Federal Railroad Administration

[Docket Number FRA–2020–0045]

Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on June 3, 2020, Long Island Rail Road (LIRR) petitioned the Federal Railroad Administration (FRA) for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 239. FRA assigned the petition Docket Number FRA–2020–0045.

Specifically, LIRR requests relief from “hands-on” instruction concerning the location, function, and operation of on-board emergency equipment as required by 49 CFR 239.101(a)(2)(E). LIRR seeks to provide alternative instructor-led video training, using Power Point or similar programs, during situations when in-person training is unsafe or impractical due to natural disaster, state of emergency, or other unforeseen circumstances. LIRR states that by providing instructor-led video training, it can give additional classes to make up for previously postponed classes and reduced class size, while adhering to social distancing guidelines.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov and in person at the U.S. Department of Transportation's (DOT) Docket Operations Facility, 1200 New Jersey Ave. SE, W12–140, Washington, DC 20590. The Docket Operations Facility is open from 9 a.m. to 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested parties desire an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.
