

Scoping Meetings and Environmental Site Review

Due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020, we are waiving section 5.8(b)(viii) of the Commission's regulations and do not intend to conduct a public scoping meeting or site visit in this case. Instead, we are soliciting written comments, recommendations, and information on the SD1. Any individual or entity interested in submitting scoping comments must do so by the date specified in item o. SD1, which outlines the subject areas to be addressed in the environmental document, was mailed to the individuals and entities on the Commission's mailing list. Copies of SD1 may be viewed on the web at <http://www.ferc.gov>, using the eLibrary link. Follow the directions for accessing information in paragraph n. Based on all written comments, a Scoping Document 2 (SD2) may be issued. SD2 may include a revised process plan and schedule, as well as a list of issues, identified through the scoping process.

We may conduct the site visit, if needed, later in the process, such as in conjunction with the study plan meeting required by section 5.11(e) of the Commission's regulations, which is required to occur by October 11, 2020. Further revisions to the schedule may be made as appropriate.
