COVID–19 Prioritized Examination Pilot Program

AGENCY: United States Patent and Trademark Office, Department of Commerce.

ACTION: Notice.

SUMMARY: The United States Patent and Trademark Office (USPTO or Office) is implementing a pilot program to provide prioritized examination of certain patent applications. To qualify, the claim(s) of an application must cover a product or process related to COVID–19, and such product or process must be subject to an applicable FDA approval for COVID–19 use.

Under this pilot program, the USPTO will grant qualified requests for prioritized examination without payment of certain fees associated with prioritized examination for applicants that qualify for small or micro entity status. The goal of prioritized examination is to provide a final disposition within 12 months, on average, from the date the prioritized status has been granted. Furthermore, the USPTO believes it can achieve final disposition in six months if applicants provide more timely responses to notices and actions from the USPTO, as compared to those required by prioritized examination. This notice outlines the conditions, eligibility requirements, and guidelines of the pilot program.
