

regional grid; and (5) appurtenant facilities.

#### Kesslen Development

The Kesslen Development is located approximately 2.5 miles downstream from the Twine Mill Development and consists of: (1) An 18-foot-high, 140-foot-long concrete gravity dam with a 114-foot-long spillway section that has a crest elevation of 42.2 feet msl plus 1.5-foot-high flashboards; (2) a 20-acre impoundment with a normal maximum elevation of 43.7 feet msl; (3) a powerhouse containing a single turbine-generator unit rated at 150 kW; (4) a generator lead connecting the turbine-generator unit to the regional grid; and (5) appurtenant facilities.

The current license requires an instantaneous minimum flow of 60 cubic feet per second (cfs) or inflow, whichever is less, downstream of the Kesslen Development from April 1 through June 1 each year; and a minimum flow of 5 cfs or inflow downstream of the Kesslen Development from June 2 through March 31. The licensee operates the project in a run-of-river mode on a voluntary basis.

America First Hydro proposes to increase the installed generation capacity at the Dane Perkins Development by replacing the existing 150-kW turbine-generator unit with two turbine-generator units that have a combined capacity of 270 kW. America First Hydro proposes to disconnect the generating equipment at the Kesslen Development and allow all flow to pass over the dam. America First Hydro also proposes to continue operating the project in a run-of-river mode.

m. *Locations of the Application:* A copy of the application may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. At this time, the Commission has suspended access to the Commission's Public Reference Room, due to the proclamation declaring a National Emergency concerning the Novel Coronavirus Disease (COVID-19), issued by the President on March 13, 2020. For assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), (866) 208-3676 (toll free), or (202) 502-8659 (TTY).

n. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

o. *Procedural Schedule:* On December 19, 2019, Commission staff suspended the Integrated Licensing Process for the project until America First Hydro filed the final license application. The suspension held the pre-filing process in abeyance, including the milestones for the study process. In accordance with 18 CFR 5.20, Commission staff will notify America First Hydro on or before April 29, 2020, as to whether or not the application substantially conforms to the pre-filing consultation and filing requirements of the Commission's regulations. To the extent that the application is not patently deficient, Commission staff will issue a revised process plan and schedule that includes milestones and dates for the filing and review of America First Hydro's outstanding study reports. After America First Hydro completes and files the outstanding study reports, Commission staff will issue a revised procedural schedule with target dates for the post-filing milestones listed below.

| Milestone                                                                               | Target date |
|-----------------------------------------------------------------------------------------|-------------|
| Notice of Acceptance/Notice of Ready for Environmental Analysis.                        | TBD.        |
| Filing of recommendations, preliminary terms and conditions, and fishway prescriptions. | TBD.        |
| Commission issues Environmental Assessment (EA).                                        | TBD.        |
| Comments on EA .....                                                                    | TBD.        |
| Modified terms and conditions .....                                                     | TBD.        |

p. Final amendments to the application must be filed with the Commission no later than 30 days from the issuance date of the Notice of Ready for Environmental Analysis.

Dated: April 13, 2020.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Docket No. ER20-1537-000]

#### RE Mustang Two Barbaro LLC; Supplemental Notice That Initial Market-Based Rate Filing Includes Request for Blanket Section 204 Authorization

This is a supplemental notice in the above-referenced RE Mustang Two Barbaro LLC's application for market-based rate authority, with an

accompanying rate tariff, noting that such application includes a request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability.

Any person desiring to intervene or to protest should file with the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR part 34, of future issuances of securities and assumptions of liability, is May 4, 2020.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 5 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for electronic review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the website that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

Dated: April 13, 2020.
