

able to avoid duty on foreign-status material which becomes scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The material/component sourced from abroad is aluminum foil (duty rate 5.8%). The request indicates that aluminum foil is subject to an antidumping/countervailing duty (AD/CVD) order if imported from the People's Republic of China. The FTZ Board's regulations (15 CFR 400.14(e)) require that merchandise subject to AD/CVD orders, or items which would be otherwise subject to suspension of liquidation under AD/CVD procedures if they entered U.S. customs territory, be admitted to the zone in privileged foreign status (19 CFR 146.41). The request also indicates that aluminum foil may be subject to duties under Section 232 of the Trade Expansion Act of 1962 (Section 232) or Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 232 and Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is August 10, 2020.

A copy of the notification will be available for public inspection in the "Reading Room" section of the Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Juanita Chen at juanita.chen@trade.gov or 202-482-1378.

Dated: June 24, 2020.

Andrew McGilvray,
Executive Secretary.

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-39-2020]

Foreign-Trade Zone (FTZ) 82—Mobile, Alabama Notification of Proposed Production Activity MH Wirth, Inc. (Offshore Drilling Riser Systems); Theodore, Alabama

The City of Mobile, Alabama, grantee of FTZ 82, submitted a notification of proposed production activity to the FTZ Board on behalf of MH Wirth, Inc. (MH Wirth), located in Theodore, Alabama. The notification conforming to the

requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on June 16, 2020.

MH Wirth already has authority to produce and repair offshore drilling riser systems within FTZ 82. The current request would add foreign status materials/components to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status materials/components described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt MH Wirth from customs duty payments on the foreign-status materials/components used in export production (all of expanded production). On its domestic sales, for the foreign-status materials/components noted below MH Wirth would be able to choose the duty rate during customs entry procedures that applies to offshore drilling riser systems (risers, telescopic joints, test equipment and tools) (duty free). MH Wirth would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or reduced on foreign-status production equipment.

The materials/components sourced from abroad include welded carbon/seamless carbon/stainless steel drilling riser pipe (duty free). The request indicates that welded carbon steel riser pipe is subject to an antidumping/countervailing duty (AD/CVD) order if imported from certain countries. The FTZ Board's regulations (15 CFR 400.14(e)) require that merchandise subject to AD/CVD orders, or items which would be otherwise subject to suspension of liquidation under AD/CVD procedures if they entered U.S. customs territory, be admitted to the zone in privileged foreign status (19 CFR 146.41). The request also indicates that certain materials/components are subject to duties under Section 232 of the Trade Expansion Act of 1962 (Section 232) or Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 232 and Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is August 10, 2020.

A copy of the notification will be available for public inspection in the "Reading Room" section of the Board's

website, which is accessible via www.trade.gov/ftz.

For further information, contact Diane Finver at Diane.Finver@trade.gov or (202) 482-1367.

Dated: June 22, 2020.

Andrew McGilvray,
Executive Secretary.

Prestressed Concrete Steel Wire Strand From Brazil, India, Japan, Mexico, Republic of Korea and Thailand: Final Results of Expedited Sunset Reviews of Antidumping Duty Finding and Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of these sunset reviews, the Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) finding on prestressed concrete steel wire strand (PC Strand) from Japan and AD orders on PC Strand from Brazil, India, Mexico, Republic of Korea (Korea), and Thailand would be likely to lead to a continuation or recurrence of dumping, at the levels identified in the "Final Results of Sunset Reviews" section of this notice.

DATES: Applicable June 30, 2020.

FOR FURTHER INFORMATION CONTACT: Brian Smith or Samantha Kinney, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1766 or (202) 482-2285, respectively.

SUPPLEMENTARY INFORMATION:

Background

On December 8, 1978 and January 28, 2004, Commerce published in the **Federal Register** notices of the AD finding on PC Strand from Japan and of the AD orders on PC Strand from Brazil, India, Mexico, Korea, and Thailand, respectively.¹ On March 2, 2020,

¹ See *Steel Wire Strand for Prestressed Concrete from Japan; Finding of Dumping*, 43 FR 57599 (December 8, 1978) conducted by the Treasury Department (at the time a determination of dumping resulted in a "finding" rather than the later applicable "order"); *Notice of Antidumping Duty Order: Prestressed Concrete Steel Wire Strand from Brazil*, 69 FR 4112 (January 28, 2004); see also

Commerce published the initiation of the fifth sunset review of the AD finding on PC Strand from Japan, and the third sunset reviews of the AD orders on PC Strand from Brazil, India, Mexico, Korea, and Thailand, pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act).² On March 13, 2020, Commerce received timely and complete notices of intent to participate in these sunset reviews from Insteel Wire Products Company, Strand-Tech Manufacturing, Inc., Sumiden Wire Products Corporation, and Wire Mesh Corp. (collectively, domestic interested parties), within the deadline specified in 19 CFR 351.218(d)(1)(i).³ The domestic interested parties claimed interested party status within the meaning of section 771(9)(C) of the Act as U.S. producers in the United States of the domestic like product.⁴

During March 2020 the domestic interested parties filed timely and adequate substantive responses, within the deadline specified in 19 CFR 351.218(d)(3)(i).⁵ Commerce did not

receive substantive responses from any respondent interested party with respect to any of the *AD Finding/Orders* covered by these sunset reviews. As a result, pursuant to section 751(c)(3)(B) of the Act and 19 CFR 351.218(e)(1)(ii)(C)(2), Commerce conducted expedited (120-day) sunset reviews of the *AD Finding/Orders*.

Scope of the Finding/Orders

The merchandise covered by the *AD Finding/Orders* is PC Strand from Brazil, India, Japan, Korea, Mexico, and Thailand. The subject merchandise is provided for in subheadings 7312.10.3010 and 7312.10.3012 of the Harmonized Tariff Schedule of the United States (HTSUS). Although HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope is dispositive. A full description of the scope of the *AD Finding/Orders* is contained in the accompanying Issues and Decision Memorandum.⁶

Analysis of Comments Received

A complete discussion of all issues raised in these sunset reviews, including the likelihood of continuation or recurrence of dumping in the event of revocation of the *AD Finding/Orders* and the magnitude of the margins likely to prevail if the *AD Finding/Orders* were to be revoked, is provided in the Issues and Decision Memorandum. A list of the topics discussed in the Issues and Decision Memorandum is attached as an appendix to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://enforcement.trade.gov/frn/>. The signed and electronic versions of

the Issues and Decision Memorandum are identical in content.

Final Results of Sunset Reviews

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the *AD Finding/Orders* on PC Strand from Brazil, India, Japan, Korea, Mexico, and Thailand would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted average margins of up to 118.75 percent for Brazil, 102.07 percent for India, 13.30 percent for Japan, 54.19 percent for Korea, 77.20 percent for Mexico, and 12.91 percent for Thailand.

Notification Regarding Administrative Protective Orders

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials, or conversion to judicial protective, orders is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results and notice in accordance with sections 751(c), 752(c), and 777(i)(1) of the Act, and 19 CFR 351.218 and 19 CFR 351.221(c)(5)(ii).

Dated: June 23, 2020.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.
