BILLING CODE 3290–F0–C

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

[Docket No. FAA–2020–0661]

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: General Operating and Flight Rules FAR 91 and FAR 107

AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Notice and request for
comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request Office of Management and Budget (OMB) approval to renew an information collection. The collection involves information required to process a request for a Minimum Equipment List (MEL) Letter of Authorization (LOA) in

accordance with certain regulations prescribing general operating and flight rules. The information to be collected is necessary because a written request is required to obtain an MEL LOA. The information collected includes only those details essential to evaluate the request, approve the MEL, and issue the LOA.

DATES: Written comments should be submitted by September 8, 2020.

ADDRESSES: Please send written comments:

By Electronic Docket:
www.regulations.gov (Enter docket number into search field).

By mail: Dwayne C. Morris, 800 Independence Ave. SW, Washington, DC 20591.

By fax: 202–267–1078.

FOR FURTHER INFORMATION CONTACT: John Attebury by email at: john.h.attebury@faa.gov; phone: 281–443–5862.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA’s performance; (b) the accuracy of the estimated burden; (c) ways for FAA to

enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB’s clearance of this information collection.

OMB Control Number: 2120–0005.

Title: General Operating and Flight Rules FAR 91 and FAR 107.

Form Numbers: None.

Type of Review: Renewal.

Background: A person who desires to operate an aircraft with inoperative instruments or equipment under the provisions of 14 CFR 91.213(a) must receive approval for their minimum equipment list and be issued an LOA to use that MEL. The person must submit the MEL for approval along with a written request for an LOA to the responsible Flight Standards office. The information collected includes only those details essential to evaluate the request, approve the MEL, and issue the LOA. This information includes the aircraft operator’s name and address, the name and telephone number or email address of the person responsible for aircraft operations, aircraft make, model,

series, aircraft registration number, aircraft serial number, the proposed MEL, and nonessential equipment and furnishings list, if applicable.

The FAA currently issues MEL approvals under the provisions of § 91.213(a) through two methods: (1) D095 LOA and (2) D195 LOA. The FAA is simplifying § 91.213(a) MEL approvals by transitioning to one method of approval, LOA D195, and streamlining the application and approval process to reduce regulatory costs, burdens, and delays. While developing this new § 91.213(a) LOA policy, the FAA discovered that approval for information collection was inadvertently overlooked during the § 91.213 rulemaking process. We now seek to remedy that omission.

Respondents: Approximately 2,638 aircraft operators of U.S.-registered aircraft who desire to operate under 14 CFR 91.213(a).

Frequency: One time for the initial request for MEL approval and LOA issuance, and thereafter for MEL revision.

Estimated Average Burden per Response: 20 hours for initial approval; 4 hours for revision

Estimated Total Annual Burden: We estimate the average annual burden for the first 10 years will be 38,792 hours. Due to implementation of new MEL policy, we anticipate an annual burden of 55,392 hours for the first 5 years and 22,192 hours thereafter, resulting in a 10-year average of 38,792 hours per year. Our rationale follows:

The FAA Aerospace Forecast for Fiscal Years 2020–2040 projects the general aviation fleet to decline slightly, rounded up to an average of 0% change annually. Therefore, we will use the current average of 1308 part 91 MEL LOAs issued per year. Over the past 4 years, 81% of these LOAs were for initial MEL approval and 19% were for MEL revision. We estimate a 20 hour burden for an initial MEL request and a 4 hour burden for an MEL revision. This results in an annual burden of 22,192 hours.

$1,308 \times 81\% = 1,060$; $1,060 \times 20$ hours = 21,200 hours
 $1,308 \times 19\% = 248$; 248×4 hours = 992 hours
 21,200 hours + 992 hours = 22,192 hours

Additionally, there are 8,300 active D095 LOAs. The new FAA policy will phase out the use of D095 over five years. Holders of D095 LOAs who wish to operate under § 91.213(a) must request D195 LOA issuance. Therefore, on average, for the first 5 years, we anticipate an additional 1,660 MEL LOA

requests. These would all be initial MEL requests and result in an additional 33,200 hours each year for the first 5 years.

$1,660 \times 20$ hours = 33,200 hours

Therefore, for the first 5 years, we anticipate an annual burden of 55,392 hours (22,192 + 33,200) and 22,192 hours thereafter, resulting in an average of 38,792 hours per year.

Issued in Washington, DC, on July 7, 2020.

Dwayne C. Morris,

Project Manager, Flight Standards Service, General Aviation and Commercial Division.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA–2020–0066; Notice 1]

Volkswagen Group of America, Inc., Receipt of Petition for Decision of Inconsequential Noncompliance

AGENCY: National Highway Traffic Safety Administration (NHTSA), Department of Transportation (DOT).

ACTION: Receipt of petition.

SUMMARY: Volkswagen Group of America, Inc., (Volkswagen) has determined that certain model year (MY) 2019 2020 Volkswagen and Audi motor vehicles do not fully comply with Federal Motor Vehicle Safety Standard (FMVSS) No. 138, *Tire Pressure Monitoring Systems*. Volkswagen filed a noncompliance report dated May 6, 2020, and later amended it on May 15, 2020. Volkswagen subsequently petitioned NHTSA on May 20, 2020, and later amended it on June 8, 2020, for a decision that the subject noncompliance is inconsequential as it relates to motor vehicle safety. This notice announces receipt of Volkswagen's petition.

DATES: Send comments on or before August 10, 2020.

ADDRESSES: Interested persons are invited to submit written data, views, and arguments on this petition. Comments must refer to the docket and notice number cited in the title of this notice and submitted by any of the following methods:

- **Mail:** Send comments by mail addressed to the U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590.
- **Hand Delivery:** Deliver comments by hand to the U.S. Department of

Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE, Washington, DC 20590. The Docket Section is open on weekdays from 10 a.m. to 5 p.m. except for Federal holidays.

- **Electronically:** Submit comments electronically by logging onto the Federal Docket Management System (FDMS) website at <https://www.regulations.gov/>. Follow the online instructions for submitting comments.

- Comments may also be faxed to (202) 493–2251.

Comments must be written in the English language, and be no greater than 15 pages in length, although there is no limit to the length of necessary attachments to the comments. If comments are submitted in hard copy form, please ensure that two copies are provided. If you wish to receive confirmation that comments you have submitted by mail were received, please enclose a stamped, self-addressed postcard with the comments. Note that all comments received will be posted without change to https://www.regulations.gov, including any personal information provided.

All comments and supporting materials received before the close of business on the closing date indicated above will be filed in the docket and will be considered. All comments and supporting materials received after the closing date will also be filed and will be considered to the fullest extent possible.

When the petition is granted or denied, notice of the decision will also be published in the **Federal Register** pursuant to the authority indicated at the end of this notice.

All comments, background documentation, and supporting materials submitted to the docket may be viewed by anyone at the address and times given above. The documents may also be viewed on the internet at https://www.regulations.gov by following the online instructions for accessing the docket. The docket ID number for this petition is shown in the heading of this notice.

DOT's complete Privacy Act Statement is available for review in a **Federal Register** notice published on April 11, 2000 (65 FR 19477–78).

SUPPLEMENTARY INFORMATION:

I. Overview: Volkswagen has determined that certain MY 2019 2020 Volkswagen and Audi motor vehicles do not fully comply with the requirements of paragraph S6(f)(3) of FMVSS No. 138, *Tire Pressure Monitoring Systems* (49 CFR 571.138). Volkswagen filed a
