

Amendment and the Bluefish Allocation and Rebuilding Amendment. In addition, the SSC may take up any other business as necessary.

A detailed agenda and background documents will be made available on the Council's website (www.mafmc.org) prior to the meeting.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to M. Jan Saunders, (302) 526–5251, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 1, 2020.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Gulf of Mexico Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of a public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council (Council) will hold a three-day meeting via webinar of its Standing, Reef Fish, Mackerel, Ecosystem and Socioeconomic Scientific and Statistical Committees (SSC).

DATES: The meeting will be held on Tuesday, July 21, Wednesday, July 22, and Thursday, July 23, 2020, from 9 a.m. to 5 p.m., EDT daily.

ADDRESSES: The meeting will take place via webinar; you may register by visiting www.gulfcouncil.org and clicking on the SSC meeting on the calendar.

Council address: Gulf of Mexico Fishery Management Council, 4107 W. Spruce Street, Suite 200, Tampa, FL 33607; telephone: (813) 348–1630.

FOR FURTHER INFORMATION CONTACT: Ryan Rindone, Lead Fishery Biologist, Gulf of Mexico Fishery Management Council; ryan.rindone@gulfcouncil.org, telephone: (813) 348–1630.

SUPPLEMENTARY INFORMATION:

Tuesday, July 21, 2020; 9 a.m.–5 p.m.

The meeting will begin with Introductions, Adoption of Agenda, Approval of Minutes from the June 29 and July 8–9, 2020 webinar meetings. Council staff will review the Scope of Work; and, the Committees will select a SSC Representative for the August 24–27, 2020 Gulf Council meeting. Florida Fish and Wildlife Conservation Commission (FWC) staff will review Southeast Data, Assessment, and Review (SEDAR) 64—Southeastern US Yellowtail Snapper Stock Assessment; with Current and Marine Recreational Information Program (MRIP)-adjusted Stock Apportionment between the Gulf of Mexico Fishery Management Council (GMFMC) and South Atlantic Fishery Management Council (SAFMC); and, Current and MRIP-adjusted Stock Allocations for the SAFMC. The Committees will also receive a Stock Assessment Executive Summary.

Committees will review an update of SEDAR 28—Gulf of Mexico Migratory Group Cobia Stock Assessment; including Assessment Presentation and Stock Status Determination, Projections and the Stock Assessment Executive Summary.

Wednesday, July 22, 2020; 9 a.m.–5 p.m.

The Committees will review the July 13, 2020 MRIP Private Recreational Red Snapper Data Calibrations Workshop. The Committees will discuss the NOAA Office of Science and Technology (OST) Calibrations and Southeast Regional Office (SERO) Adjustments to Calibrations, Next Steps for Data Availability and Data Adjusting; Review of State-generated Calibrations; and, SSC Discussion.

Thursday, July 23, 2020; 9 a.m.–5 p.m.

The Committees will conclude their review the July 13, 2020 MRIP Private Recreational Red Snapper Data Calibrations Workshop. The Southeast Fisheries Science Center (SEFSC) will review Individual Fishing Quota (IFQ) Capacity and Technical Efficiency study. SEDAR will update the Committees on the Operational Assessment Process, and Council staff will review the proposed Timelines and Stock Identifications Process for SEDAR 74—Gulf of Mexico Red Snapper. Council and SEFSC staff will then review the Shrimp Stock Assessment Terms of Reference with the Committees.

Lastly, the Committees will discuss any other business items and receive public comments.

—Meeting Adjourns

The meeting will be broadcast via webinar. You may register for the webinar by visiting www.gulfcouncil.org and clicking on the SSC meeting on the calendar.

The Agenda is subject to change, and the latest version along with other meeting materials will be posted on www.gulfcouncil.org as they become available.

Although other non-emergency issues not on the agenda may come before the Scientific and Statistical Committees for discussion, in accordance with the Magnuson-Stevens Fishery Conservation and Management Act, those issues may not be the subject of formal action during this meeting. Actions of the Scientific and Statistical Committee will be restricted to those issues specifically identified in the agenda and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take action to address the emergency.

Authority: 16 U.S.C. 1801 *et seq.*

Endangered and Threatened Species; Notice of Initiation of a 5-Year Review of the Dusky Sea Snake

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: NMFS announces the initiation of a 5-year review for the dusky sea snake (*Aipysurus fuscus*). NMFS is required by the Endangered Species Act (ESA) to conduct 5-year reviews to ensure that the listing classifications of species are accurate. The 5-year review must be based on the best scientific and commercial data available at the time of the review. We request submission of any such information on the dusky sea snake, particularly information on the status, threats, and recovery of the species that

has become available since their listing, effective November 6, 2015.

DATES: To allow us adequate time to conduct this review, we must receive your information no later than September 8, 2020.

ADDRESSES: You may submit information on this document, identified by NOAA–NMFS–2020–0085, by either of the following methods:

- **Electronic Submission:** Submit electronic information via the Federal e-Rulemaking Portal. Go to www.regulations.gov and enter NOAA–NMFS–2020–0085. Click on the “Comment Now!” icon and complete the required fields. Enter or attach your comments.

- **Mail:** Submit written comments to Heather Austin and Grace Carter, Endangered Species Conservation Division, Office of Protected Resources, NMFS, 1315 East-West Highway, Room 13634, Silver Spring, MD 20910.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the specified period, may not be considered. All comments received are a part of the public record and will generally be posted for public viewing on www.regulations.gov without change. All personal identifying information (e.g., name, address, etc.), confidential business information, or otherwise sensitive or protected information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous submissions (enter “N/A” in the required fields if you wish to remain anonymous).

FOR FURTHER INFORMATION CONTACT:

Heather Austin and Grace Carter at the above address, by phone at (301) 427–8422 or Heather.Austin@noaa.gov or Grace.Carter@noaa.gov.

SUPPLEMENTARY INFORMATION: This notice announces our review of the dusky sea snake (*Aipysurus fuscus*) listed as endangered under the ESA. Section 4(c)(2)(A) of the ESA requires that we conduct a review of listed species at least once every 5 years. This will be the first review of this species since it was listed in 2015. The regulations in 50 CFR 424.21 require that we publish a notice in the **Federal Register** announcing species currently under active review. On the basis of such reviews under section 4(c)(2)(B), we determine whether any species should be removed from the list (i.e., delisted) or reclassified from endangered to threatened or from threatened to endangered (16 U.S.C. 1533(c)(2)(B)). As described by the regulations in 50 CFR 424.11(e), the Secretary shall delist a species if the

Secretary finds that, after conducting a status review based on the best scientific and commercial data available: (1) The species is extinct; (2) the species does not meet the definition of an endangered species or a threatened species; and/or (3) the listed entity does not meet the statutory definition of a species. Any change in Federal classification would require a separate rulemaking process.

Background information on the species is available on the NMFS website at: <https://www.fisheries.noaa.gov/species/dusky-sea-snake>.

Public Solicitation of New Information

To ensure that the reviews are complete and based on the best available scientific and commercial information, we are soliciting new information from the public, governmental agencies, Tribes, the scientific community, industry, environmental entities, and any other interested parties concerning the status of *Aipysurus fuscus*. Categories of requested information include: (1) Species biology including, but not limited to, population trends, distribution, abundance, demographics, and genetics; (2) habitat conditions including, but not limited to, amount, distribution, and important features for conservation; (3) status and trends of threats to the species and its habitats; (4) conservation measures that have been implemented that benefit the species, including monitoring data demonstrating effectiveness of such measures; and (5) other new information, data, or corrections including, but not limited to, taxonomic or nomenclatural changes and improved analytical methods for evaluating extinction risk. If you wish to provide information for the review, you may submit your information and materials electronically or via mail (see **ADDRESSES** section). We request that all information be accompanied by supporting documentation such as maps, bibliographic references, or reprints of pertinent publications. We also would appreciate the submitter's name, address, and any association, institution, or business that the person represents; however, anonymous submissions will also be accepted.

Authority: 16 U.S.C. 1531 *et seq.*

Dated: June 30, 2020.

Angela Somma,

Chief, Endangered Species Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Northeast Region Observer Providers Requirements

AGENCY: National Oceanic & Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to the Office of Management and Budget (OMB).

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before September 8, 2020.

ADDRESSES: Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at Adrienne.thomas@noaa.gov. Please reference OMB Control Number 0648–0546 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT:

Requests for additional information or specific questions related to collection activities should be directed to Alyson Pitts, Fishery Management Specialist, 978–281–9352, alyson.pitts@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection. Under the Magnuson-Stevens Fishery Conservation and Management Act, the Secretary of Commerce (Secretary) has the responsibility for the conservation and management of marine fishery resources. Much of this responsibility has been delegated to the National Oceanic and Atmospheric Administration (NOAA)/National Marine Fisheries Service (NMFS). Under this stewardship role, the Secretary was given certain regulatory authorities to ensure the most beneficial
