Marine Mammals; File No. 23932; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; receipt of application; correction.

SUMMARY: On July 20, 2020, a notice was published in the **Federal Register** announcing that NMFS had received an application for a permit (File No. 23932) from the New York Genome Center, 101 Avenue of the Americas, New York City, NY 10013 [Responsible Party: Catherine Reeves]. That document contained an error regarding the number of individual humpback whales (*Megaptera novaeangliae*) from which samples were requested for import annually. This document corrects this error. All other information is unchanged.

FOR FURTHER INFORMATION CONTACT: Jennifer Skidmore or Carrie Hubbard, (301) 427–8401.

SUPPLEMENTARY INFORMATION: The notice of receipt for a permit (85 FR 43818; July 20, 2020) contained an error in that it incorrectly noted that the applicant proposed to import biological samples from up to six individual humpback whales (East Australia distinct population segment) annually. In fact, the applicant has requested to import unlimited biological samples from a maximum of 10 individual humpback whales (East Australia distinct population segment) annually.

All other information contained in the document is unchanged.

Correction

In the **Federal Register** of July 20, 2020, in FR Doc. 2020–15565, on page 43818, in the second column, in the second paragraph under the **SUPPLEMENTARY INFORMATION** heading, the first sentence is corrected to read as follows:

The applicant has requested to import unlimited biological samples from a maximum of 10 individual humpback whales (East Australia distinct population segment) annually.

Dated: July 29, 2020.

Julia Marie Harrison,

Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.

Fisheries of the Gulf of Mexico; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 70 Assessment Webinar III for Gulf of Mexico greater amberjack.

SUMMARY: The SEDAR 70 stock assessment process for Gulf of Mexico greater amberjack will consist of a series of data and assessment webinars. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 70 Assessment Webinar III will be held Thursday, August 20, 2020, from 1 p.m. to 3 p.m., Eastern Time.

ADDRESSES: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571–4366; email: Julie.neer@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-

step process including: (1) Data Workshop, (2) a series of assessment webinars, and (3) A Review Workshop. The product of the Data Workshop is a report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The assessment webinars produce a report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The product of the Review Workshop is an Assessment Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGO's; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion during the Assessment Webinar are as follows:

1. Using datasets and initial assessment analysis recommended from the data webinars, panelists will employ assessment models to evaluate stock status, estimate population benchmarks and management criteria, and project future conditions.

2. Participants will recommend the most appropriate methods and configurations for determining stock status and estimating population parameters.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

New England Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a public meeting of its Habitat Joint Committee and Advisory Panel via webinar to consider actions affecting New England fisheries in the exclusive economic zone (EEZ). Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: This meeting will be held on Thursday, August 20, 2020 at 9 a.m.

ADDRESSES: All meeting participants and interested parties can register to join the webinar at <https://attendee.gotowebinar.com/register/55113428730454027>.

Council address: New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465–0492.

SUPPLEMENTARY INFORMATION:

Agenda

The Joint Committee and Advisory Panel plan to discuss habitat-related aspects of regional offshore wind development, including essential fish habitat consultations, habitat mapping recommendations, and benthic survey guidance, including mechanisms for Council involvement. Updates on science planning, upcoming meetings, and specific projects. They will also receive an overview of aquaculture and submarine cable activities in New England, including environmental effects and best management practices

for mitigating these effects. Identify next steps for drafting Council policies on these issues. Discuss plans for updated offshore wind policy. The Committee and Advisory Panel will recommend actions to “reduce burdens on domestic fishing and to increase production within sustainable fisheries,” as requested in the Executive Order on Promoting Seafood Competitiveness and Economic Growth. They also plan to discuss and recommend habitat-related work priorities for 2021. Other business may be discussed as necessary.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council’s intent to take final action to address the emergency.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at (978) 465–0492, at least 5 days prior to the date. This meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 30, 2020.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Mid-Atlantic Fishery Management Council (MAFMC); Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The MAFMC’s Spiny Dogfish Advisory Panel (AP) will meet to develop a Fishery Performance Report and/or other recommendations for spiny dogfish specifications.

DATES: The meeting will be held Wednesday, August 19, 2020, from 3 p.m. to 5 p.m.

ADDRESSES: The meeting will be held via webinar. The webinar link is: <http://mafmc.adobeconnect.com/dogfishap2020/>.

Council address: Mid-Atlantic Fishery Management Council, 800 N. State St., Suite 201, Dover, DE 19901; telephone: (302) 674–2331.

FOR FURTHER INFORMATION CONTACT:

Christopher M. Moore, Ph.D. Executive Director, MAFMC; telephone: (302) 526–5255. The MAFMC’s website, www.mafmc.org also has details on the proposed agenda, webinar access, and briefing materials.

SUPPLEMENTARY INFORMATION: The purpose of the meeting is to create a Fishery Performance Report by the MAFMC’s Spiny Dogfish Advisory Panel. The report facilitates structured input from the Advisory Panel members into the specifications development process.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to M. Jan Saunders, (302) 526–5251, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 30, 2020.
