SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the

burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Institutional Disclosures for Distance Education or Correspondence Programs.

OMB Control Number: 1845–0145.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments; Private Sector

Total Estimated Number of Annual Responses: 3,588.

Total Estimated Number of Annual Burden Hours: 152,405.

Abstract: The Department of Education (Department) requests an extension without change to the information collection tied to 34 CFR part 668.50 requiring institutional disclosures for distance education and correspondence courses. This regulatory action establishes requirements for institutional disclosures to prospective and enrolled students in programs offered solely through distance education or correspondence courses, which the Department believes will protect students by providing them with important information that may influence their attendance in distance education programs or correspondence courses as well as improve the efficacy of State-based consumer protections for students. Since distance education may involve multiple States, institutional and program authorization requirements among States may differ, and students may be unfamiliar with or fail to receive information about complaint processes, licensure requirements, or other requirements of authorities in States in which they do not reside.

The final regulations, based on the 2019 negotiated rulemaking, will rescind the requirements of § 668.50 in its entirety. While the Secretary is exercising her authority to allow for early implementation of the rescission of this section, the final rule and the rescission will not fully take place until July 1, 2020. The Department is asking to extend the current burden assessment until the effective date of the change and at that time a discontinuation request will be filed.

Dated: December 17, 2019.

PRA Coordinator, Strategic Collections and Clearance, Governance and Strategy Division, Office of Chief Data Officer.
