Agency Information Collection Activities: Proposed Collection; Comment Request—Determining Eligibility for Free and Reduced Price Meals and Free Milk

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice invites the general public and other public agencies to comment on this information collection. This collection is a revision of a currently approved collection for determining eligibility for free and reduced price meals and free milk as stated in FNS regulations. These Federal requirements affect eligibility under the National School Lunch Program, School Breakfast Program, and the Special Milk Program and are also applicable to the Child and Adult Care Food Program and the Summer Food Service Program when individual eligibility must be established. The eligibility burden of the Child and Adult Care Food Program and the Summer Food Service Program is reported in information collections under OMB Control Numbers 0584–0055 and 0584–0280, respectfully. The proposed collection reports the eligibility burden of National School Lunch Program; the School Breakfast Program; and the Special Milk Program. Previous information collection reviews unintentionally omitted the burden hours associated with the Special Milk Program's eligibility criteria, and some revisions being requested are due to the addition of the Special Milk Program. The current approval for the information collection burden associated with the eligibility requirements expires on March 31, 2020.

DATES: Written comments must be received on or before March 23, 2020.

Abstract: The Food and Nutrition Service administers the National School Lunch Program, the School Breakfast Program, and the Special Milk Program as mandated by the Richard B. Russell National School Lunch Act (NSLA), as amended (42 U.S.C. 1751, *et seq.*), and the Child Nutrition Act of 1966, as amended (42 U.S.C. 1771, *et seq.*). Per 7 CFR part 245, schools participating in these meal and milk programs must make free and reduced price meals and free milk available to eligible children. This information collection obtains eligibility information for free and reduced price meals and free milk and also incorporates verification procedures as required to confirm eligibility. The Programs are administered at the State and local levels and operations include direct certification, the submission of household size and income applications for school meal/milk benefits, record maintenance, and public notification of eligibility determinations, documentation, and other data. The information collection burden associated with this revision is summarized in the chart below. The difference in burden from the previous information collection is due to the addition of several reporting, recordkeeping, and public notification burdens associated with determining eligibility in the Special Milk Program as well as changes in the number of participating school food authorities/ local educational agencies, and the number of households submitting applications. This is a revision of the currently approved information collection.
