Hardwood Plywood Products From the People's Republic of China: Rescission of Antidumping Duty New Shipper Review; 2019; Correction

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable November 12, 2019.

FOR FURTHER INFORMATION CONTACT: Jasun Moy, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-8194.

SUPPLEMENTARY INFORMATION:

Background

On September 27, 2019, the Department of Commerce (Commerce) published the *Rescission Notice* for the new shipper review of the antidumping duty order on hardwood plywood products (plywood) from the People's Republic of China (China).¹ In the *Rescission Notice*, we inadvertently stated that we would instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on entries of plywood from China during the period of review made by Xuzhou Constant Forest Industry Co., Ltd. (Constant Forest).

Correction to Rescission of Antidumping Duty New Shipper Review

Because the new shipper review of Constant Forest was not completed and Constant Forest's entries entered under a period for which parties will have an opportunity to request an administrative review, its entries should not be liquidated at this time. Once the opportunity to request an administrative review for the period January 1, 2019, through December 31, 2019, has passed, Commerce will assess duties on these entries consistent with either 19 CFR 351.212(b) (assessment as the result of a

review) or 351.212(c) (automatic assessment if no review is requested). Commerce has deactivated the liquidation instructions issued to CBP's Automated Commercial Environment and intends to issue an informational message stating that these entries must remain suspended until further notice.

This notice is issued and published in accordance with sections 751 and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.214(f)(3).

Dated: November 6, 2019.

James Maeder,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Description of Certified Conduct

A summary of the conduct covered by the Export Trade Certificate of Review follows.

Export Trade Activities and Methods of Operation

1. Establishment of Pecan Export Trade Council and Designation of Independent Third Party

a. NPSA will establish a specially-funded Pecan Export Trade Council ("PETC"), which will operate under the umbrella of NPSA. NPSA will contract with an Independent Third Party to manage and administer PETC. The Independent Third Party will not disclose information obtained from PETC or from a Member to another Member, an entity that is not a Member, and/or NPSA, except as described below and as limited by the Terms and Conditions in the Certificate of Review.

b. PETC will provide Export Trade Facilitation Services, including to the Members. PETC's charter members, and those certified to engage in Export Trade Activities, are the Members listed in Attachment A. An amendment to this Certificate is required to add members to PETC. PETC membership will be open to entities that are not NPSA members, but shall be limited to: (1) Exporting U.S. shellers (*i.e.*, entities with a commercial pecan shelling plant); (2) exporting U.S. pecan growers; and (3) exporting U.S. handlers of pecans. NPSA and PETC, once it is established, will not export Products, except as described below and as limited by the Terms and Conditions in the Certificate of Review.

2. Activities That Are Not Transaction-Specific

NPSA, acting through PETC, and including by use of Export Intermediaries, may:

3. Transaction-Specific Activities

a. For a given transaction or prospective transaction, any or all of the Members may join to bid for the sale of, and to sell, Products to the Export Markets, provided that each Member shall determine, independently of other Members, the quantity of Products the Member will make available for export. No Member shall be required to export any minimum quantity of Products.

b. For a given transaction or prospective transaction, and where individual Member commitments are required, for the purposes of allocating export quantities or determining price, the amount to be committed to the sale will be determined in the following manner:

i. The participating Member(s) will, without prior consultation, provide to the Independent Third Party the quantity of Products that it commits to the transaction and the price that it seeks.

ii. The Independent Third Party will independently incorporate such information into the joint sales or bid agreement. For the purposes of this provision, and to maintain the confidentiality of the data, “independently” means that the Independent Third Party will not disclose the information obtained from a Member to another Member, to an entity that is not a Member and/or to PETC, except as aggregated and will disclose the aggregated information only to the Members involved in the transaction. Information from individual Members shall not be disclosed by the Independent Third Party to the buyer.

4. Activities Involving Entities That Are Not Members

requisite Products at a price competitive under the circumstances. In no event shall a supplier that is not a Member be included in any deliberations concerning any Export Trade Activities.
