[Docket No.: FAA-2014-0504; Amdt. No.: 121-384A]

RIN 2120-AJ87

Pilot Professional Development; Technical Amendment; Correction.

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule; correction of a technical amendment.

SUMMARY: The FAA is correcting a final rule technical amendment published on June 30, 2020 (85 FR 39069). In that final rule, which became effective on the date of publication, the FAA corrected errors in regulatory cross references associated with the Pilot Professional Development final rule. The FAA inadvertently listed an incorrect amendment number for the final rule technical amendment. This document corrects that error.

DATES: July 24, 2020.

SUPPLEMENTARY INFORMATION:**Good Cause for Adoption Without Prior Notice**

Section 553(b)(3)(B) of the Administrative Procedure Act (APA) (5 U.S.C. 551 *et seq.*) authorizes agencies to dispense with notice and comment procedures for rules when the agency for “good cause” finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Section 553(d)(3) of the APA requires that agencies publish a rule not less than 30 days before its effective date, except as otherwise provided by the agency for good cause found and published with the rule.

Because this action merely makes a correction to the amendment number of a published final rule technical amendment, the FAA finds that notice and public comment under 5 U.S.C. 553(b) is unnecessary. For the same reason, the FAA finds that good cause exists under 5 U.S.C. 553(d) for making this rule effective in less than 30 days.

Background

On February 25, 2020, the FAA published the Pilot Professional Development final rule (85 FR 10896). After that rule was published, the FAA discovered two minor errors in §§ 121.409 and 121.424 of Title 14 of the Code of Federal Regulations that required correction. Those errors were corrected in a technical amendment published June 30, 2020 (85 FR 39069). In the technical amendment, the FAA listed the amendment number as 121-282B.

Correction

In the final rule, FR Doc. 2020-12170, published on June 30, 2020, at 85 FR 39069, make the following correction:

1. On page 39069 in the heading of the final rule, revise “Amdt. No. 121-282B” to read “121-384”.

Issued under authority provided by 49 U.S.C. 106(f), 106(g), 44701(a), and Sec. 206 of Public Law 111-216, 124 Stat. 2348 (49 U.S.C. 44701 note) in Washington, DC, on July 9, 2020.

COMMODITY FUTURES TRADING COMMISSION**17 CFR Part 37**

RIN Number 3038-AE79

Post-Trade Name Give-Up on Swap Execution Facilities

AGENCY: Commodity Futures Trading Commission.

ACTION: Final rule.

SUMMARY: The Commodity Futures Trading Commission (CFTC or Commission) is issuing a final rule to prohibit post-trade name give-up for swaps executed, pre-arranged, or pre-negotiated anonymously on or pursuant to the rules of a swap execution facility (SEF) and intended to be cleared. The final rule provides an exception for package transactions that include a component transaction that is not a swap intended to be cleared, including but not limited to U.S. Treasury swap spreads.

DATES: The effective date for this final rule is September 22, 2020. The compliance date for swaps subject to the trade execution requirement under section 2(h)(8) of the Commodity Exchange Act (CEA or Act) is November 1, 2020. The compliance date for swaps not subject to the trade execution requirement under section 2(h)(8) of the CEA is July 5, 2021.

SUPPLEMENTARY INFORMATION:**I. Background****A. November 2018 Request for Comment**

On November 30, 2018, the Commission published in the **Federal Register** a request for comment regarding the practice of post-trade

name give-up on SEFs (2018 RFC).¹ As described in the 2018 RFC, some SEFs facilitate post-trade name give-up by directly or indirectly disclosing the identities of swap counterparties to one another after a trade is matched anonymously. The 2018 RFC noted that a SEF may effectuate such disclosure through its own trade protocols or through a third-party service provider utilized to process and route transactions to a derivatives clearing organization (DCO) for clearing. In the 2018 RFC, the Commission questioned the necessity of the practice with respect to cleared swaps anonymously executed on a SEF. The Commission also summarized some of the general views on post-trade name give-up of various industry participants and requested public comments on the merits of the practice and whether the Commission should prohibit it.

The Commission received 13 comment letters in response to the 2018 RFC. Most commenters opposed the practice of post-trade name give-up for anonymously-executed swaps submitted to clearing, and requested that the Commission adopt a regulatory prohibition. The Securities Industry and Financial Markets Association (SIFMA) expressed support for the practice and concern about the effects of a prohibition. The views raised in those comment letters were considered and discussed by the Commission in a proposed rule on post-trade name give-up issued in December 2019.

B. December 2019 Proposed Rule

After considering the comments received in response to the 2018 RFC, on December 31, 2019, the Commission published in the **Federal Register** a proposed rule to prohibit post-trade name give-up for anonymously-executed and intended-to-be-cleared swaps (Proposal).² The Proposal prohibits a SEF from directly or indirectly, including through a third-party service provider, disclosing the identity of a counterparty to a swap executed anonymously and intended to be cleared. The Proposal also requires SEFs to establish and enforce rules prohibiting any person from effectuating such a disclosure.

In the Proposal, the Commission reasoned that a prohibition on post-trade name give-up may (1) advance the statutory objectives of promoting swaps
