

DEPARTMENT OF TRANSPORTATION**Federal Railroad Administration****[Docket Number FRA–2014–0048]****Petition for Waiver of Compliance**

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on September 13, 2019, Union Pacific Railroad Company (UP) petitioned the Federal Railroad Administration (FRA) to renew its waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 232, Brake System Safety Standards for Freight and Other Non-Passenger Trains and Equipment, End-of-Train Devices; 49 CFR part 229, Railroad Locomotive Safety Standards; and 49 CFR part 215, Railroad Freight Car Safety Standards. FRA assigned the petition Docket Number FRA–2014–0048.

Specifically, UP seeks relief from 49 CFR 232.205—*Class I brake test—initial terminal inspection*, section 229.21—*Daily inspection*, and part 215—*Freight Car Standards*, to permit movement from the Ferrocarriles Nacionales de Mexico interchange point at International Yard on the Lordsburg Subdivision in El Paso, Texas, to both UP's Dallas Street Yard for westbound traffic, a distance of 2.8 miles, and to UP's Alfalfa Yard for eastbound traffic, a distance of 7 miles.

Further, UP requests relief from provisions of § 174.59—*Marking and placarding of rail cars*. UP states that given continued compliance with Conditions 6 and 13 of this waiver, any necessary corrective actions required in accordance with § 172.504—*Placarding*, would be addressed at the Dallas Street and/or the Alfalfa Yards in conjunction with a part 215 inspection, as stipulated in Conditions 8 and 14 of the present waiver.

UP also requests to modify existing waiver condition language (Conditions 3, 4, 10, and 11) to be consistent with other UP southern border crossing waivers. Also for consistency purposes, UP requests adding two conditions that are in such other waivers, regarding a quarterly meeting and the capability of putting the train into emergency.

UP explains it has been operating under the original requirements set forth in this waiver since March 2015 and has found no adverse mechanical effect on operational safety. There have been no mechanical incidents in the movement from the International Bridge to the Dallas Street or Alfalfa Yards to date, inclusive of 2,945 trains interchanged

northbound, involving no fewer than 180,700 freight cars.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Ave. SE, W12–140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Website*: <http://www.regulations.gov>. Follow the online instructions for submitting comments.

DEPARTMENT OF TRANSPORTATION**Solicitation for Annual Combating Human Trafficking in Transportation Impact Award**

AGENCY: Office of the Secretary of Transportation, U.S. Department of Transportation.

ACTION: Notice.

SUMMARY: Pursuant to a recommendation by the Department of Transportation (DOT or the Department) Advisory Committee on Human Trafficking, the Secretary of Transportation is launching the annual Combating Human Trafficking in Transportation Impact Award (“the award”) to incentivize an increase in human trafficking awareness, training, and prevention among transportation stakeholders. The award will be a component of the Department’s Transportation Leaders Against Human Trafficking initiative. Additional information regarding the Department’s counter-trafficking activities can be found at www.transportation.gov/stophumantrafficking.

The award serves as a platform for transportation stakeholders to unlock their creativity, and empower them to develop impactful and innovative counter-trafficking tools, initiatives, campaigns, and technologies that can help defeat this heinous crime. The award is open to individuals and entities, including non-governmental organizations, transportation industry associations, research institutions, and State and local government organizations. Entrants compete for a \$50,000 cash award that will be awarded to the individual(s) or entity selected for creating the most impactful counter-trafficking initiative or technology. The Department of Transportation intends to incentivize individuals and entities to think creatively in developing innovative solutions to combat human trafficking in the transportation industry, and to share those innovations with the broader community.

DATES: Submissions accepted January 1, 2020 through midnight on January 31, 2020.
