Federal Emergency Management Agency

[Docket ID FEMA-2020-0016]

Voluntary Agreement Under Section 708 of the Defense Production Act; Manufacture and Distribution of Critical Healthcare Resources Necessary To Respond to a Pandemic

AGENCY: Federal Emergency Management Agency, Homeland Security (DHS).

ACTION: Notice.

SUMMARY: The Federal Emergency Management Agency (FEMA) announces the formation of a voluntary agreement under Section 708 of the Defense Production Act for the Manufacture and Distribution of Critical Healthcare Resources Necessary to Respond to a Pandemic. This Notice contains the text of the Voluntary Agreement.

FOR FURTHER INFORMATION CONTACT:

Harold Lucie, Joint DPA Office, Federal Emergency Management Agency, 500 C Street SW, Washington, DC 20472-3184, telephone (202) 212-2900, and email FEMA-DPA@fema.dhs.gov.

SUPPLEMENTARY INFORMATION:

Authority

Section 708 of the Defense Production Act (DPA), 50 U.S.C. 4558, allows the President to provide for the formation of voluntary agreements by the private sector to help provide for the national defense. This authority was delegated to the Secretary of Homeland Security generally in section 401 of Executive Order 13603,¹ “National Defense Resources Preparedness,” and specifically for response to COVID-19 in section 3 of Executive Order 13911,² “Delegating Additional Authority Under the Defense Production Act With Respect to Health and Medical Resources To Respond to the Spread of COVID-19.” The Secretary of Homeland Security has delegated these authorities to the FEMA Administrator in Department of Homeland Security (DHS) Delegation 09052 Rev. 00, “Delegation of Defense Production Act Authority to the Administrator of the Federal Emergency Management Agency,” (Jan. 3, 2017), and DHS Delegation 09052 Rev. 00.1, “Delegation of Defense Production Act Authority to the Administrator of the Federal Emergency Management Agency” (Apr. 1, 2020), respectively.

Background

FEMA sought and received approval from the Attorney General, after consultation with the Federal Trade Commission (FTC), to begin consultation with the private sector, as required by Section 708(c)(2). Pursuant to that approval, on May 12, 2020, FEMA posted an announcement of a public meeting and request for comments to develop a Voluntary Agreement in the **Federal Register** (85 FR 28031). FEMA held a public meeting on May 21, 2020, and accepted public comments until June 5, 2020.³ FEMA received 34 public comments and considered these comments when preparing the Voluntary Agreement.⁴

The Attorney General, in consultation with the Chairman of the Federal Trade Commission, made the required finding that the purpose of the voluntary agreement may not reasonably be achieved through an agreement having less anticompetitive effect or without any voluntary agreement. Pursuant to Sec. 708(f)(1)(B) of the Defense Production Act, the Department of

Justice is separately publishing this finding in this issue of the **Federal Register** as a notice. The FEMA Administrator, as the Sponsor of the agreement, has certified in writing that the agreement is necessary to help provide for the national defense.

Voluntary Agreement, Manufacture and Distribution of Critical Healthcare Resources Necessary To Respond to a Pandemic

Preface

Pursuant to section 708 of the Defense Production Act of 1950 (DPA), as amended (50 U.S.C. 4558), the Federal Emergency Management Agency (FEMA) Administrator (Administrator), after consultation with the Secretary of the Department of Health and Human Services (HHS), the Attorney General of the United States (Attorney General), and the Chairman of the Federal Trade Commission (FTC), has developed this Voluntary Agreement (Agreement). This Agreement is intended to maximize the effectiveness of the manufacture and distribution of Critical Healthcare Resources nationwide to respond to a pandemic by establishing unity of effort between the Participants and the Federal Government for integrated coordination, planning, information sharing with FEMA, and allocation and distribution of Critical Healthcare Resources. The activities contemplated by this Agreement are limited to those necessary to respond to a Pandemic, at the sole determination of FEMA. This Agreement affords Participants defenses
