**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission****[Docket No. CP20–31–000]****Dominion Energy Questar Pipeline, LLC; Notice of Application**

Take notice that on December 20, 2019, Dominion Energy Questar Pipeline, LLC (DEQP), 333 South State St, Salt Lake City, Utah 84111, filed an application in Docket No. CP20–31–000, pursuant to section 7(b) of the Natural Gas Act (NGA) and the Federal Energy Regulatory Commission's (Commission) regulations seeking authorization to abandon by sale to North Shore Energy, LLC (North Shore), approximately 20.8 miles of 10-inch-diameter pipeline, including associated metering and regulating facilities and appurtenances. The pipeline facilities, known as Jurisdictional Lateral (JL) 28 Facilities, are all located in Sweetwater County, Wyoming, (Sweetwater Pipeline Abandonment Project), all as more fully described in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or call toll-free, (866) 208–3676 or TTY, (202) 502–8659.

DEQP states that the proposed abandonment will serve the public convenience and necessity because the JL 28 Facilities are presently underutilized and no longer needed to provide jurisdictional service. The proposed abandonment will not impede traditional gas flow or access to downstream markets. DEQP also states that North Shore intends to incorporate the JL 28 Facilities into its existing gathering system located in the area.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 3 copies of filings made in the proceeding with the Commission and must provide a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing
