[Docket Nos. CP20–68–000; CP20–70–000]

Enable Gas Transmission, LLC; Enable Gulf Run Transmission, LLC; Notice of Revised Schedule for Environmental Review of The Gulf Run and Line CP Modifications Project

This notice identifies the Federal Energy Regulatory Commission staff's revised schedule for the completion of the environmental assessment (EA) for Enable Gas Transmission, LLC and Enable Gulf Run Transmission, LLC (collectively, Enable) Gulf Run and Line CP Modifications Project. The first notice of schedule, issued on April 28, 2020, identified July 31, 2020 as the EA issuance date. However, Enable filed supplemental information on June 23, 2020 related to certain modifications to its project. In addition, the U.S. Army Corps of Engineers (USACE) recently requested cooperating agency status for the project to ensure that the EA addresses the USACE National Environmental Policy Act requirements for processing Enable's June 4, 2020 USACE application for a Clean Water Act Section 404 Individual Permit for the project. This change is in response to the court vacatur, in April 2020, of the Nationwide Permit 12 Program. As a result, Commission staff has revised the schedule for issuance of the EA.

Schedule for Environmental Review

Issuance of the EA October 29, 2020
90-day Federal Authorization Decision
Deadline January 27, 2021

If a schedule change becomes necessary, an additional notice will be provided so that the relevant agencies are kept informed of the project's progress.
