SUPPLEMENTARY INFORMATION: PHMSA received a special permit renewal request from Tennessee Gas Pipeline Company (TGP), owned by Kinder Morgan Inc., to continue its pipeline operation as defined in the special permit renewal issued on May 15, 2015. An additional 200 feet of pipeline, where the Class location had changed from Class 1 to 3, was added to the special permit segment 3 on March 28, 2017. The present special permit term is through May 15, 2020. TGP's special permit renewal request of November 12, 2019, seeks to waive compliance from the requirements of 49 CFR 192.611, "Change in class location: Confirmation or revision of maximum allowable operating pressure". This special permit renewal is being requested in lieu of pipe replacement or pressure reduction for four (4) special permit segments totaling 37,731 feet of either 30-inch diameter Line 800-1, 30-inch diameter Line 500-1, 36-inch diameter Line 500-2, or 36-inch diameter Line 500-3 located in Dickson and Hickman Counties, Tennessee. The special permit renewal will allow the continued operation of the original Class 1 pipe in the Class 3 locations.

The TGP Line 800-1, Line 500-1, Line 500-2, and Line 500-3 have a maximum allowable operating pressure of 936 pounds per square inch gauge in the special permit segments.

The special permit renewal request, existing special permit with conditions, and environmental assessment (EA) for the TGP is available for review and public comment in the Docket No. PHMSA-RSPA-2000-8453. We invite interested persons to review and submit comments on the special permit renewal request and EA in the docket. Please include any comments on potential safety and environmental impacts that may result if the special permit renewal

is granted. Comments may include relevant data.

Before issuing a decision on the special permit renewal request, PHMSA will evaluate all comments received on or before the comment closing date. Comments received after the closing date will be evaluated, if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment we receive in making our decision to grant or deny this special permit renewal request.

Issued in Washington, DC, under authority delegated in 49 CFR 1.97.

Alan K. Mayberry,

Associate Administrator for Pipeline Safety.

Confidential Business Information: Confidential Business Information (CBI) is commercial or financial information that is both customarily and actually treated as private by its owner. Under the Freedom of Information Act (FOIA) (5 U.S.C. 552), CBI is exempt from public disclosure. If your comments responsive to this notice contain commercial or financial information that is customarily treated as private, that you actually treat as private, and that is relevant or responsive to this notice, it is important that you clearly designate the submitted comments as CBI. Pursuant to 49 Code of Federal Regulations (CFR) § 190.343, you may ask PHMSA to give confidential treatment to information you give to the agency by taking the following steps: (1) Mark each page of the original document submission containing CBI as "Confidential"; (2) send PHMSA, along with the original document, a second copy of the original document with the CBI deleted; and (3) explain why the information you are submitting is CBI. Unless you are notified otherwise, PHMSA will treat such marked submissions as confidential under the FOIA, and these items will not be placed in the public docket of this notice. Submissions containing CBI should be sent to Kay McIver, DOT, PHMSA-PHP-80, 1200 New Jersey Avenue SE, Washington, DC 20590-0001. Any commentary PHMSA receives that is not specifically designated as CBI will be placed in the public docket for this matter.

Technical: Mr. Steve Nanney by telephone at 713–272–2855, or by email at steve.nanney@dot.gov.

SUPPLEMENTARY INFORMATION: PHMSA received a special permit modification request from KMLP, owned by Kinder Morgan, Inc., to modify special permit Condition 28(a) of the existing special permit, PHMSA–2006–25803. KMLP requests a modification of Condition 28(a) to allow an increase in the amount of H₂S in the pipeline gas stream from 0.25 grains to 0.5 grains per 100 standard cubic feet. The requested amount of H₂S in the KMLP pipeline gas stream is less than what is required in 49 CFR 192.620(d)(5)(v)(C), “Controlling Internal Corrosion.”

The special permit was issued to KMLP on April 13, 2007, to waive compliance with 49 CFR 192.111 and 192.201(a)(2)(i) for Class 1 locations along the Leg 1 segment of the KMLP. The KMLP Leg 1 segment is a 137-mile, 42-inch diameter pipeline that is located in Calcasieu, Cameron, Jefferson Davis, Acadia, and Evangeline Parishes in Louisiana. The KMLP Leg 1 segment has a maximum allowable operating pressure of 1,440 pounds per square inch gauge in the special permit segment.

The special permit modification request and existing special permit with conditions for the KMLP are available for review and public comment in the Docket No. PHMSA–2006–25803. PHMSA invites interested persons to review and submit comments in the docket regarding the special permit modification request. Please include any comments on potential safety and environmental impacts that may result if the special permit modification is granted. Comments may include relevant data.

Before issuing a decision on the special permit modification request, PHMSA will evaluate all comments received on or before the comment closing date. Comments received after the closing date will be evaluated, if it is possible to do so without incurring additional expense or delay. PHMSA will consider each relevant comment it receives in making its decision to grant or deny this special permit modification request.

Issued in Washington, DC, under authority delegated in 49 CFR 1.97.

Financial Crimes Enforcement Network (FinCEN)

1. *Title:* Imposition of Special Measure Against Commercial Bank of Syria, Including its Subsidiary, Syrian Lebanese Commercial Bank, as a Financial Institution of Primary Money Laundering Concern.

OMB Control Number: 1506–0036.

Type of Review: Extension without change of a currently approved collection.

Description: The collection of information in the rule relates to both disclosure and recordkeeping. The information required to be disclosed by domestic financial institutions to a third-party—i.e., a one-time notice to correspondent account holders—is intended to ensure cooperation from correspondent account holders in denying access to the U.S. financial system, as well as to increase awareness within the international financial

community of the risks and deficiencies of Commercial Bank of Syria. The information required to be maintained by domestic financial institutions will continue to be used by federal agencies and certain self-regulatory organizations to verify compliance with the requirement that a domestic financial institution notify its correspondent account holders that they may not provide Commercial Bank of Syria with access to the correspondent account maintained at the institution.
