

like product have expressed a lack of interest in the order, in whole or in part. In addition, in the event Commerce determines that expedited action is warranted, 19 CFR 351.221(c)(3)(ii) permits Commerce to combine the notices of initiation and preliminary results. In its administrative practice, Commerce has interpreted “substantially all” to mean producers accounting for at least 85 percent of the total U.S. production of the domestic like product covered by the order.¹⁰

The domestic producers state that they do not oppose the partial revocation request; however, because neither domestic party indicated whether it accounts for substantially all of the domestic production of crystalline silicon photovoltaic products, we are not combining this notice of initiation with a preliminary determination, pursuant to 19 CFR 351.221(c)(3)(ii), but will provide interested parties with an opportunity to address the issue of domestic industry support with respect to this requested partial revocation of the *Solar Products Orders*, as explained below. After examining comments, if any, concerning domestic industry support, we will issue the preliminary results of these changed circumstances reviews.

Public Comment

Interested parties are invited to provide comments and/or factual information regarding these changed circumstances reviews, including comments on industry support and the proposed partial revocation language. Comments and factual information may be submitted to Commerce no later than ten days after the date of publication of this notice. Rebuttal comments and rebuttal factual information may be filed with Commerce no later than seven days after the comments and/or factual information are filed.¹¹ Note that Commerce has modified certain of its requirements for serving documents containing business proprietary information, until July 17, 2020, unless extended.¹² All submissions must be filed electronically using Enforcement

and Compliance’s AD and CVD Centralized Electronic Service System (ACCESS).¹³ An electronically filed document must be received successfully in its entirety by ACCESS, by 5 p.m. Eastern Time on the due dates set forth in this notice.

Preliminary and Final Results of the Review

Commerce intends to publish in the **Federal Register** a notice of the preliminary results of these AD and CVD changed circumstances reviews in accordance with 19 CFR 351.221(b)(4) and (c)(3)(i), which will set forth Commerce’s preliminary factual and legal conclusions. Commerce will issue its final results of these changed circumstances reviews in accordance with the time limits set forth in 19 CFR 351.216(e).

This initiation notice is published in accordance with section 751(b)(1) of the Act and 19 CFR 351.221(b)(1).

Dated: June 5, 2020.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.
