

Free Governance Legal Clinic for Nonprofits

February 25, 2021, 10:00 a.m. to 12:00 p.m.
VIRTUALLY VIA WEBCONFERENCE

The D.C. Bar Pro Bono Center and [Exponentum](#)[™]—a national network of business law pro bono providers—are uniting for a National Day of Service, with the common goal of serving nonprofits throughout the country. In Washington, D.C., this legal clinic will help local nonprofit organizations assess and improve their governance and fiscal oversight procedures.

Issues covered will include:

- Maintaining D.C. corporate status and IRS tax-exempt status;
- Board operations and governance policies;
- Financial management and fiscal governance; and
- IRS operational and fundraising-related requirements.

ABOUT THE CLINIC:

Each participating organization will meet with attorney volunteers assigned to it to walk through several questions regarding current policies and procedures, in order to flag areas where changes may be needed.

After this legal clinic, your organization may request additional assistance from the D.C. Bar Pro Bono Center to follow up on legal issues identified in the course of the attorney consultation.

WHO SHOULD ATTEND:

A board member, executive director, or senior manager of DC-incorporated nonprofits that already have 501(c)(3) status.
