

Time: 1. *Title:* Information Collection for Innovation Pilot Programs.

OMB Number: 3064–NEW.

Form Number: None.

Affected Public: FDIC-supervised institutions (state-chartered banks and savings institutions that are not members of the Federal Reserve System) and innovative companies that partner or plan to partner, or provide services to such institutions.

Estimated Number of Respondents: 50.

Estimated Total Annual Burden: 3,000 hours.

General Description of Collection: The FDIC seeks to engage and collaborate with innovators in the financial, non-financial, and technology sectors to, among other things, identify, develop and promote technology-driven innovations among community and other banks in a manner that ensures the safety and soundness of FDIC-supervised and insured institutions. An innovation pilot program framework will provide a regulatory environment in which the FDIC, in conjunction with individual proposals collected from innovators, including banks, will provide tailored regulatory and supervisory assistance, when appropriate, to facilitate the testing of innovative and advanced technologies, products, services, systems, or activities.

While greater detail and the parameters of a planned innovation pilot program framework will be separately announced at a later date, innovators (banks and firms in partnership with banks) will be invited to voluntarily propose time-limited pilot programs, which will be collected and considered by the FDIC on a case-by-case basis. Innovators may request to participate by submitting proposals during a set time period for submissions. Applicants will propose the design and parameters of the pilot program tests, as well as any tailored regulatory and supervisory assistance needed from the FDIC. Collected proposals will be assessed, prioritized and identified for testing, either on their own or as part of a subject-area focused grouping of pilot programs.

The FDIC anticipates that proposals will involve cutting-edge innovations and novel approaches or applications involving a banking product, service, system, or activity that benefits and can lead to better outcomes for consumers through, for example, an increased range of products and services, reduced costs, or improved access to financial services, or that decreases operational, risk management, or compliance costs for insured depository institutions.

Accepted pilot programs may be conducted and monitored concurrently with a number of pilot programs selected in a given cohort with limited participants. Subject-area groupings could include pilot programs that match a general theme or product area of great promise or particular interest to the banking sector or the FDIC. This may be announced in advance of the collection or afterwards if multiple pilot programs proposals are found to share key attributes or defining characteristics (e.g., similar product concept; banks of certain size; like customer focus).

Proposals will be collected from FDIC-supervised institutions (state-chartered banks and savings institutions that are not members of the Federal Reserve System), who may submit a pilot program proposal individually or together with companies that provide or aim to provide technologically driven products, services, or systems through direct contractual arrangements, partnerships, or joint ventures (this includes third-party service providers). Proposals may also be collected from innovators that are not themselves FDIC-supervised institutions and do not have a partnering institution but who may submit a pilot program proposal; however, the nonbank will be eligible to receive only a preliminary non-objection to its proposal conditioned on later submission (and collection) of the proposal in partnership with an FDIC-supervised institution.

The collection will be limited by eligibility for consideration. FDIC-supervised institutions that wish to participate in a pilot program must: (1) Have a demonstrated record of engaging in appropriate risk management; (2) be well-capitalized; (3) be well-rated for compliance and safety and soundness; and (4) not have significant pending supervisory or enforcement actions (or significant regulatory investigations). Other firms seeking to participate in a pilot program must: (1) Be a U.S. domicile; (2) conduct all pilot program banking activity (products and services) through an FDIC-supervised institution partner; and (3) not involve persons who have been convicted of any criminal offense involving dishonesty, breach of trust, or money laundering.

Request for Comment

Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimate of the burden of the information collection, including the validity of the methodology and assumptions used; (c)

ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

2020 Privately Owned Vehicle (POV) Mileage Reimbursement Rates; 2020 Standard Mileage Rate for Moving Purposes

AGENCY: Office of Government-wide Policy (OGP), General Services Administration (GSA).

ACTION: Notice.

SUMMARY: GSA is updating the mileage reimbursement rate for privately owned automobiles (POA), airplanes, and motorcycles as required by statute. This information will be available in FTR Bulletin 20–03, which can be found on GSA's website at <https://gsa.gov/ftrbulletins>.

DATES: *Applicability date:* This notice applies to travel and relocation performed on or after January 1, 2020 through December 31, 2020.

FOR FURTHER INFORMATION CONTACT: For clarification of content, please contact Ms. Cheryl D. McClain-Barnes, Program Analyst, Office of Government-wide Policy, Office of Asset and Transportation Management, at 202–208–4334, or by email at travelpolicy@gsa.gov. Please cite Notice of FTR Bulletin 20–03.

SUPPLEMENTARY INFORMATION: GSA is required by statute to set the mileage reimbursement rate for privately owned automobiles (POA) as the single standard mileage rate established by the Internal Revenue Service (IRS). The IRS mileage rate for medical or moving purposes is used to determine the POA rate when a Government-furnished automobile is authorized and also represents the privately owned vehicle (POV) standard mileage reimbursement rate for official relocation. Finally, GSA

conducts independent reviews of the cost of travel and the operation of privately owned airplanes and motorcycles on an annual basis to determine their corresponding mileage reimbursement rates. These reviews evaluate various factors, such as the cost of fuel, depreciation of the original vehicle cost, maintenance and insurance, state and Federal taxes, and consumer price index data. FTR Bulletin 20–03 establishes and announces the new CY 2020 POV mileage reimbursement rates for official temporary duty and relocation travel. This notice is the only notification to agencies of revisions to the POV mileage rates for official travel, and relocation, other than the changes posted on GSA's website at <https://gsa.gov/mileage>.

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS' intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency's functions, the accuracy of

the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected, and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by February 13, 2020.

ADDRESSES: When commenting on the proposed information collections, please reference the document identifier or OMB control number. To be assured consideration, comments and recommendations must be received by the OMB desk officer via one of the following transmissions: OMB, Office of Information and Regulatory Affairs, Attention: CMS Desk Officer, Fax Number: (202) 395–5806 *OR*, Email: OIRA_submission@omb.eop.gov.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of following:

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. *Type of Information Collection Request:* Extension of a currently
