Rescinding the Notice of Intent To Prepare Environmental Impact Statement: South Kohala, Hawaii

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Notice to rescind notice of intent (NOI) to prepare an environmental impact statement (EIS).

SUMMARY: The FHWA is issuing this notice to advise the public that the FHWA is rescinding its NOI and will not be preparing an EIS to evaluate alternatives to realign and/or widen an existing highway in South Kohala in the County of Hawaii. An NOI to prepare an EIS was published in the **Federal Register** on November 29, 2002.

FOR FURTHER INFORMATION CONTACT: Ralph Rizzo, Division Administrator, Federal Highway Administration, 300 Ala Moana Boulevard, Box 50206, Honolulu, Hawaii 96850, Telephone: (808) 541–2700.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the State of Hawaii Department of Transportation (HDOT), initiated an EIS with an NOI published in the **Federal Register** on November 29, 2002, at 67 FR 71231, to prepare an EIS.

The study area begins near the intersection of Mud Lane and the Hawaii Belt Road (State Route 19) and terminates along Mamalahoa Highway (State Route 190) near the Waimea-Kohala Airport. The study also included a 1.7 mile spur to connect with Lindsey Road. Improvements were considered necessary to improve highway safety and reduce congestion, while preserving the character and ambience of the historic Waimea village. The Project would impact a sizable number of historic and archaeological resources due to the sheer number of archaeological sites identified during the survey. Avoidance of all these sites would be difficult and may not be

feasible. Also, the County recently completed intersection improvements on the existing highway that improved congestion. Finally, the cost for the estimated right-of-way and construction would likely be substantial because of limited funding availability. Therefore, HDOT has decided not to proceed with the project and the preparation of the EIS is being terminated.

Notice of Final Federal Agency Actions on Proposed Highway in Utah

AGENCY: Utah Department of Transportation (UDOT), Federal Highway Administration (FHWA), Department of Transportation.

ACTION: Notice of limitations on claims for judicial review of actions by the U.S. Army Corps of Engineers.

SUMMARY: The FHWA, on behalf of UDOT, is issuing this notice to announce actions taken by the U.S. Army Corps of Engineers (USACE) that are final Federal agency actions. The final agency actions relate to a proposed highway project, the West Davis Corridor project in Davis County, Utah. Those actions grant licenses, permits and/or approvals for the project.

DATES: By this notice, FHWA, on behalf of UDOT, is advising the public of final agency actions subject to 23 U.S.C. 139(j)(1). A claim seeking judicial review of these Federal agency actions on the highway project will be barred unless the claim is filed on or before November 2, 2020. If the Federal law that authorizes judicial review of a claim provides a time period of less than 150 days for filing such claim, then that shorter time period still applies.

FOR FURTHER INFORMATION CONTACT: For UDOT: Randy Jefferies, Project Manager, UDOT Region 1, 166 W Southwell Street, Ogden, UT 84404; (801) 791–1059; email: rjefferies@utah.gov. UDOT's normal business hours are 8

a.m. to 5 p.m. (Mountain Time Zone), Monday through Friday, except State and Federal holidays. For USACE: Jason Gipson, Nevada/Utah Regulatory Section Chief; USACE Bountiful Regulatory Field Office, 533 West 2600 South, Suite 150, Bountiful, UT 84010; (801) 295–8380 x8314; email: Jason.a.gipson@usace.army.mil.

USACE's normal business hours are 8 a.m. to 5 p.m. (Mountain Time Zone), Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION: Effective January 17, 2017, FHWA assigned to UDOT certain responsibilities of FHWA for environmental review, consultation, and other actions required by applicable Federal environmental laws and regulations for highway projects in Utah, pursuant to 23 U.S.C. 327. FHWA maintained responsibility to publish documents proposed by UDOT to be published in the **Federal Register**, including notices of final agency action under 23 U.S.C. 139(j)(1). FHWA also maintained responsibility of the environmental review process of the West Davis Corridor project until its issuance of a Record of Decision (FHWA ROD), which occurred on September 29, 2017. Since that time UDOT has been responsible for conducting any additional environmental reviews that are required for the West Davis Corridor project. On behalf of UDOT, notice is hereby given that the USACE has taken final agency actions subject to 23 U.S.C. § 139(j)(1) by issuing licenses, permits, and approvals for the West Davis Corridor project in the State of Utah.

The West Davis Corridor project is a proposed highway approximately 19 miles long and would be a four-lane divided highway with an average right-of-way width of 250 feet from I–15 in Farmington to Antelope Drive in Davis County, Utah. From Antelope Drive to 1800 North in West Point the project would be a 146-foot-wide, limited-access two-lane highway.

A Final Environmental Impact Statement and Section 4(f) Evaluation for the West Davis Corridor project (FEIS) was approved by FHWA on June 23, 2017, and the FHWA ROD for the project was issued on September 29, 2017. The FEIS, FHWA ROD, and other project records are available by contacting UDOT at the address provided above. The FEIS and FHWA ROD can also be viewed and downloaded from the project website at <https://westdavis.udot.utah.gov/final-eis-and-rod/>. FHWA published a notice of final federal agency action under 23 U.S.C. 139(1)(l) for the FEIS, FHWA ROD and all other then-final federal

agency actions for the project on October 6, 2017, and the 150-day period for filing a claim for judicial review of those actions expired on March 5, 2018.

This notice applies to USACE's approval of a permit under Section 404 of the Clean Water Act and a Record of Decision under the National Environmental Policy Act and Section 404 of the Clean Water Act issued for the West Davis Corridor project. The USACE Record of Decision was issued on May 14, 2020 and the USACE Section 404 permit was issued on May 15, 2020 (SPK-2007-01985). As described in the USACE Record of Decision and permit, in the approximately 17.5 miles of the project covered by the permit, between I-15 in Farmington and 300 North in West Point, there will be a discharge of dredged or fill material into 55.71 acres of waters of the United States, including 52.03 acres of wetlands, 0.98 acre/1,875 linear feet of perennial streams, and 2.70 acres of other open waters. The Record of Decision and Section 404 permit authorize these discharges.

The USACE Section 404 permit and Record of Decision are available by contacting USACE at the address provided above. This notice applies to the Section 404 permit and Record of Decision and all laws under which such actions were taken, including but not limited to the following laws and their implementing regulations:

1. General: National Environmental Policy Act [42 U.S.C. 4321-4351].
2. Air: Clean Air Act [42 U.S.C. 7401-7671(q)].
3. Wildlife: Endangered Species Act [16 U.S.C. 1531-1544 and Section 1536], Fish and Wildlife Coordination Act [16 U.S.C. 661-667(d)]; Migratory Bird Treaty Act [16 U.S.C. 703-712]; The Bald and Golden Eagle Protection Act [16 U.S.C. 668]; The Magnuson-Stevens Fishery Conservation and Management Act [16 U.S.C. 1801 et seq].
4. Historic and Cultural Resources: Section 106 of the National Historic Preservation Act of 1966, as amended [16 U.S.C. 470(f) et seq.];
5. Social and Economic: Civil Rights Act of 1964 [42 U.S.C. 2000(d)-2000(d)(1)]; American Indian Religious Freedom Act [42 U.S.C. 1996]; Farmland Protection Policy Act (FPPA) [7 U.S.C. 4201-4209].
6. Wetlands and Water Resources: Clean Water Act (Section 404, Section 401, Section 319) [33 U.S.C. 1251-1377];
7. Executive Orders: E.O. 11990 Protection of Wetlands; E.O. 11988 Floodplain Management; E.O. 12898, Federal Actions to Address Environmental Justice in Minority

Populations and Low-Income Populations; E.O. 11593 Protection and Enhancement of Cultural Resources; E.O. 13175 Consultation and Coordination with Indian Tribal Governments; E.O. 11514 Protection and Enhancement of Environmental Quality; E.O. 13112 Invasive Species.

This notice does not reopen or extend the 150-day period for filing a claim for judicial review of any federal agency or UDOT action on the West Davis Corridor project for which a notice of agency action has been previously published under 23 U.S.C. 139(I)(1), including any action relied upon by the USACE in approving the Section 404 permit or Record of Decision.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2013-0445; FMCSA-2018-0052]

Qualification of Drivers; Exemption Applications; Epilepsy and Seizure Disorders

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of renewal of exemptions; request for comments.

SUMMARY: FMCSA announces its decision to renew exemptions for three individuals from the requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) that interstate commercial motor vehicle (CMV) drivers have "no established medical history or clinical diagnosis of epilepsy or any other condition which is likely to cause loss of consciousness or any loss of ability to control a CMV." The exemptions enable these individuals who have had one or more seizures and are taking anti-seizure medication to continue to operate CMVs in interstate commerce.

DATES: Each group of renewed exemptions were applicable on the

dates stated in the discussions below and will expire on the dates stated in the discussions below. Comments must be received on or before July 6, 2020.
