

HTF grantees are the 50 states, the District of Columbia, the Commonwealth of Puerto Rico, American Samoa, Guam, the Commonwealth of Northern Mariana Islands, and the United States Virgin Islands. In accordance with Section 1338 (c)(4)(A) of the Act, this notice announces the formula allocation amount for each eligible HTF grantee.

FOR FURTHER INFORMATION CONTACT:

Virginia Sardone, Director, Office of Affordable Housing Programs, Room 7164, Department of Housing and Urban Development, 451 Seventh Street SW, Washington, DC 20410-7000; telephone (202) 708-2684. (This is not a toll-free number.) A telecommunications device for hearing- and speech-impaired persons (TTY) is available at 800-877-8339 (Federal Information Relay Service). (This is a toll-free number).

SUPPLEMENTARY INFORMATION: Section 1131 of HERA Division A amended the Act to add a new section 1337 entitled "Affordable Housing Allocations" and a new section 1338 entitled "Housing Trust Fund." HUD's implementing regulations are codified at 24 CFR part 93. Congress authorized the HTF with the stated purpose of: (1) Increasing and preserving the supply of rental housing for extremely low-income families with incomes between 0 and 30 percent of area median income and very low-income families with incomes between 30 and 50 percent of area median income, including homeless families, and (2) increasing homeownership for extremely low-income and very low-income families. Section 1337 of the Act provides for the HTF (and other programs) to be funded with an affordable housing set-aside by Fannie Mae and Freddie Mac. The total set-aside amount is equal to 4.2 basis points (.042 percent) of Fannie Mae and Freddie Mac's new mortgage purchases, a portion of which is for the HTF. Section 1338 of the Act directs HUD to establish, through regulation, the formula for distribution of amounts made available for the HTF. The statute specifies the factors to be used for the formula and priority for certain factors. The factors and methodology HUD uses to allocate HTF funds among eligible grantees are established in the HTF regulation. The funding announced for Fiscal Year 2020 through this notice is \$322,564,267.66. Appendix A to this notice provides the names of the grantees and the amounts of the awards.

Dated: April 24, 2020.

John Gibbs,

Acting Assistant Secretary for Community Planning and Development.

Appendix A: FY 2020 Housing Trust Fund Allocation Amounts

Grantee	FY 2020 allocation
1 Alabama	\$3,123,706
2 Alaska	3,000,000
3 Arizona	5,070,454
4 Arkansas	3,000,000
5 California	50,839,161.66
6 Colorado	4,411,358
7 Connecticut	3,750,859
8 Delaware	3,000,000
9 District of Columbia	3,000,000
10 Florida	14,371,181
11 Georgia	7,361,716
12 Hawaii	3,000,000
13 Idaho	3,000,000
14 Illinois	12,424,008
15 Indiana	4,644,564
16 Iowa	3,000,000
17 Kansas	3,000,000
18 Kentucky	3,152,170
19 Louisiana	3,609,159
20 Maine	3,000,000
21 Maryland	4,420,359
22 Massachusetts	7,039,756
23 Michigan	7,364,581
24 Minnesota	4,078,002
25 Mississippi	3,000,000
26 Missouri	4,668,023
27 Montana	3,000,000
28 Nebraska	3,000,000
29 Nevada	3,142,533
30 New Hampshire	3,000,000

[FWS-R1-ES-2020-N070;
FXES11130100000-201-FF01E00000]

Endangered Species; Receipt of Recovery Permit Applications

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of receipt of permit applications; request for comments.

SUMMARY: We, the U.S. Fish and Wildlife Service, have received applications for permits to conduct activities intended to enhance the propagation and survival of endangered species under the Endangered Species Act of 1973, as amended. We invite the public and local, State, Tribal, and Federal agencies to comment on these applications. Before issuing the requested permits, we will take into consideration any information that we receive during the public comment period.

DATES: We must receive your written comments on or before May 29, 2020.

ADDRESSES: *Document availability and comment submission:* Submit requests for copies of the applications and related documents and submit any comments by one of the following methods. All requests and comments should specify the applicant name and application number (e.g., Dana Ross TE-08964A-2):

- *Email:* permitsR1ES@fws.gov.
- *U.S. Mail:* Marilet Zablan, Program

Manager, Restoration and Endangered Species Classification, Ecological Services, U.S. Fish and Wildlife Service, Pacific Regional Office, 911 NE 11th Avenue, Portland, OR 97232-4181.

FOR FURTHER INFORMATION CONTACT:

Colleen Henson, Regional Recovery Permit Coordinator, Ecological Services, (503) 231-6131 (phone); permitsR1ES@fws.gov (email). Individuals who are hearing or speech impaired may call the Federal Relay Service at 1-800-877-8339 for TTY assistance.

SUPPLEMENTARY INFORMATION: We, the U.S. Fish and Wildlife Service, invite the public to comment on applications for permits under section 10(a)(1)(A) of the Endangered Species Act, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The requested permits would allow the applicants to conduct activities intended to promote recovery of species that are listed as endangered under the ESA.

Background

With some exceptions, the ESA prohibits activities that constitute take

of listed species unless a Federal permit is issued that allows such activity. The ESA's definition of "take" includes such activities as pursuing, harassing, trapping, capturing, or collecting, in addition to hunting, shooting, harming, wounding, or killing.

A recovery permit issued by us under section 10(a)(1)(A) of the ESA authorizes the permittee to conduct activities with endangered or threatened species for scientific purposes that promote recovery or for enhancement of propagation or survival of the species. These activities often include such

prohibited actions as capture and collection. Our regulations implementing section 10(a)(1)(A) for these permits are found in the Code of Federal Regulations (CFR) at 50 CFR 17.22 for endangered wildlife species, 50 CFR 17.32 for threatened wildlife species, 50 CFR 17.62 for endangered plant species, and 50 CFR 17.72 for threatened plant species.

Permit Applications Available for Review and Comment

Proposed activities in the following permit requests are for the recovery and

enhancement of propagation or survival of the species in the wild. The ESA requires that we invite public comment before issuing these permits.

Accordingly, we invite local, State, Tribal, and Federal agencies and the public to submit written data, views, or arguments with respect to these applications. The comments and recommendations that will be most useful and likely to influence agency decisions are those supported by quantitative information or studies.

Public Availability of Comments

Written comments we receive become part of the administrative record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that

your entire comment—including your personal identifying information—may be made publicly available at any time. While you can request in your comment that we withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions

from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Next Steps

If we decide to issue a permit to the applicants listed in this notice, we will publish a notice in the **Federal Register**.

Authority

We publish this notice under section 10(c) of the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).

Rolland White,

Assistant Regional Director—Ecological Services, Pacific Region.

Bureau of Reclamation

[RR02030000, 20XR068011, RX.08637907.6000000]

Notice of Intent to Prepare an Environmental Impact Statement for the Del Puerto Canyon Reservoir Project, Stanislaus County, California

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of intent; request for comments.

SUMMARY: The Bureau of Reclamation (Reclamation) intends to prepare an Environmental Impact Statement (EIS) for the Del Puerto Canyon Reservoir Project. Reclamation is requesting public and agency comment to identify significant issues or other alternatives to be addressed in the EIS.

DATES: Submit written comments on the scope of the EIS on or before May 29, 2020.

ADDRESSES: Provide written scoping comments, requests to be added to the mailing list, or requests for other special assistance needs to Ms. Allison Jacobson, Project Manager, Bureau of Reclamation, Division of Planning, 2800 Cottage Way CGB–700, Sacramento, CA 95825.

FOR FURTHER INFORMATION CONTACT: Ms. Allison Jacobson, Bureau of Reclamation, Division of Planning, 2800 Cottage Way CGB–700, Sacramento, CA 95825; telephone (916) 978–5075; facsimile (916–978–5094); email ajacobson@usbr.gov. Persons who use a telecommunications device for the deaf may call the Federal Relay Service (FedRelay) at 1–800–877–8339 TTY/ASCII to contact the above individual during normal business hours or to leave a message or question after hours. You will receive a reply during normal business hours. Information on this

project may also be found at: <https://www.delpuertocanyonreservoir.com>.

SUPPLEMENTARY INFORMATION:

Reclamation is issuing this notice pursuant to the National Environmental Policy Act of 1969, as amended (NEPA), 42 U.S.C. 4321 *et seq.*; the Council on Environmental Quality's (CEQ) regulations for implementing NEPA, 43 CFR parts 1500 through 1508; and the Department of the Interior's NEPA regulations, 43 CFR part 46.

Background

Del Puerto Water District (DPWD), in partnership with the San Joaquin River Exchange Contractors Water Authority (SJRECWA), proposes to construct a reservoir located on Del Puerto Creek in the foothills of the Coast Range Mountains west of Patterson, California and Interstate 5. The Del Puerto Canyon Reservoir Project (Project) is a State-led effort under the Water Infrastructure Improvements for the Nation Act (WIIN Act) Public Law 114–322, Sec. 4007. The proposed reservoir would provide approximately 82,000 acre-feet (AF) of locally owned off-stream storage south of the Sacramento-San Joaquin Delta. The purpose of the proposed Project is to develop additional South of Delta water storage to maximize the management and efficient use of existing water supplies in both DPWD and the SJRECWA service areas and to serve environmental purposes, including water supply for wildlife refuges designated under the Central Valley Project Improvement Act. Water would be conveyed from the Delta-Mendota Canal (DMC) to be stored in the proposed reservoir and later discharged back into the DMC. The proposed Project includes construction of a main dam, three saddle dams, a spillway, inlet/outlet works, conveyance facilities (including a diversion facility on the DMC, a pumping plant, underground pipeline and energy dissipation facilities at the DMC outfall, along with related appurtenant components), and electrical facilities (power supply line and electrical substation). The proposed Project also includes relocating existing and proposed utilities that run north-south through the Project area and the relocation of Del Puerto Canyon Road, which runs east-west through the Project area.

The Project sponsors developed an Environmental Impact Report (EIR) pursuant to the California Environmental Quality Act for the Project and released that EIR for public review on December 12, 2019. The review period ended January 27, 2020.

Effects to many of the resources discussed in the EIR were mitigated to less-than-significant levels, though there were significant and unavoidable effects remaining after mitigation.

Reclamation's action would be to fund up to 25 percent of total project costs pursuant to the WIIN Act, proportional to the Federal benefits developed. Reclamation will use much of the analysis and evaluate the alternatives presented in the EIR. Additional information will be developed in the EIS with respect to several resources, including energy use, traffic and transportation, air quality, biological resources, cultural resources, and Central Valley Project operations. Agencies and the public are encouraged to review the EIR provided at <https://www.delpuertocanyonreservoir.com>, and provide input regarding potentially significant issues to be addressed, or to identify potential alternatives that would meet the purpose of the Project.

Public Disclosure

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you may ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Richard Welsh,

Principal Deputy Regional Director, Bureau of Reclamation, Interior Region 10—California-Great Basin.
