

(1) That EPA require Pennsylvania to revise the Pennsylvania SIP to include additional control measures to establish daily NO_x emission limits for all coal-fired EGUs with already-installed SCR or SNCR control technology to ensure that these technologies are optimized to minimize NO_x emissions each day of the ozone season.

(2) That these requirements must be as stringent as any one of three rules adopted by Delaware, Maryland, and New Jersey that establish daily limits designed to optimize the use of SCR and SNCR control technologies to minimize NO_x emissions each day of the ozone season.

(3) That EPA require Pennsylvania to adopt and implement daily NO_x limits as expeditiously as practicable in a timeframe to help downwind OTC states attain the 2015 ozone standard by the dates required in the Act.

(4) That Pennsylvania implement these requirements in time to reduce ozone levels during the summers of 2020 and 2021, because the recommendation does not involve the purchase or installation of new control technologies.

As required by the Act, EPA will hold a public hearing on the OTC's recommendation and will undertake consultations with the affected states before reaching a decision on whether to approve, disapprove, or partially approve and partially disapprove the OTC's recommendation. The Agency also plans to publish another **Federal Register** notice prior to the date of the public hearing in order to provide further discussion of the OTC's recommendation and the framework the Agency intends to apply in reaching a decision.

Dated: July 7, 2020.

Director, Office of Atmospheric Programs.

SUPPLEMENTARY INFORMATION:

Overview of This Information Collection

Collection Title: Waivers of Rights and Claims Under the ADEA; Informational Requirements.

OMB Number: 3046-0042.

Type of Respondent: Business, state or local governments, not for profit institutions.

Description of Affected Public: Any employer with 20 or more employees that seeks waiver agreements in connection with an exit incentive or other employment termination program.

Number of Respondents: 2,425.

Burden Hours per Respondent: 16.19 hours.

Total Annual Burden Hours: 39,260.75.

Abstract: The EEOC enforces the Age Discrimination in Employment Act (ADEA) which prohibits discrimination against employees and applicants for employment who are age 40 or older. The Older Workers Benefit Protection Act (OWBPA), enacted in 1990, amended the ADEA to require employers to disclose certain information to employees (but not to the EEOC) in writing when they ask employees to waive their rights under the ADEA in connection with an exit

incentive program or other employment termination program. The regulation at 29 CFR 1625.22 reiterates those disclosure requirements. The EEOC seeks an extension without change for the third-party disclosure requirements contained in this regulation. On May 5, 2020, the Commission published a 60-Day Notice informing the public of its intent to request an extension of the information collection requirements from the Office of Management and Budget. 85 FR 26687-89 (May 5, 2020). No comments were received.

For the Commission.
