

questions, please call Ms. Irma Rodriguez at (202) 358-0984. Attendees will also be required to sign a register prior to entering the meeting room.

Note: As a precaution, individuals returning from China will not be allowed into NASA Headquarters until the 14 days of observation and self-care period has expired, and they are determined not to be infectious. Attendees to the Aeronautics Committee meeting who are returning from China should only participate virtually through the provided dial-in audio and WebEx, until the 14 days of observation and self-care period has expired. It is imperative that the meeting be held on these dates to accommodate the scheduling priorities of the key participants.

Patricia Rausch,
Advisory Committee Management Officer,
National Aeronautics and Space
Administration.

BILLING CODE 7510-13-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice: (20-017)]

NASA Advisory Council; Science Committee; Meeting

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, as amended, the National Aeronautics and Space Administration (NASA) announces a meeting of the Science Committee of the NASA Advisory Council (NAC). This Committee reports to the NAC. The meeting will be held for the purpose of soliciting, from the scientific community and other persons, scientific and technical information relevant to program planning.

DATES: Thursday, March 12, 2020, 9:30 a.m.–4:15 p.m., and Friday, March 13, 2020, 8:30 a.m.–1:00 p.m., Eastern Time.

ADDRESSES: NASA Headquarters, Room 5H41, 300 E Street SW, Washington, DC 20546.

FOR FURTHER INFORMATION CONTACT: Ms. KarShelia Henderson, Science Mission Directorate, NASA Headquarters, Washington, DC 20546, (202) 358-2355, fax (202) 358-2779, or khenderson@nasa.gov.

SUPPLEMENTARY INFORMATION: The meeting will be open to the public up to the capacity of the room. This meeting will also be available telephonically and by WebEx. You must use a touch-tone phone to participate in this meeting. Any interested person may dial the toll free number 1-888-469-

1762 or toll number 1-212-287-1653, passcode 8281293, followed by the # sign, on both days, to participate in this meeting by telephone. The WebEx link is <https://nasaenterprise.webex.com>; the meeting number is 909 851 126 and the password is SC@Mar2020 (case sensitive) for both days. The agenda for the meeting includes the following topics:

- Science Mission Directorate (SMD) Missions, Programs and Activities
- FY 2021 President's Budget Request for NASA SMD
- Moon to Mars

Attendees will be requested to sign a register and to comply with NASA Headquarters security requirements, including the presentation of a valid picture ID to Security before access to NASA Headquarters. Foreign nationals attending this meeting will be required to provide a copy of their passport and visa in addition to providing the following information no less than 10 days prior to the meeting: Full name; gender; date/place of birth; citizenship; passport information (number, country, telephone); visa information (number, type, expiration date); employer/affiliation information (name of institution, address, country, telephone); title/position of attendee. To expedite admittance, U.S. citizens and Permanent Residents (green card holders) are requested to provide full name and citizenship status no less than 3 working days in advance. Information should be sent to Ms. KarShelia Henderson, via email at khenderson@nasa.gov or by fax at (202) 358-2779.

Note: As a precaution, individuals returning from China will not be allowed into NASA Headquarters until the 14 days of observation and self-care period has expired, and they are determined not to be infectious. Attendees to the Science Committee meeting who are returning from China should only participate virtually through the provided dial-in audio and WebEx, until the 14 days of observation and self-care period has expired. It is imperative that the meeting be held on these dates to the scheduling priorities of the key participants.

Patricia Rausch,
Advisory Committee Management Officer,
National Aeronautics and Space
Administration.

NATIONAL FOUNDATION ON THE ARTS AND THE HUMANITIES

National Endowment for the Humanities

Agency Information Collection Request; 30-Day Public Comment Request

AGENCY: National Endowment for the Humanities; National Foundation on the Arts and the Humanities.

ACTION: Notice; request for comments.

SUMMARY: The National Endowment for the Humanities (NEH) is seeking Office of Management and Budget (OMB) approval for the information collection described below. In accordance with the Paperwork Reduction Act of 1995, NEH is requesting comments from all interested individuals and organizations on this proposed collection.

DATES: Please submit comments by March 23, 2020.

ADDRESSES: Submit written comments to the Office of Information and Regulatory Affairs, Office of Management and Budget, 725 17th Street NW, Washington, DC 20503, Attn: Desk Officer for the National Endowment for the Humanities; or by email to oira_submission@omb.eop.gov; or by fax to (202) 395-6974.

FOR FURTHER INFORMATION CONTACT: Judith Adkins, Program Officer, National Endowment for the Humanities: 400 Seventh Street SW, Washington, DC 20506, or jadkins@neh.gov.

SUPPLEMENTARY INFORMATION: NEH first published notice of its intent to seek OMB approval for this information collection in the **Federal Register** of October 10, 2019 (84 FR 54647) and allowed 60 days for public comment. The agency received one public comment, dated October 10, 2019, which expressed general concern about high taxes and doubt about the benefit of this information collection to the taxpayer. NEH acknowledged the comment but determined that it did not call for any change to the planned information collection since the opinion expressed was of a general nature and did not pertain to any specific aspects of the information collection. The purpose of this notice is to allow an additional 30 days for public comment.

Overview of This Information Collection

Type of Request: New collection.
Title: History, The Past, and Public Culture Survey.
OMB Control Number: To be determined.

Abstract: This information collection request (ICR) is pursuant to a cooperative agreement between NEH and the American Historical Association (AHA). The purpose of the survey is to understand how the public perceives, and engages with, history and the work of historians. NEH, AHA, and the many educational and cultural institutions they support will use the information gathered in the proposed survey to create responsive and effective history and other humanities programming to better serve the American people. Most immediately, NEH will use findings from the survey to inform programming for “A More Perfect Union,” the agency’s special initiative advancing civic education and commemorating the nation’s 250th anniversary in 2026.

NEH and AHA are developing the survey in collaboration with an advisory board, regional history experts, and Fairleigh Dickinson University Poll (FDUP), a market research and public interest survey center. In April of 2020, FDUP will administer this internet survey to adults in the United States. Survey questions will concern respondents’ perceptions of history and its significance, their opinions about the work of historians, and their consumption of history in various forms and via a variety of media and experiences. The survey will be voluntary and will collect both qualitative and quantitative information. FDUP will ensure optimal polling methodology and manage the logistics of the data collection. This survey will not collect any personally identifiable information (PII).

Affected Public: Survey respondents will be adult individuals in the United States.

Frequency of Information Collection: Once.

Estimated Number of Respondents: 1,500.

Estimated Average Time per Response: 20 minutes.

Estimated Total Burden Hours: 500 hours.

The estimates for the average time per response and the total burden hours are lower than those provided in the initial **Federal Register** notice concerning this ICR. After publishing the initial notice, NEH and its survey partners refined the survey questions and response options. While the estimated number of respondents remains the same, NEH now estimates that the average time per response will be 20 (rather than 25) minutes; accordingly, the estimated total burden hours will be 500 (rather than 625) hours.

Request for Comments

The public is invited to comment on all aspects of this ICR, including: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; to develop, acquire, install and utilize technology and systems for the purpose of collecting, validating and verifying information, processing and maintaining information, and disclosing and providing information; to train personnel and to be able to respond to a collection of information, to search data sources, to complete and review the collection of information; and to transmit or otherwise disclose the information.

Dated: February 14, 2020.

Caitlin Cater,

Attorney-Advisor, National Endowment for the Humanities.

BILLING CODE 7536–01–P

NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities: Comment Request; Grantee Reporting Requirements for the Industry-University Cooperative Research Centers (IUCRC) Program

AGENCY: National Science Foundation.

ACTION: Notice.

SUMMARY: The National Science Foundation (NSF) is announcing plans to renew this collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, we are providing opportunity for public comment on this action. After obtaining and considering public comment, NSF will prepare the submission requesting Office of Management and Budget (OMB)

clearance of this collection for no longer than 3 years.

DATES: Written comments on this notice must be received by April 21, 2020 to be assured consideration. Comments received after that date will be considered to the extent practicable. Send comments to address below.

FOR FURTHER INFORMATION CONTACT:

Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 2415 Eisenhower Avenue, Suite W18200, Alexandria, Virginia 22314; telephone (703) 292–7556; or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including Federal holidays).

SUPPLEMENTARY INFORMATION:

Title of Collection: Grantee Reporting Requirements for the Industry-University Cooperative Research Centers (IUCRC) Program.

OMB Number: 3145–0088.

Expiration Date of Approval: June 30, 2020.

Type of Request: Revision to and extension of approval of an information collection.

Proposed Project

The NSF’s Division of Industrial Innovation and Partnerships (IIP), within the Engineering Directorate, serves a wide range of grantees across 5 major programs.

The IUCRC program provides a structure for academic researchers to conduct fundamental, pre-competitive research of shared interest to industry and government organizations. These organizations pay membership fees to a consortium so that they can collectively envision and fund research, with at least 90% of Member funds allocated to the direct costs of these shared research projects.

IUCRCs are formed around research areas of strategic interest to U.S. industry. Industry is defined very broadly to include companies (large and small), startups and non-profit organizations. Principal Investigators form a Center around emerging research topics of current research interest, in a pre-competitive space but with clear pathways to applied research and commercial development. Industry partners join at inception, as an existing Center grows, or they inspire the creation of a new Center by recruiting university partners to leverage NSF support. Government agencies participate in IUCRCs as Members or by partnering directly with NSF at the strategic level.
