General description of report: The market risk capital rule, which requires banking organizations to hold capital to cover their exposure to market risk, is an important component of the Board's regulatory capital framework (12 CFR part 217; Regulation Q). The respondents for this collection of information are bank holding companies (BHCs), savings and loan holding companies (SLHCs), intermediate holding companies (IHCs), and state member banks (SMBs) that meet certain thresholds. The market risk capital rule applies to any banking organization with aggregate trading assets and trading liabilities equal to (1) 10 percent or more of quarter-end total assets or (2) \$1 billion or more.¹ The Board may exclude a banking organization that meets these thresholds if the Board determines that the exclusion is appropriate based on the level of market risk of the banking organization and is consistent with safe and sound banking practices.²

The Board may further apply the market risk capital rule to any other banking organization if the Board deems it necessary or appropriate because of the level of market risk of the banking organization or to ensure safe and sound banking practices.³ The collections of information provide current statistical data identifying market risk areas on which to focus onsite and offsite examinations. They also allow the Board to assess the levels and components of each reporting institution's risk-based capital requirements for market risk and the adequacy of the institution's capital under the market risk capital rule. These collections of information ensure capital adequacy of banking organizations according to their level of market risk and assist the Board in implementing and validating the market risk framework. There are no required reporting forms associated with this information collection.

There are several recordkeeping requirements outlined in the market risk capital rule. Subject banking organizations must adequately document all material aspects of their internal models; the management and valuation of their covered positions; their control, oversight, validation, and

review processes and results; and their internal assessments of capital adequacy. Subject banking organizations are also required to have clearly defined policies and procedures for determining which trading assets and trading liabilities are trading positions and which trading positions are correlation trading positions. Furthermore, subject banking organizations are required to have clearly defined trading and hedging strategies for trading positions.

In addition, subject banking organizations must conduct and document an analysis of the risk characteristics of each securitization position prior to acquiring the position, considering structural features of the securitization that would materially impact the performance of the position; relevant information regarding the performance of underlying credit exposure(s); relevant market data of the securitization; and, for resecuritization positions, performance information on the underlying securitization exposure. On an ongoing basis (but no less frequently than quarterly), subject banking organizations must evaluate, review, and update as appropriate the analysis required for each securitization position.

Proposed revisions: In August 2019, the Board extended the FR 4201 for three years, with revision, and a notice was published in the **Federal Register** (84 FR 39843). Those revisions included removing references to provisions in the market risk capital rule concerning securitizations. This revision was in error, as the market risk capital rule contains a recordkeeping requirement concerning securitizations, which is described above. Therefore, the Board proposes to reinstate this recordkeeping requirement. Additionally, the Board proposes to revise the FR 4201 to account for the general recordkeeping requirement in section 217.203(f) of the market risk capital rule, which was not previously accounted for.

Legal authorization and confidentiality: The FR 4201 is authorized pursuant to sections 9(6) and 11 of the Federal Reserve Act for SMBs (12 U.S.C. 324 and 248); pursuant to section 5 of the Bank Holding Company Act of 1956 (BHC Act) (12 U.S.C. 1844(c)) and, in some cases, section 165 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act) for BHCs (12 U.S.C. 5365); pursuant to section 5 of the BHC Act (12 U.S.C. 1844), in conjunction with section 8 of the International Banking Act of 1978 (12 U.S.C. 3106), and section 165 of the Dodd-Frank Act for IHCs of foreign banking organizations; and pursuant to sections 10(b)(2) and (g)

of the Home Owners' Loan Act for SLCHs (12 U.S.C. 1467a(b)(2) and (g)). The FR 4201 is mandatory.

The information collected pursuant to the FR 4201 is collected as part of the Board's supervisory process, and therefore may be afforded confidential treatment pursuant to exemption 8 of the Freedom of Information Act (FOIA) (5 U.S.C. 552(b)(8)). In addition, individual respondents may request that certain data be afforded confidential treatment pursuant to exemption 4 of the FOIA, which exempts from disclosure "trade secrets and commercial or financial information obtained from a person [that is] privileged or confidential" (5 U.S.C. 552(b)(4)). Determinations of confidentiality based on exemption 4 of the FOIA would be made on a case-by-case basis.

Board of Governors of the Federal Reserve System, January 13, 2020.

Michele Taylor Fennell,
Assistant Secretary of the Board.

BILLING CODE 6210-01-P

GENERAL SERVICES ADMINISTRATION

[Notice—MG—2020—01; Docket No. 2020—0002; Sequence No. 1]

Office of Federal High-Performance Buildings; Green Building Advisory Committee; Request for Membership Nominations for an Environmental Health Expert and a Construction Expert

AGENCY: Office of Government-wide Policy, General Services Administration (GSA).

ACTION: Notice of request for membership nominations for an Environmental Health Expert and a Construction Expert.

SUMMARY: The Green Building Advisory Committee provides advice to GSA as a mandatory federal advisory committee, as specified in the Energy Independence and Security Act of 2007 (EISA) and in accordance with the provisions of the Federal Advisory Committee Act (FACA). With openings for an Environmental Health expert and a Construction expert, this notice invites qualified candidates to apply to be considered for appointment to a voluntary position on the Committee representing these areas of expertise.

DATES: *Applicable:* January 17, 2020.

FOR FURTHER INFORMATION CONTACT: Mr. Ken Sandler, Office of Federal High-Performance Buildings, GSA, at 202—

¹ See 12 CFR 217.201(b)(1).

² See 12 CFR 217.201(b)(3).

³ See 12 CFR 217.201(b)(2).

219–1121 or email at ken.sandler@gsa.gov.

SUPPLEMENTARY INFORMATION:

Background

The Administrator of the GSA established the Green Building Advisory Committee (hereafter, “the Committee”) on June 20, 2011 (76 FR 118) pursuant to Section 494 of the Energy Independence and Security Act of 2007 (42 U.S.C. 17123, or EISA), in accordance with the provisions of the Federal Advisory Committee Act (FACA), as amended (5 U.S.C. App. 2). Under this authority, the Committee advises GSA on how the Office of Federal High-Performance Buildings can most effectively accomplish its mission. Information about this Office is available online at <http://www.gsa.gov/hpb>. Information about the Committee, including current members, is available on GSA’s website at <http://www.gsa.gov/gbac>.

The EISA statute authorizes the Committee and identifies categories of members to be included. The categories that are the subject of this notice are defined at EISA § 494(b)(1)(B) as:

- “environmental health experts, including those with experience in children’s health.”
- “building experts, including . . . construction contractors.”

Member responsibilities: Approved Committee members will be appointed to terms of either 2 or 4 years with the possibility of membership renewals as appropriate. Membership is limited to the specific individuals appointed and is non-transferrable. Members are expected to attend all meetings in person, review all Committee materials, and actively provide their advice and input on topics covered by the Committee. Committee members will not receive compensation or travel reimbursements from the Government except where need has been demonstrated and funds are available.

Request for membership nominations: This notice provides an opportunity for individuals to present their qualifications and apply for an open seat on the Committee. GSA will review and consider all applications and determine which candidates are likely to add the most value to the Committee based on the criteria outlined in this notice.

No person who is a federally-registered lobbyist may serve on the Committee, in accordance with the Presidential Memorandum “Lobbyists on Agency Boards and Commissions” (June 18, 2010).

Nomination process for Advisory Committee appointment: Individuals

may nominate themselves or others. Requirements include:

- At least 5 years of high-performance building experience, which may include a combination of project-based, research and policy experience.
- Academic degrees, certifications and/or training demonstrating high-performance building and related sustainability and real estate expertise.
- Knowledge of federal sustainability and energy laws and programs.
- Proven ability to work effectively in a collaborative, multi-disciplinary environment and add value to the work of a committee.
- Qualifications appropriate to the specific statutory requirement of an Environmental Health Expert or a Construction Expert, with expertise applicable to public/commercial building design & operation.

A nomination package shall include the following information for each nominee: (1) A letter of nomination stating the name and organizational affiliation(s) of the nominee, nominee’s field(s) of expertise, specific qualifications as an Environmental Health Expert or a Construction Expert to the Committee, and description of interest and qualifications; (2) A professional resume or CV; and (3) Complete contact information including name, return address, email address, and daytime telephone number of the nominee and nominator.

GSA reserves the right to choose Committee members based on qualifications, experience, Committee balance, statutory requirements and all other factors deemed critical to the success of the Committee. Candidates may be asked to provide detailed financial information to permit evaluation of potential conflicts of interest that could impede their work on the Committee, in accordance with the requirements of FACA. All nominations must be submitted in sufficient time to be received by 5:00 p.m., Eastern Daylight Time (EDT), on Thursday, February 13, 2020, and be addressed to ken.sandler@gsa.gov.

Kevin Kampschroer,

Federal Director, Office of Federal High-Performance Buildings, Office of Government-wide Policy.
