I. Introduction

On June 11, 2020, the Postal Service filed a notice with the Commission pursuant to 39 CFR 3035.105 and Order No. 546,¹ giving notice that it has entered into an Inbound Competitive Multi-Service Agreement with a Foreign Postal Operators (FPOs). The Notice concerns the inbound portions of the competitive product agreement PRIME United States Postal Service Tracked Service Agreement, referred to as the “PRIME Agreement.” Notice at 1. The Postal Service seeks to include the PRIME Agreement within the Inbound Competitive Multi-Service Agreement with Foreign Postal Operators 1 (MC2010–34) product. *Id.*

The Postal Service asserts that the PRIME Agreement “is functionally equivalent to the baseline agreement filed in Docket No. MC2010–34 because the terms of this agreement are similar in scope and purpose to the terms of the CP2010–95 Agreement.” *Id.* at 3. Concurrent with the Notice, the Postal Service filed supporting financial documentation and the following documents:

- Attachment 1—an application for non-public treatment;
- Attachment 2—the PRIME Agreement;
- Attachment 3—Governors’ Decision No. 19–1;
- Attachment 4—a certified statement required by 39 CFR 3035.105(c)(2). *Id.* at 4–5.

The Postal Service states it intends for the PRIME Agreement to take effect on July 1, 2020. *Id.* at 1, 5. The Postal Service presents rates related to inbound competitive portions of the PRIME Agreement and not the rates paid by the Postal Service to each FPO for outbound competitive delivery. *Id.* at 5.

The Postal Service states that the PRIME Agreement is in compliance with 39 U.S.C. 3633 and is functionally equivalent to the inbound competitive portions of the CP2010–95 agreement, which was included in the Inbound Competitive Multi-Service Agreements with Foreign Postal Operators 1 (MC2010–34) product. *Id.* at 9. For these reasons, the Postal Service states that the PRIME Agreement should be added to the Inbound Competitive Multi-Service Agreements with Foreign Postal Operators 1 (MC2010–34) product. *Id.*

II. Commission Action

The Commission establishes Docket No. CP2020–169 to consider the Notice. Interested persons may submit comments on whether the PRIME Agreement is consistent with 39 U.S.C. 3633 and 39 CFR 3035.105 and whether it is functionally equivalent to the inbound competitive portions of the Docket No. CP2010–95 agreement, which was included in the Inbound Competitive Multi-Service Agreements with Foreign Postal Operators 1 (MC2010–34) product. Comments are due by June 19, 2020.

The Notice and related filings are available on the Commission’s website (<http://www.prc.gov>). The Commission encourages interested persons to review the Notice for further details.

A. Description of the Amendments to the CAT NMS Plan

Section 1.1 of the CAT NMS Plan defines the term “Firm Designated ID” to mean “a unique identifier for each trading account designated by Industry Members for purposes of providing data to the Central Repository, where each such identifier is unique among all identifiers from any given Industry Member for each business date.” As discussed in more detail below, the Participants propose to amend the requirements for Firm Designated IDs in four ways: (1) To prohibit the use of account numbers as Firm Designated IDs for trading accounts that are not proprietary accounts; (2) to require that the Firm Designated ID for a trading account be persistent over time for each Industry Member so that a single account may be tracked across time within a single Industry Member; (3) to permit the use of relationship identifiers as Firm Designated IDs in certain circumstances; and (4) to permit the use of entity identifiers as Firm Designated IDs in certain circumstances.

1. Prohibit Use of Account Numbers

The Participants believe that the use of account numbers as the Firm Designated ID could give rise to additional security risks related to CAT Data. By prohibiting the use of account numbers as Firm Designated IDs, the Participants intend to limit the potential capture of sensitive data in the CAT that could be used to effect an unauthorized transaction in an account.

The Participants propose to prohibit the use of account numbers as the Firm Designated ID solely for trading accounts that are not proprietary accounts. After discussions with the industry, the Participants believe that each Industry Member must make its own risk determination as to whether it believes it is necessary to mask the actual account number for any proprietary account of the Industry Member when reporting the Firm Designated ID to CAT.

Accordingly, the Participants propose to amend the definition of a “Firm Designated ID” in Section 1.1 to provide that Industry Members may not use account numbers as the Firm Designated ID for trading accounts that are not proprietary accounts. Specifically, the Participants propose to add the following to the definition of a Firm Designated ID: “provided, however, such identifier may not be the account number for such trading account if the
