On June 7, 2019, the Notice of Availability (NOA) of the Draft RMP Amendment and Draft Environmental Impact Statement (EIS) for the Gemini Solar Project published in the **Federal Register** (84 FR 26701), which provided for a 90-day public comment period. The BLM held two public meetings. The public comment period closed September 5, 2019. The BLM received 114 substantive letters containing 1,147 individual substantive comments during the 90-day public comment period. The comments focused on range of alternatives; Mojave desert tortoise; bighorn sheep and migratory birds; threecorner milkvetch, other sensitive plants and native vegetation communities; Old Spanish National

Historic Trail; change to Visual Resource Management Class; impacts to recreation; drainage impacts and hydrologic changes, erosion, and dust; and tribal concern.

On December 27, 2019, a NOA of the Proposed RMP Amendment and Final EIS for the Gemini Solar Project published in the **Federal Register** (84 FR 71455), which initiated a 30-day public protest period and a 60-day Governor's consistency review. The BLM received five (5) protests on the proposed land use plan amendment, the BLM considered each protest letter in its decision. The Protest Resolution Report was completed on March 6, 2020 and is available for public inspection as the addresses listed above. On March 6, 2020, BLM received a written response from the Governor's office with no inconsistencies identified.

Approval of these decisions constitutes the final decision of the Department of the Interior and, in accordance with the regulations at 43 CFR 4.410(a)(3), is not subject to appeal under Departmental regulations at 43 CFR part 4. Any challenge to these decisions, including the BLM Authorized Officer's issuance of the right-of-way as approved by this decision, must be brought in the Federal district court.
