### II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a proposed collection of information to OMB for review entitled, "NRC CUI Program Challenge Request." The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on April 17, 2020, 85 FR 21475.

1. *The title of the information collection*: NRC CUI Program Challenge Request.

2. *OMB approval number*: 3150-XXXX.

3. *Type of submission*: New.

4. *The form number if applicable*: N/A.

5. *How often the collection is required or requested*: On occasion.

6. *Who will be required or asked to respond*: Authorized holders, including any individual or organization who has been provided with CUI and has a lawful government purpose to possess CUI.

7. *The estimated number of annual responses*: 12.

8. *The estimated number of annual respondents*: 12.

9. *An estimate of the total number of hours needed annually to comply with the information collection requirement or request*: 18.

10. *Abstract*: The NRC CUI Program Challenge Request Process, also referred to as the "CUI Challenge Request Process" in this document, provides the process used for NRC CUI authorized holders to challenge the designation of information that has been marked as CUI as improperly or incorrectly designated. "Authorized holder" includes any individual or organization who has been provided with CUI and has a lawful government purpose to possess the information. Any authorized holder who believes that the designation of specific information as CUI is improper or incorrect, or who believes

they have received unmarked CUI, may use this process to formally notify the NRC CUI Senior Agency Official (SAO). The process also allows for the NRC CUI SAO and CUI Program Manager to process such requests and to issue a Final Decision from the CUI SAO.

11. The CUI Challenge Request Process is not intended to be used to address all disagreements regarding the proper designation of CUI. Authorized holders are encouraged to seek or utilize less formal means when resolving internal good faith disputes over the proper designation of information as CUI, such as discussion with the creator or designator of the information in dispute. Where resolution cannot be achieved through less formal means, the CUI challenge request process is available.

The CUI Challenge Request Process does not supersede any obligations under law or NRC policy to report information spills.
