SUPPLEMENTARY INFORMATION:

I. Background

FDA is issuing this guidance to comply with section 702 of FDARA (Pub. L. 115-52), which amended section 704 of the FD&C Act (21 U.S.C. 374). The purpose of this guidance is to explain how the owner, operator, or agent in charge of a device establishment may submit a request for nonbinding feedback to FDA regarding actions the firm has proposed to take to address certain kinds of inspectional observations that have been documented on an FDA Inspectional Observations Form (Form FDA 483) and issued to the firm upon completion of an inspection of the firm's establishment. This guidance identifies a standardized method for communicating and submitting requests for nonbinding feedback and describes how FDA evaluates and responds to such requests.

FDA considered comments received on the draft guidance that appeared in the **Federal Register** of February 19, 2019 (84 FR 4823). FDA revised the guidance as appropriate in response to the comments, including clarifying that if a request for nonbinding feedback does not meet the statutory criteria, FDA may choose to respond to these requests through an alternate mechanism (e.g., written correspondence, teleconference, face-to-face meeting) at its discretion.

II. Significance of Guidance

This guidance is being issued consistent with FDA's good guidance practices regulation (21 CFR 10.115). The guidance represents the current thinking of FDA on "Nonbinding Feedback After Certain FDA Inspections

of Device Establishments." It does not establish any rights for any person and is not binding on FDA or the public. You can use an alternative approach if it satisfies the requirements of the applicable statutes and regulations.

III. Electronic Access

Persons interested in obtaining a copy of the guidance may do so by downloading an electronic copy from the internet. A search capability for all Center for Devices and Radiological Health guidance documents is available at <https://www.fda.gov/MedicalDevices/DeviceRegulationandGuidance/GuidanceDocuments/default.htm>.
