[Project No. 1744-041]

PacifiCorp; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed the application for license for the Weber Hydroelectric Project (project) and has prepared an Environmental Assessment (EA). The project is located on the Weber River near the City of Ogden in Weber, Morgan, and Davis Counties, Utah, and occupies 15.51 acres of federal lands administered by the Forest Service.

In the EA, Commission staff analyzes the potential environmental effects of the project and concludes that issuing a license for the project, with appropriate environmental measures, would not constitute a major federal action significantly affecting the quality of the human environment.

The Commission provides all interested persons an opportunity to view and/or print the EA via the internet through the Commission's Home Page (<http://www.ferc.gov>) using the "eLibrary" link.
