**SUPPLEMENTARY INFORMATION:** Pursuant to the provisions of the Privacy Act of 1974, as amended, the Department of the Interior, Bureau of Reclamation (Reclamation) is rescinding the following systems of records notices from its inventory:

- INTERIOR/WBR-15, Land Settlement Entries;
- INTERIOR/WBR-17, Lands—Leases, Sales, Rentals, and Transfers;
- INTERIOR/WBR-19, Mineral Location Entries;
- INTERIOR/WBR-22, Oil and Gas Applications;

- INTERIOR/WBR-32, Special Use Applications, Licenses, and Permits;

During a review of these notices, Reclamation determined that these nine systems contained duplicative content and were managed by one System Manager in the land and realty program. In an effort to streamline land and realty program functions, improve consistency, eliminate duplicative content, and promote transparency, Reclamation modified the INTERIOR/WBR-14, Land Exchange system to incorporate these nine systems of records and published a revised notice, INTERIOR/Reclamation-14, Land and Realty Program, in the **Federal Register** at 84 FR 51614 (September 30, 2019). The modified system will help Reclamation manage the land and realty program and maintain an inventory of all land, facilities, and waterbodies under Reclamation's jurisdiction. Rescinding the nine systems of records notices will have no adverse impacts on individuals as these records are covered under the INTERIOR/Reclamation-14, Land and Realty Program, system of records notice. **SUPPLEMENTARY INFORMATION:**

*Scope.*—For purposes of these investigations, Commerce has defined the subject merchandise as "Certain wind towers, whether or not tapered, and sections thereof. Certain wind towers support the nacelle and rotor blades in a wind turbine with a minimum rated electrical power generation capacity in excess of 100 kilowatts and with a minimum height of 50 meters measured from the base of the tower to the bottom of the nacelle (*i.e.*, where the top of the tower and the nacelle are joined) when fully assembled.

A wind tower section consists of, at minimum, multiple steel plates rolled into cylindrical or conical shapes and welded together (or otherwise attached) to form a steel shell, regardless of coating, end-finish, painting, treatment, or method of manufacture, and with or without flanges, doors, or internal or external components (*e.g.*, flooring/decking, ladders, lifts, electrical buss boxes, electrical cabling, conduit, cable harness for nacelle generator, interior lighting, tool and storage lockers) attached to the wind tower section. Several wind tower sections are normally required to form a completed wind tower."

*Background.*—The final phase of these investigations is being scheduled pursuant to sections 705(b) and 731(b) of the Tariff Act of 1930 (19 U.S.C.

1671d(b) and 1673d(b)), as a result of affirmative preliminary determinations by Commerce that certain benefits which constitute subsidies within the meaning of section 703 of the Act (19 U.S.C. 1671b) are being provided to manufacturers, producers, or exporters in Canada, Indonesia, Korea, and Vietnam of utility scale wind towers, and that such products are being sold in the United States at less than fair value within the meaning of section 733 of the Act (19 U.S.C. 1673b). The investigations were requested in petitions filed on July 9, 2019, by the Wind Tower Trade Coalition (Arcosa Wind Towers (Dallas, Texas) and Broadwind Towers, Inc. (Manitowoc, Wisconsin)).

For further information concerning the conduct of this phase of the investigations, hearing procedures, and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

A party that filed a notice of appearance during the preliminary phase of the investigations need not file an additional notice of appearance during this final phase. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

*Limited disclosure of business proprietary information (BPI) under an administrative protective order (APO) and BPI service list.*—Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI gathered in the final phase of these investigations available to authorized applicants under the APO issued in the investigations, provided that the application is made no later than 21 days prior to the hearing date specified in this notice. Authorized applicants must represent interested parties, as defined by 19 U.S.C. 1677(9), who are parties to the investigations. A party granted access to BPI in the preliminary phase of the investigations need not reapply for such access. A separate service list will be maintained by the

Secretary for those parties authorized to receive BPI under the APO.

*Staff report.*—The prehearing staff report in the final phase of these investigations will be placed in the nonpublic record on June 10, 2020, and a public version will be issued thereafter, pursuant to section 207.22 of the Commission's rules.

*Hearing.*—The Commission will hold a hearing in connection with the final phase of these investigations beginning at 9:30 a.m. on Thursday, June 25, 2020, at the U.S. International Trade Commission Building. Requests to appear at the hearing should be filed in writing with the Secretary to the Commission on or before June 18, 2020. Parties may submit final comments on this information on or before July 27, 2020, but such final comments must not contain new factual information and must otherwise comply with section 207.30 of the Commission's

rules. All written submissions must conform with the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed.
