Contact Person for Meetings: Lauren Richie, lauren.richie@hhs.gov. A notice in the **Federal Register** about last minute modifications that impact a previously announced advisory committee meeting cannot always be published quickly enough to provide timely notice. Please email Lauren Richie for the most current information about meetings.

Agenda: As outlined in the 21st Century Cures Act, the HITAC will develop and submit recommendations to the National Coordinator on the topics of interoperability, privacy and security, and patient access. In addition, the committee will also address any administrative matters and hear periodic reports from ONC. ONC intends to make background material available to the public no later than 24 hours prior to the meeting start time. If ONC is unable to post the background material on its website prior to the meeting, the material will be made publicly available at the location of the advisory committee meeting, and the background material will be posted on ONC's website after the meeting, at <http://www.healthit.gov/hitac>.

Procedure: Interested persons may present data, information, or views, orally or in writing, on issues pending before the committee. Written submissions may be made to the contact person prior to the meeting date. An oral public comment period will be scheduled at each meeting. Time allotted for each presentation will be limited to three minutes. If the number of speakers requesting to comment is greater than can be reasonably accommodated during the scheduled public comment period, ONC will take written comments after the meeting.

Persons attending ONC's HITAC meetings are advised that the agency is not responsible for providing wireless access or access to electrical outlets.

ONC welcomes the attendance of the public at its HITAC meetings. Seating is limited at the location, and ONC will make every effort to accommodate persons with physical disabilities or special needs. If you require special accommodations due to a disability, please contact Lauren Richie at least seven (7) days in advance of the meeting.

Notice of these meetings are given under the Federal Advisory Committee Act (Pub. L. 92-463, 5 U.S.C., App. 2).

Dated: June 23, 2020.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG–2020–0278]

Port Access Route Study: Northern New York Bight

AGENCY: Coast Guard, DHS.

ACTION: Notice of study and public meetings; request for comments.

SUMMARY: The Coast Guard is conducting a Port Access Route Study (PARS) to evaluate the adequacy of existing vessel routing measures and determine whether additional vessel routing measures are necessary for port approaches to New York and New Jersey and international and domestic transit areas in the First District area of responsibility. The Northern New York Bight PARS (NNYBPARS) will consider whether existing or additional routing measures are necessary to improve navigation safety due to factors such as planned or potential offshore development, current port capabilities and planned improvements, increased vessel traffic, existing and potential anchorage areas, changing vessel traffic patterns, effects of weather, or navigational difficulty. Vessel routing measures, which include traffic separation schemes, two-way routes, recommended tracks, deep-water routes, precautionary areas, and areas to be avoided, are implemented to reduce the risk of marine casualties. The recommendations of the study may subsequently be implemented through rulemakings or in accordance with international agreements.

DATES: Comments and related material must be received on or before August 28, 2020. Although the Coast Guard prefers and highly encourages all comments and related material be submitted directly to the electronic docket, two virtual public meetings will be held via webinar and teleconference to provide an opportunity for oral comments about the NNYBPARS on Thursday, July 30, 2020, beginning at 9 a.m. EST, and on Tuesday, August 11, 2020, beginning at 6 p.m. EST. All comments and related material submitted must be received by the Coast Guard on or before August 28, 2020.
