 4(i), 5, 301, 303, and 307 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 154(i), 155, 301, 303, 307, this *Order* is adopted.

6. *It is further ordered* that the rule amendment adopted herein *will become effective upon publication* in the **Federal Register**.

7. This action is taken under delegated authority pursuant to sections 0.131 and 0.331 of the Commission’s rules, 47 CFR 0.131, 0.331.
