

audit committee requirements of the 1940 Act, including Section 32(a).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act¹² and Rule 19b-4(f)(6) thereunder.¹³

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act¹⁴ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)¹⁵ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the proposal may become operative upon filing. The Exchange stated that it believes that waiving the operative delay will allow any series of Tracking Fund Shares that lists on the Exchange in the near future to take advantage of this exemption to certain audit committee requirements and not have to either delay launch or take short-term remedial measures to comply with all requirements of Rule 14.10(c)(3).

The Commission believes that waiver of the operative delay is appropriate because, as the Exchange stated, the rule proposal is requesting an exemption to certain audit committee requirements that is currently granted to Managed Fund Shares, Index Fund Shares, Managed Portfolio Shares, and ETF Shares, and there are no unique issues associated with proving such an exemption to Tracking Fund Shares that

have not already been considered by the Commission or that would warrant disparate treatment. Accordingly, the Commission designates the proposed rule change to be operative upon filing.¹⁶

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Abstract of Proposed Collection

The Secretary of State is authorized to issue U.S. passports under 22 U.S.C. 211a. The Department of State, Passport Services administers the U.S. passport issuance program and operates passport agencies and application adjudication centers throughout the United States. As part of the Intelligence Reform and Terrorism Prevention Act of 2004, the Western Hemisphere Travel Initiative required the Secretary of Homeland Security and the Secretary of State to

implement a plan to require all U.S. citizen and non-citizen nationals to present a passport and/or other sufficient documentation when entering the U.S. from abroad. This resulted in an increase in demand for U.S. passports.

The Passport Demand Forecasting Survey requests information from the general public about the demand for U.S. passports, anticipated travel, and the demographic profile of the respondent. This voluntary survey is conducted on a monthly basis using responses from a randomly selected but nationally representative sample of U.S. nationals ages 18 and older. The information obtained from the survey is used to monitor and project the demand for U.S. passport books and U.S. passport cards. The Passport Demand Forecasting Survey aids the Department of State, Passport Services in making decisions about staffing, resource allocation, and budget planning.

Methodology

The Passport Demand Forecasting Study uses monthly surveys that will gather data from a national representative sample of U.S. nationals. Survey delivery methodologies can include mail, internet/web, telephone, and mix-mode surveys to ensure the CA/PPT reaches the appropriate audience and leverages the best research method to obtain valid responses. The survey data will cover an estimated 30,000 respondents annually.

SURFACE TRANSPORTATION BOARD

[Docket No. AB 1295X]

City of Yelm—Abandonment Exemption—in Thurston and Pierce Counties, Wash.

The City of Yelm (the City) has filed a verified notice of exemption under 49 CFR part 1152 subpart F—*Exempt Abandonments* to abandon an approximately 4.57-mile railroad line that runs between milepost 20.99, near Roy, Wash., and milepost 25.56, in Yelm, Wash. (the Line). The Line traverses U.S. Postal Service Zip Codes 98597 and 98580.¹

¹ Although the City initially submitted its verified notice on May 5, 2020, it subsequently submitted several supplements, the last of which was submitted on May 21, 2020. As such, that date will be considered the filing date and the basis for all dates in this notice.

The City has certified that: (1) No freight traffic has moved over the Line for two years; (2) any overhead freight traffic on the Line can be rerouted over other lines; (3) no formal complaint filed by a user of rail service on the Line (or a State or local government entity acting on behalf of such user) regarding cessation of service over the Line either is pending with the Surface Transportation Board or any U.S. District Court or has been decided in favor of a complainant within the two-year period; and (4) the requirements at 49 CFR 1105.7 and 1105.8 (notice of environmental and historic report), 49 CFR 1105.12 (newspaper publication), and 49 CFR 1152.50(d)(1) (notice to government agencies) have been met.

Any railroad employees who may be adversely affected by the proposed abandonment will be protected under *Oregon Short Line Railroad—Abandonment Portion Goshen Branch Between Firth & Ammon, in Bingham & Bonneville Counties, Idaho*, 360 I.C.C. 91 (1979). To address whether this condition adequately protects affected employees, a petition for partial revocation under 49 U.S.C.10502(d) must be filed.

Provided no formal expression of intent to file an offer of financial assistance (OFA) has been received,² the exemption will be effective on July 10, 2020, unless stayed pending reconsideration.³ Petitions to stay that do not involve environmental issues must be filed by June 19, 2020,⁴ and formal expressions of intent to file an OFA under 49 CFR 1152.27(c)(2) and interim trail use/rail banking requests under 49 CFR 1152.29 must be filed by June 22, 2020.⁵ Petitions to reopen or requests for public use conditions must be filed by June 30, 2020, with the

² Persons interested in submitting an OFA must first file a formal expression of intent to file an offer, indicating the type of financial assistance they wish to provide (*i.e.*, subsidy or purchase) and demonstrating that they are preliminarily financially responsible. See 49 CFR 1152.27(c)(2)(i).

³ The City states in its verified notice that the proposed consummation date of this transaction is May 1, 2020, but this transaction cannot be consummated until July 10, 2020 (50 days from the May 21, 2020 filing date). See 49 CFR 1152.50(d)(2).

⁴ The Board will grant a stay if an informed decision on environmental issues (whether raised by a party or by the Board's office of Environmental Analysis (OEA) in its independent investigation) cannot be made before the exemption's effective date. See *Exemption of Out-of-Serv. Rail Lines*, 5 I.C.C.2d 377 (1989). Any request for a stay should be filed as soon as possible so that the Board may take appropriate action before the exemption's effective date.

⁵ Filing fees for OFAs and trail use requests can be found at 49 CFR 1002.2(f)(25) and (27), respectively.
