Current Actions: To administer a special initiative in the Museums for America (MFA) grant program titled Museums Empowered: Professional Development Opportunities for Museum Staff.

Museums Empowered: Professional Development Opportunities for Museum Staff is a special initiative of the Museums for America grant program with the goal of strengthening the ability of an individual museum to serve its public through professional development activities that cross-cut various departments to generate systemic change within the museum.

Museums need to be dynamic to respond to fast-evolving technological advances and changing demographics. Museums also need to generate and share results that document the effectiveness of their work in addressing community problems. In addition, they need to develop sustainable organizational structures and flexible strategies for long-term stability. Professional development is critical for museums to deliver on these areas of need.

IMLS encourages applicants to invest in the professional development of museum staff, leadership, and volunteers to enhance their skills and ensure the highest standards in all aspects of museum operations. Potential projects should involve multiple levels of staff and generate organizational change.

Your project should align with one of the following four categories: (1) Digital Technology, (2) Diversity and Inclusion, (3) Evaluation, and (4) Organizational Management.

This action is to seek renewal clearance of the “Museums Empowered: Professional Development Opportunities for Museum Staff.” The 60-day was published in the **Federal Register** on November 14, 2019 (FR vol. 84, No. 220, pgs. 61942–61943). There were no public comments.
