• Suggest methods to enhance the quality, utility, and clarity of the information to be collected; and

• Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

Background documents related to this information collection request are available at *https://regulations.gov* and in DOL–MSHA located at 201 12th Street South, Suite 4E401, Arlington, VA 22202–5452. Questions about the information collection requirements may be directed to the person listed in the **FOR FURTHER INFORMATION** section of this notice from the previous collection of information.

III. Current Actions

This information collection request concerns provisions for Radiation Sampling and Exposure Records. MSHA has updated the data with respect to the number of respondents, responses, burden hours, and burden costs supporting this information collection request from the previous information collection request.

Type of Review: Extension, without change, of a currently approved collection.

Agency: Mine Safety and Health Administration.

OMB Number: 1219–0003.

Affected Public: Business or other for-profit.

Number of Respondents: 4.

Frequency: On occasion.

Number of Responses: 404.

Annual Burden Hours: 402 hours.

Annual Respondent or Recordkeeper Cost: $20.

MSHA Form: MSHA Form 4000–9, Record of Individual Exposure to Radon Daughters.

Comments submitted in response to this notice will be summarized in the request for Office of Management and Budget approval of the proposed information collection request; they will become a matter of public record and will be available at *https://www.reginfo.gov*.

Sheila McConnell,

Certifying Officer.

OFFICE OF MANAGEMENT AND BUDGET

Request for Comments on Updated Guidance for Completing the Transition to the Next Generation Internet Protocol, Internet Protocol Version 6 (IPv6)

AGENCY: Office of Management and Budget.

ACTION: Notice of public comment period.

SUMMARY: The Office of Management and Budget (OMB) is seeking public comment on a draft memorandum titled, *Completing the Transition to Internet Protocol Version 6.*

DATES: The public comment period on the draft memorandum begins on the day it is published in the **Federal Register** and ends 30 days after date of publication in the **Federal Register**. The draft memorandum is available at: *https://www.cio.gov/assets/resources/internet-protocol-version6-draft.pdf.*

ADDRESSES: Interested parties should provide comments via electronic mail to the following inbox: *OFCIO@omb.eop.gov.* The Office of Management and Budget is located at 725 17th Street NW, Washington, DC 20503. No physical copies will be accepted.

FOR FURTHER INFORMATION CONTACT: Carol Bales, OMB, at 202.395.9915 or *cbales@omb.eop.gov.*

SUPPLEMENTARY INFORMATION: The Office of Management and Budget (OMB) is proposing updated guidance to Federal agencies on completing the transition to Internet Protocol Version 6 (IPv6). In August 2005, OMB issued M–05–22, *Transition Planning for Internet Protocol Version 6 (IPv6),* requiring agencies to enable IPv6 on their backbone networks by June 30, 2008. This policy outlined deployment and acquisition requirements. In September 2010, OMB issued a memo titled ''*Transition to IPv6*'', requiring Federal agencies to operationally deploy native IPv6 for public internet servers and internal applications that communicate with public servers. The intent of the newly proposed policy articulated in the draft memorandum is to communicate the requirements for completing the operational deployment of IPv6 across all Federal information systems and services, and help agencies overcome barriers that prevent them from migrating to IPv6-only systems.

In the last 5 years, IPv6 momentum in industry has dramatically increased, with large IPv6 commercial deployments in many business sectors now driven by reducing cost, decreasing complexity, improving security and eliminating barriers to innovation in networked information systems. Mobile networks, data centers and leading-edge enterprise networks, for example, have been evolving to IPv6-only networks. It is essential for the Federal government to expand and enhance its strategic commitment to the transition to IPv6 in order to keep pace with and capitalize on industry trends. The draft memorandum was prepared by the Office of Management and Budget, in collaboration with the Federal Chief Information Officers Council and Federal Chief Information Security Officers Council, and supports the Administration's goals for modernizing Federal Information Technology.

Privacy/FOIA Notice: Comments submitted in response to this notice may be publically available and are subject to disclosure under the Freedom of Information Act. For this reason, please do not include in your comments information of a confidential nature, such sensitive personal information or proprietary information, or any other information that you would not want publically disclosed.

Suzette Kent,

Federal Chief Information Officer, Office of the Federal Chief Information Officer, Office of Management Budget.

BILLING CODE 3110–05–P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (20–025)]

Term and Condition Notification of Harassment Form

AGENCY: National Aeronautics and Space Administration (NASA).

ACTION: Notice of information collection.

SUMMARY: The National Aeronautics and Space Administration, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections.

DATES: Comments are due by May 5, 2020.

ADDRESSES: All comments should be addressed to Claire Little, National Aeronautics and Space Administration, 300 E Street SW, Washington, DC 20546–0001 or call 202–358–2375.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection

instrument(s) and instructions should be directed to Claire Little, NASA Clearance Officer, NASA Headquarters, 300 E Street SW, JF0000, Washington, DC 20546 or email *claire.a.little@nasa.gov.*

SUPPLEMENTARY INFORMATION:

I. Abstract

This collection of information supports NASA's term and condition regarding sexual harassment, other forms of harassment, and sexual assault. This term and condition requires recipient organizations to report to NASA any findings/determinations of sexual harassment, other forms of harassment, or sexual assault regarding a NASA funded Principle Investigator (PI) or Co-Investigator (Co-I). The new term and condition will also require the recipient to report to NASA if the PI or Co-I is placed on administrative leave or if the recipient has imposed any administrative action on the PI or Co-I, or any determination or an investigation of an alleged violation of the recipient's policies or codes of conduct, statutes, regulations, or executive orders relating to sexual harassment, other forms of harassment, or sexual assault.

In reviewing harassment notifications pursuant to the term and condition, it will be necessary for the Agency to have complete information provided in a consistent manner. The information provided will be used by the Agency to assess the matters reported and to consult with the Authorized Organizational Representative (AOR), or designee of the reporting institution. Based on the results of this review and consultation, NASA may, if necessary, assert its programmatic stewardship responsibilities and oversight authority to initiate the substitution or removal of the PI or any co-PI, reduce the award funding amount, or where neither of those previous options is available or adequate, to suspend or terminate the award.

II. Methods of Collection

Electronic.

III. Data

Title: NASA Term and Condition Notification of Harassment Form.

OMB Number:

Type of review: New.

Affected Public: NASA grant recipient institution reporting officials.

Estimated Annual Number of Activities: 20.

Estimated Number of Respondents per Activity: 1.

Annual Responses: 20.

Estimated Time per Response: 1 hour.

Estimated Total Annual Burden Hours: 20.

Estimated Total Annual Cost: $2,000.

IV. Request for Comments

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of NASA, including whether the information collected has practical utility; (2) the accuracy of NASA's estimate of the burden (including hours and cost) of the proposed collection of information; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including automated collection techniques or the use of other forms of information technology.

Comments submitted in response to this notice will be summarized and included in the request for OMB approval of this information collection. They will also become a matter of public record.

Lori Parker,

NASA PRA Clearance Officer.

BILLING CODE 7510–13–P

NUCLEAR REGULATORY COMMISSION

[Docket No. 72–11; NRC–2019–0148]

Rancho Seco Independent Spent Fuel Storage Installation

AGENCY: Nuclear Regulatory Commission.

ACTION: Environmental assessment and finding of no significant impact; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is considering the renewal of Special Nuclear Materials (SNM) License SNM–2510 for the Rancho Seco Nuclear Plant Independent Spent Fuel Storage Installation (ISFSI) (Rancho Seco ISFSI) located in Sacramento County, California. The NRC has prepared an environmental assessment (EA) for this proposed license renewal in accordance with its regulations. Based on the EA, the NRC has concluded that a finding of no significant impact (FONSI) is appropriate. The NRC also is conducting a safety evaluation of the proposed license renewal.

DATES: The EA and FONSI referenced in this document are available on March 6, 2020.

ADDRESSES: Please refer to Docket ID NRC–2019–0148 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to *https://www.regulations.gov/* and search for Docket ID NRC–2019–0148. Address questions about NRC docket IDs to Jennifer Borges; telephone: 301–287–9127 email: *Jennifer.Borges@nrc.gov.* For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.
- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly-available documents online in the ADAMS Public Documents collection at *https://www.nrc.gov/reading-rm/adams.html.* To begin the search, select ''Begin Web-based ADAMS Search.'' For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1–800–397–4209, 301–415–4737, or by email to *pdr.resource@nrc.gov.* The ADAMS accession number for each document referenced in this document (if that document is available in ADAMS) is provided the first time that a document is referenced.
- *NRC's PDR:* You may examine and purchase copies of public documents at the NRC's PDR, Room O1–F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

FOR FURTHER INFORMATION CONTACT: Jean Trefethen, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–0867, email: *Jean.Trefethen@nrc.gov.*

SUPPLEMENTARY INFORMATION:

I. Introduction

The NRC is considering a license renewal request for SNM–2510 for the Rancho Seco specifically-licensed ISFSI located in Sacramento County, California (ADAMS Accession No. ML18221A281). The licensee, Sacramento Municipal Utility District (SMUD), is requesting to renew license SNM–2510 for the Rancho Seco ISFSI for an additional 40-year period. The current license will expire on June 30, 2020. If approved, SMUD would be able to continue to possess and store spent nuclear fuel at the Rancho Seco ISFSI in accordance with the requirements in part 72 of title 10 of the *Code of Federal Regulations* (10 CFR), ''Licensing Requirements for the Independent Storage of Spent Nuclear Fuel, High-Level Radioactive Waste, and Reactor-Related Greater than Class C Waste.''

The NRC staff has prepared a final EA as part of its review of this license
