

Next Steps

We will evaluate the permit application, associated documents, and comments we receive to determine whether the permit application meets the requirements of the ESA, NEPA, and implementing regulations. If we determine all requirements are met, we will approve the HCP and issue the ITP under section 10(a)(1)(B) of the ESA to Diamond Spring Wind, LLC for take of ABB in accordance with the terms of the HCP and specific terms and conditions of the authorizing permit. We will not make our final decision until after the end of the 30-day public comment period, and we will fully consider all comments we receive during the public comment period.

Public Availability of Comments

Written comments we receive become part of the public record associated with this action. Requests for copies of comments will be handled in accordance with the Freedom of Information Act, NEPA, and Service and Department of the Interior policies and procedures. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that the entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public disclosure in their entirety.

Authority

We provide this notice under the authority of section 10(c) of the ESA and its implementing regulations (50 CFR 17.22 and 17.32) and NEPA (42 U.S.C 4371 *et seq.*) and its implementing regulations (40 CFR 1506.6).

Receipt of Incidental Take Permit Application and Proposed Habitat Conservation Plan for the Sand Skink, Blue-Tailed Mole Skink, and Florida Scrub-Jay, Highlands County, FL; Categorical Exclusion

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comment and information.

SUMMARY: We, the Fish and Wildlife Service (Service), announce receipt of an application from Palmetto Lake Placid-Lakes Blvd., LLC (applicant) for an incidental take permit (ITP) under the Endangered Species Act. The applicant requests an ITP to take the federally listed sand skink, blue-tailed mole skink, and Florida scrub-jay incidental to construction in Highlands County, Florida. We request public comment on the application, which includes the applicant's proposed habitat conservation plan (HCP), and the Service's preliminary determination that this HCP qualifies as "low-effect," categorically excluded, under the National Environmental Policy Act. To make this determination, we used our environmental action statement and low-effect screening form, both of which are also available for public review.

DATES: We must receive your written comments by November 21, 2019.

ADDRESSES: *Obtaining Documents:* You may obtain copies of the documents by any of the following methods:

- *Telephone:* Heather Hitt, 772–469–4267.

ADDRESSES) or via phone at 772–469–4267. Individuals who are hearing impaired or speech impaired may call the Federal Relay Service at 800–877–8339 for TTY assistance.

SUPPLEMENTARY INFORMATION: We, the Fish and Wildlife Service, announce receipt of an application from Palmetto Lake Placid-Lakes Blvd., LLC (applicant) for an incidental take permit (ITP) under the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The applicant requests the ITP to take the federally listed sand skink (*Neoseps reynoldsi*) and blue-tailed mole skink (*Eumeces egregius lividus*) (skinks) and Florida scrub-jay (*Aphelocoma coerulescens*) (scrub-jays) incidental to the construction of a commercial development (project) in Highlands County, Florida. We request public comment on the application, which includes the applicant's proposed habitat conservation plan (HCP) and the Service's preliminary determination that this HCP qualifies as "low-effect," categorically excluded under the National Environmental Policy Act (NEPA; 42 U.S.C. 4321 *et seq.*). To make this determination, we used our environmental action statement and low-effect screening form, both of which are also available for public review.

Project

Palmetto Lake Placid-Lakes Blvd., LLC requests a 5-year ITP to take skinks and scrub-jays incidental to the conversion of approximately 1.51 acres of occupied skink and scrub-jay foraging and sheltering habitat for the construction of a commercial development located on a 151-acre parcel in Sections 10 and 15, Township 37 South, Range 29 East, Highlands County, Florida. The applicant proposes to mitigate for take of the skinks and scrub-jays by purchasing credits equivalent to 3.02 acres of skink-occupied habitat from the Backbone Conservation Bank and to 3.02 acres of scrub-jay occupied habitat from the Tippen Bay Scrub-Jay Conservation Bank. The Service would require the applicant to purchase the credits prior to engaging in land clearing activities on the parcel.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, be aware that your entire comment—including your personal identifying information—may be made available to the public. While you may request that we withhold your personal

identifying information, we cannot guarantee that we will be able to do so.

Our Preliminary Determination

The Service has made a preliminary determination that the applicant's project, including land clearing, construction of the commercial development, and the proposed mitigation measure, would individually and cumulatively have a minor or negligible effect on skinks, scrub-jays, and the environment. Therefore, we have preliminarily concluded that the ITP for this project would qualify for categorical exclusion and the HCP is low effect under our NEPA regulations at 43 CFR 46.205 and 46.210. A low-effect HCP is one that would result in (1) minor or negligible effects on federally listed, proposed, and candidate species and their habitats; (2) minor or negligible effects on other environmental values or resources; and (3) impacts that, when considered together with the impacts of other past, present, and reasonable foreseeable similarly situated projects, would not over time result in significant cumulative effects to environmental values or resources.

Next Steps

The Service will evaluate the application and the comments received to determine whether to issue the requested permit. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the above findings, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue ITP number TE50012D-0 to Palmetto Lake Placid-Lakes Blvd., LLC.

Authority

The Service provides this notice under section 10(c) (16 U.S.C. 1539(c)) of the ESA and NEPA regulation 40 CFR 1506.6.

Field Supervisor, South Florida Ecological Services Office.

Agency Information Collection Activities; Grazing Permits

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, we, the Bureau of Indian Affairs (BIA) are proposing to renew an information collection.

DATES: Interested persons are invited to submit comments on or before December 23, 2019.

ADDRESSES: Send your comments on this information collection request (ICR) by mail to Mr. Jarvis Gust, Bureau of Indian Affairs, Rocky Mountain Region, 2021 4th Avenue North, Billings, Montana 59101; or by email jarvis.gust@bia.gov. Please reference OMB Control Number 1076-0157 in the subject line of your comments.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Mr. Jarvis Gust by email at jarvis.gust@bia.gov, or by telephone at 406-247-7946.

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995, we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

We are soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Is the collection necessary to the proper functions of the BIA; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the BIA enhance the quality, utility, and clarity of the information to be collected; and (5) how might the BIA minimize the burden of this collection on the respondents, including through the use of information technology.

Comments that you submit in response to this notice are a matter of

public record. We will include or summarize each comment in our request to OMB to approve this ICR. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: The “American Indian Agricultural Resource Management Act,” (AIARMA), 25 U.S.C. 3701 *et seq.*, authorizes the Secretary of the Interior, in participation with the beneficial owner of the land, to manage Indian agricultural lands in a manner consistent with identified Tribal goals and priorities for conservation, multiple use, sustained yield, and consistent with trust responsibilities. The regulations at 25 CFR 166, Grazing Permits; implement the AIARMA and include the specific information collection requirements. Submission of this information allows individuals or organizations to acquire or modify a grazing permit on Tribal land, individually-owned Indian land, or government land and to meet bonding requirements.
